DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF: [REDACTED],  
Claimant

Reg. No: 2008-7041  
Issue No: 2009/4031  
Case No: [REDACTED]  
Load No: [REDACTED]  
Hearing Date:  
March 4, 2008  
Macomb County DHS

ADMINISTRATIVE LAW JUDGE: Jay W. Sexton

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9; and MCL 400.37 upon claimant's request for a hearing. After due notice, a three-way telephone hearing was held in Warren on March 4, 2008. Claimant personally appeared and testified under oath. Claimant was represented at the hearing by [REDACTED]. The department was represented by Larry Christ (FIM).

Claimant requested additional time to submit new medical evidence. Claimant's medical evidence was sent to the State Hearing Review Team (SHRT) on March 24, 2009. Claimant waived the timeliness requirement so that his new medical evidence could be reviewed by SHRT. On August 31, 2009, SHRT approved MA-P/SDA.

ISSUES

(1) Did claimant establish a severe mental impairment expected to preclude him from substantial gainful work, **continuously**, for one year (MA-P) or 90 days (SDA)?

(2) Did claimant establish a severe physical impairment expected to preclude him from substantial gainful work, **continuously**, for one year (MA-P) or 90 days (SDA)?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

(1) Claimant is an MA-P/retro/SDA applicant (September 8, 2006) who was denied by SHRT (February 1, 2008) due to claimant's ability to perform a wide range of unskilled light work. SHRT relied on Med-Voc Rule 202.17 as a guide. Claimant requests retro MA for June, July and August, 2006.

(2) Claimant's vocational factors are: Age 25; education -- ninth-grade; post high-school education -- GED and on-the-job training as a plumber for four years; work experience -- plumber's assistant, roofer and glass-block installer.

(3) Claimant has not performed substantial gainful activity (SGA) since he was a plumber's assistant in August, 2006.

(4) Claimant has the following unable-to-work complaints:

- (a) Cervical fracture (8/06);
- (b) Orthopedic surgeon recommends surgery at C1 and C2;
- (c) Chronic pain; and
- (d) Status post surgical disc fusion.

- (5) SHRT evaluated claimant's medical evidence as follows:

**OBJECTIVE MEDICAL EVIDENCE (February 1, 2008)**

In 8/2006, while diving in shallow water, claimant sustained a cervical fracture and underwent a cervical disc fusion, with no evidence of paralysis or neurological dysfunction. In 5/2007, he was doing well postoperatively with no neurological deficits, but did have neck/shoulder pain. According to an 8/2007 consultative exam, he was 69" tall and weighed 169 pounds, with limited range of motion of the neck and diminished grip bilaterally.

ANALYSIS: The objective medical evidence presented does not establish a disability at the listing or equivalence level. The collective medical evidence shows that claimant is capable of performing a wide range of light work.

- (6) On August 31, 2009, SHRT approved claimant for MA-P/SDA.

**CONCLUSIONS OF LAW**

**LEGAL BASE**

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (formerly known as the Family Independence Agency) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (formerly known as the Family Independence Agency) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program

Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Pursuant to federal rule 42 CFR 435.540, the Family Independence Agency uses the federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the Medical Assistance program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience is reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

If an individual is working and the work is substantial gainful activity, the individual is not disabled regardless of the medical condition, education and work experience. 20 CFR 416.920(c).

If the impairment or combination of impairments do not significantly limit physical or mental ability to do basic work activities, it is not a severe impairment(s) and disability does not exist. Age, education and work experience will not be considered. 20 CFR 416.920.

Statements about pain or other symptoms do not alone establish disability. There must be medical signs and laboratory findings which demonstrate a medical impairment.... 20 CFR 416.929(a).

...Medical reports should include –

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as blood pressure, X-rays);
- (4) Diagnosis (statement of disease or injury based on its signs and symptoms)... 20 CFR 416.913(b).

In determining disability under the law, the ability to work is measured. An individual's functional capacity for doing basic work activities is evaluated. If an individual has the ability to perform basic work activities without significant limitations, he or she is not considered disabled. 20 CFR 416.994(b)(1)(iv).

Basic work activities are the abilities and aptitudes necessary to do most jobs.

Examples of these include --

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

Medical findings must allow a determination of (1) the nature and limiting effects of your impairment(s) for any period in question; (2) the probable duration of the impairment; and (3) the residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including your symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions.

20 CFR 416.927(a)(2).

All of the evidence relevant to the claim, including medical opinions, is reviewed and findings are made. 20 CFR 416.927(c).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability.... 20 CFR 416.927(e).

A statement by a medical source finding that an individual is "disabled" or "unable to work" does not mean that disability exists for the purposes of the program. 20 CFR 416.927(e).

When determining disability, the federal regulations require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).

4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

**Claimant has the burden of proof** to show by a preponderance of the medical evidence in the record that his mental/physical impairments meet the department's definition of disability for MA-P/SDA purposes. PEM 260/261. "Disability" as defined by MA-P/SDA standards is a legal term which is individually determined by a consideration of all factors in each particular case.

Since SHRT has decided that claimant is disabled for MA-P/SDA purposes, the ALJ does not need to rule on the issue of disability.

#### DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that claimant does meet the MA-P/SDA disability requirements under PEM 260/261. Based on the August 31, 2009 approval, claimant is totally unable to perform any substantial gainful activity, at this time. Therefore, claimant meets the disability requirements for MA-P/SDA.

The department will provide claimant a new physical exam and review claimant's disability status in October 2010.
