ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF: [REDACTED],
Claimant

Reg. No: 2008-12563
Issue No: 2009; 4031
Case No: [REDACTED]
Load No: [REDACTED]
Hearing Date:
May 14, 2008
Wayne County DHS

ADMINISTRATIVE LAW JUDGE: Jay W. Sexton

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a telephone hearing was held in Inkster on May 14, 2008. Claimant personally appeared and testified under oath.

The department was represented by Benita Warren (Medical Contact Worker).

The Administrative Law Judge appeared by telephone from Lansing.

Claimant requested additional time to submit new medical evidence. Claimant waived the timeliness requirement so that her new medical evidence could be reviewed by SHRT. In August 2008, SSA approved claimant for RSDI/SSI with an onset date of July 17, 2007.

ISSUES

(1) Did claimant establish a severe mental impairment expected to preclude her from substantial gainful work, **continuously**, for one year (MA-P) or 90 days (SDA)?

(2) Did claimant establish a severe physical impairment expected to preclude her from substantial gainful work, **continuously**, for one year (MA-P) or 90 days (SDA)?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

(1) Claimant is an MA-P/SDA applicant (June 28, 2007) who was denied by SHRT (April 15, 2008) based on claimant's ability to do medium, unskilled work. SHRT relied on Med-Voc Rule 203.07 as a guide.

(2) Claimant's vocational factors are: age—56; education—high school diploma; post-high school education—currently attending [REDACTED], where she is studying to be a billing clerk; work experience—a direct care worker for a long-term care facility, and a daycare provider.

(3) Claimant has not performed Substantial Gainful Activity (SGA) since she worked as a daycare provider in 2005.

(4) Claimant has the following unable-to-work complaints:

- (a) Back trouble;
- (b) Hip trouble;
- (c) Depressive disorder;
- (d) Takes psychotropic medications;
- (e) Sees a psychiatrist on a regular basis;
- (f) Sees a therapist on a regular basis.

(5) SHRT evaluated claimant's medical evidence as follows:

OBJECTIVE MEDICAL EVIDENCE (APRIL 15, 2008):

Claimant had a x-ray of the lumbar spine in 10/2007, which was normal and a x-ray of the left hip, which indicated degenerative finding involving the hip joint. Medical Examination Report 7/2007 indicated claimant had pain in the thighs, legs and abdomen. Clinical evaluation, dated 9/2007, noted claimant to have muscle spasms in the lumbar spine during standing. Exam of the left hip revealed tenderness posteriorly. Gait evaluation is non contributory. Sensory exam and coordination was intact. Psychiatric evaluation, dated 10/2007 revealed mental status was

within normal limits. Psychiatric diagnosis showed dysthymic disorder; rule-out major depressive disorder; panic disorder.

ANALYSIS:

Claimant has low back pain without any significant neurological abnormalities and walked with a normal gait. Claimant alleges being disabled due to depression; however, the medical evidence indicates claimant's mental status examination was unremarkable. There was no evidence of significant mental limitations that would preclude unskilled work.

CONCLUSIONS OF LAW

LEGAL BASE

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Pursuant to Federal Rule 42 CFR 435.540, the Department of Human Services uses the federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the Medical Assistance program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience is reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

If an individual is working and the work is substantial gainful activity, the individual is not disabled regardless of the medical condition, education and work experience. 20 CFR 416.920(c).

If the impairment or combination of impairments do not significantly limit physical or mental ability to do basic work activities, it is not a severe impairment(s) and disability does not exist. Age, education and work experience will not be considered. 20 CFR 416.920.

Statements about pain or other symptoms do not alone establish disability. There must be medical signs and laboratory findings which demonstrate a medical impairment.... 20 CFR 416.929(a).

...Medical reports should include –

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as blood pressure, X-rays);
- (4) Diagnosis (statement of disease or injury based on its signs and symptoms).... 20 CFR 416.913(b).

In determining disability under the law, the ability to work is measured. An individual's functional capacity for doing basic work activities is evaluated. If an individual has the ability to perform basic work activities without significant limitations, he or she is not considered disabled. 20 CFR 416.994(b)(1)(iv).

Basic work activities are the abilities and aptitudes necessary to do most jobs. Examples of these include --

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

Medical findings must allow a determination of (1) the nature and limiting effects of your impairment(s) for any period in question; (2) the probable duration of the impairment; and (3) the residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including your symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

All of the evidence relevant to the claim, including medical opinions, is reviewed and findings are made. 20 CFR 416.927(c).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability.... 20 CFR 416.927(e).

A statement by a medical source finding that an individual is "disabled" or "unable to work" does not mean that disability exists for the purposes of the program. 20 CFR 416.927(e).

When determining disability, the federal regulations require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

In August 2008, SSA approved claimant for RSDI/SSI. The disability onset date is July 17, 2007.

Therefore, it is not necessary for the ALJ to rule on the issue of disability at this time.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides the claimant does meet the MA-P/SDA disability requirements under PEM 260/261. Claimant is disabled for MA-P/SDA purposes based on the August 2008 SSA approval.

Accordingly, the department's denial of claimant's MA-P/SDA application is, hereby, REVERSED.

The department shall open claimant's MA-P case, effective June 2007.

SO ORDERED.

NOTICE: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. Administrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt date of the rehearing decision.
