Reg. No: 2008-18535
Issue No: 2009
Case No: [REDACTED]
Load No: [REDACTED]
Hearing Date:
June 19, 2008
St Clair County DHS

ADMINISTRATIVE LAW JUDGE: Jay W. Sexton

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, an in-person hearing was held in Port Huron on June 19, 2008. Claimant personally appeared and testified under oath.

Claimant was represented at the hearing by [REDACTED]

[REDACTED].

The department was represented by Jan Cates (FIM).

Claimant requested additional time to submit new medical evidence as requested by SHRT. Claimant's medical evidence was sent to the State Hearing Review Team (SHRT) on June 20, 2009. Claimant waived the timeliness requirement so his new medical evidence could be reviewed by SHRT. After SHRT's second disability determination, the Administrative Law Judge issued the decision below.

ISSUE

(1) Did claimant establish a severe mental impairment expected to preclude him from substantial gainful work, **continuously**, for one year (MA-P)?

(2) Did claimant establish a severe physical impairment expected to preclude him from substantial gainful work, **continuously**, for one year (MA-P)?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

(1) Claimant is an MA-P/Retro applicant (September 11, 2007) who was denied by SHRT (September 27, 2008) due to insufficient evidence. Claimant requests Retro-MA for August 2007.

(2) Claimant's vocational factors are: age—64; education—high school diploma, post-high school education—attended junior college ([REDACTED] major), attended [REDACTED] [REDACTED] major). Claimant is a journeyman assistant pressman; work experience—customer service representative for a printing company, supervisor and printing press operator, assistant pressman.

(3) Claimant has not performed Substantial Gainful Activity (SGA) since May 2005 when he was a customer service representative for a printing company.

(4) Claimant has the following unable-to-work complaints:

- (a) Unsteady on his feet;
- (b) Has difficulty getting out of his chair;
- (c) Has difficulty climbing steps;
- (d) Knee/hip/breathing pains;
- (e) Limited ability to walk;
- (f) Uses cane to walk;
- (g) Short term memory dysfunction;
- (h) Blurred vision;

- (i) Hearing dysfunction;
 - (j) Depression.
- (5) SHRT evaluated claimant's medical evidence as follows:

OBJECTIVE MEDICAL EVIDENCE (MAY 27, 2008)

Claimant was hospitalized in 6/2007 due to atrial fibrillation with a history of Chronic Obstructive Pulmonary Disease (COPD) and diabetes. (Pages 3-6).

ANALYSIS: The evidence in the file is inadequate to make a reasonable decision. SHRT requests that claimant have a complete physical examination in order to obtain additional medical evidence about claimant's ability to perform work functions.

LEGAL BASE

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Pursuant to Federal Rule 42 CFR 435.540, the Department of Human Services uses the federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the Medical Assistance program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience is

reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

If an individual is working and the work is substantial gainful activity, the individual is not disabled regardless of the medical condition, education and work experience. 20 CFR 416.920(c).

If the impairment or combination of impairments do not significantly limit physical or mental ability to do basic work activities, it is not a severe impairment(s) and disability does not exist. Age, education and work experience will not be considered. 20 CFR 416.920.

Statements about pain or other symptoms do not alone establish disability. There must be medical signs and laboratory findings which demonstrate a medical impairment.... 20 CFR 416.929(a).

...Medical reports should include –

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as blood pressure, X-rays);
- (4) Diagnosis (statement of disease or injury based on its signs and symptoms).... 20 CFR 416.913(b).

In determining disability under the law, the ability to work is measured. An individual's functional capacity for doing basic work activities is evaluated. If an individual has the ability to perform basic work activities without significant limitations, he or she is not considered disabled. 20 CFR 416.994(b)(1)(iv).

Basic work activities are the abilities and aptitudes necessary to do most jobs. Examples of these include --

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

Medical findings must allow a determination of (1) the nature and limiting effects of your impairment(s) for any period in question; (2) the probable duration of the impairment; and (3) the residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including your symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

All of the evidence relevant to the claim, including medical opinions, is reviewed and findings are made. 20 CFR 416.927(c).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability.... 20 CFR 416.927(e).

A statement by a medical source finding that an individual is "disabled" or "unable to work" does not mean that disability exists for the purposes of the program. 20 CFR 416.927(e).

When determining disability, the federal regulations require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

On June 20, 2009, SHRT approved claimant for MA-P benefits. Therefore, it is not necessary for the Administrative Law Judge to rule on the issue of disability at this time.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that claimant meets the MA-P disability requirements under PEM 260. Claimant is disabled for MA-P purposes based on the June 20, 2009 approval by SHRT.

Accordingly, the department will review claimant's eligibility in March 2011, and will obtain a new physical examination to determine his current ability to work.

SO ORDERED.
