Case No: [REDACTED]  
Load No: [REDACTED]

ADMINISTRATIVE LAW JUDGE: Linda Steadley Schwarb

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a hearing was held on June 11, 2009. Claimant appeared and testified. Following the hearing, the record was kept open for the receipt of additional medical evidence. Additional documents were received and reviewed.

ISSUE

Did the Department of Human Services (DHS or department) properly determine that claimant is not "disabled" for purposes of the Medical Assistance (MA-P) and State Disability Assistance (SDA) programs?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

(1) On January 29, 2009 claimant filed an application for MA-P and SDA benefits. Claimant requested MA-P retroactive to October of 2008.

(2) On February 23, 2009, the department denied claimant's application for benefits based upon the belief that claimant did not meet the requisite disability criteria.

(3) On March 3, 2009, claimant filed a hearing request to protest the department's determination.

(4) Claimant, age 43, has a high school education.

(5) Claimant last worked in October of 2008 as a mail transport equipment inspector. Claimant has also performed relevant work cutting metal with a propane torch, construction work, and equipment operator. Claimant's relevant work history consist exclusively of unskilled work activities.

(6) Claimant suffers from hypertension; complete blindness in his right eye and moderate vision loss with greatly reduced peripheral vision in his left eye secondary to optic atrophy; chronic migraine headaches; and, since approximately March of 2009, a seizure disorder.

(7) Claimant has severe limitations upon his vision. Claimant's limitation is expected to last for 12 months or more.

#### CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative

Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Federal regulations require that the department use the same operative definition for “disabled” as used for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

“Disability” is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months  
... 20 CFR 416.905

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. 20 CFR 416.920(b). In this case, claimant is not working. Therefore, claimant may not be disqualified for MA at this step in the sequential evaluation process.

Secondly, in order to be considered disabled for purposes of MA, a person must have a severe impairment. 20 CFR 416.920(c). A severe impairment is an impairment which significantly limits an individual’s physical or mental ability to perform basic work activities.

Basic work activities means the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

The purpose of the second step in the sequential evaluation process is to screen out claims lacking in medical merit. *Higgs v. Bowen* 880 F2d 860, 862 (6<sup>th</sup> Cir, 1988). As a result, the department may only screen out claims at this level which are “totally groundless” solely from a medical standpoint. The *Higgs* court used the severity requirement as a “*de minimus* hurdle” in the disability determination. The *de minimus* standard is a provision of a law that allows the court to disregard trifling matters.

In this case, claimant has presented the required medical data and evidence necessary to support a finding that he has significant limitations upon his ability to perform basic work activities due to limitations in his capacity for seeing. Medical evidence has clearly established that claimant has an impairment (or combination of impairments) that has more than a minimal effect on claimant’s work activities. See Social Security Rulings 85-28, 88-13, and 82-63.

In the third step of the sequential consideration of a disability claim, the trier of fact must determine if the claimant’s impairment (or combination of impairments) is listed in Appendix 1

of Subpart P of 20 CFR, Part 404. Based upon the hearing record, the undersigned Administrative Law Judge finds that claimant's impairment meets or equals a listing. See Appendix 1 of Subpart P of 20 CFR, Part 404, Part A, Section 2.02. Claimant is completely blind in the right eye and has suffered moderate vision loss with greatly reduced peripheral vision in the left eye secondary to optic atrophy. The record supports the finding that, due to lack of funds and or insurance, claimant does not have access to appropriate diagnostic testing or treatment. It is the finding of this Administrative Law Judge that claimant meets or equals listing 2.02. Accordingly, the undersigned finds that claimant is presently disabled for purposes of the MA program.

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

A person is considered disabled for purposes of SDA if the person has a physical or mental impairment which meets federal SSI disability standards for at least 90 days. Receipt of SSI or RSDI benefits based upon disability or blindness or the receipt of MA benefits based upon disability or blindness (MA-P) automatically qualifies an individual as disabled for purposes of the SDA program. Other specific financial and non-financial eligibility criteria are found in PEM Item 261. In as much as claimant has been found to be "disabled" for purposes for MA, he must also be found "disabled" for purposes of SDA benefits.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that claimant meets the definition of medically disabled under the Medical Assistance and State Disability Assistance program as of October of 2008.

Accordingly, the department is ordered to initiate a review of claimant's January 29, 2009 application, if it has not already done so, to determine if all other non-medical eligibility criteria are met. The department shall inform claimant of its determination in writing. Assuming that claimant is otherwise eligible for program benefits, the department shall review claimant's continued eligibility for program benefits in April of 2010.
