IN THE MATTER OF:

[REDACTED]

Appellant

_____ /

Docket No. 2009-21590 HHS
Case No. [REDACTED]
Load No. [REDACTED]

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, following the Appellant's request for a hearing.

After due notice, a hearing was held on [REDACTED]. [REDACTED] (Appellant), appeared and testified on his own behalf. Assisting the Appellant as translator was his [REDACTED].

[REDACTED], represented the Department of Community Health (Department). Also appearing as a witness for the Department was [REDACTED].

ISSUE

Did the Department properly suspend the Appellant's Adult Home Help Services?

FINDINGS OF FACT

Based upon the competent, material and substantial evidence presented, I find, as material fact:

1. Appellant is a Medicaid beneficiary who has been receiving Adult Home Help services through [REDACTED].
2. On [REDACTED], the adult services worker sent the Appellant an Advance Negative Action Notice informing him that his home help services hours were being suspended because completed provider logs had not been submitted to the Department as required by adult home help services policy.

3. On ██████████, the adult services worker sent the Appellant a second notice informing the Appellant that his logs had not been received. In addition, the adult services worker advised the Appellant to contact her office regarding changing providers.
4. On ██████████, the Appellant filed his request for hearing with the State Office of Administrative Hearings and Rules for the Department of Community Health.

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

COMPREHENSIVE ASSESSMENT The Adult Services Comprehensive Assessment (DHS-324) is the primary tool for determining need for services. The comprehensive assessment will be completed on all open cases, whether a home help payment will be made or not. ASCAP, the automated workload management system provides the format for the comprehensive assessment and all information will be entered on the computer program.

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- An interview must be conducted with the caregiver, if applicable.
- Observe a copy of the client's social security card.
- Observe a picture I.D. of the caregiver, if applicable.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual re-determination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
- Follow specialized rules of confidentiality when ILS cases have companion APS cases.

Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the HHS payment. Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication
- Meal preparation and cleanup.
- Shopping.
- Laundry.
- Light housework.

Functional Scale ADL's and IADL's are assessed according to the following five point scale:

1. Independent: Performs the activity safely with no human assistance.
2. Verbal assistance: Performs the activity with verbal assistance such as reminding, guiding or encouraging.
3. Some human assistance: Performs the activity with some direct physical assistance and/or assistive technology.
4. Much human assistance: Performs the activity with a great deal of human assistance and/or assistive technology.
5. Dependent: Does not perform the activity even with human assistance and/or assistive technology.

Note: HHS payments may only be authorized for needs assessed at the 3 level or greater.

Time and Task The worker will allocate time for each task assessed a rank of 3 or higher, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a guide. The RTS can be found in **ASCAP** under the **Payment** module, Time and Task screen. When hours exceed the RTS rationale must be provided.

IADL Maximum Allowable Hours

There are monthly maximum hour limits on all IADLs except medication.

The limits are as follows:

- Five hours/month for shopping.
- Six hours/month for light housework.
- Seven hours/month for laundry.
- 25 hours/month for meal preparation.

These are **maximums**; as always, if the client needs fewer hours, that is what must be authorized. Hours should continue to be prorated in shared living arrangements if there is a need for expanded hours, a request should be submitted to:

Necessity For Service

The adult services worker is responsible for determining the necessity and level of need for HHS based on:

- Client choice.
- A complete comprehensive assessment and determination of the client's need for personal care services.
- Verification of the client's medical need by a Medicaid enrolled medical professional. The client is responsible for obtaining the medical certification of need. The Medicaid provider identification number must be entered on the form by the medical provider.

The Medical Needs form must be signed and dated by one of the following medical professionals:

- Physician.
- Nurse practitioner.
- Occupational therapist.
- Physical therapist.

Exception: DCH will accept a DHS-54A completed by a VA physician or the VA medical form in lieu of the medical needs form.

The medical professional certifies that the client's need for service is related to an existing medical condition. The medical professional does not prescribe or authorize personal care services. If the medical needs form has not been returned, the adult services worker should follow-up with the client and/or medical professional. If the case is closed and reopened within 90 days with no changes in the client's condition, a new DHS-54A is not necessary.

Do **not** authorize HHS prior to the date of the medical professional signature on the DHS-54A.

Provider Interview Explain the following points to the client and the provider during the initial interview:

- The provider is employed by the client **not** the State of Michigan.
- A provider who receives public assistance **must** report all income received as a home help provider to the FIS/ES.
- The client is the employer and has the right to hire and fire the provider.
- The client is responsible for notifying the worker of any change in providers or hours of care.
- The services the provider is responsible for and has agreed to deliver including the frequency, amount and type of service.
- The provider **must** keep a log of the services provided Personal Care Services Provider Log (DHS-721) and submit it on a quarterly basis. The client **must** sign the Authorization for Withholding of FICA Tax in Home Help Payments (DHS-4771).
- All earned income must be reported to the IRS. (See www.irs.gov/)
- The client **and** provider **must** sign the Home Help Services Statement of Employment (MSA-4676).

Note: Providers considered as a business are exempt from signing the MSA-4676.

A Medicaid beneficiary bears the burden of proving he or she was denied a medically necessary and appropriate service. See, e.g., *J.K By and Through R.K. v Dillenberg*, 836 F Supp 694, 700 (Ariz, 1993). Whether the Appellant satisfied that burden here must be determined in accord with the preponderance of the evidence standard. See, e.g., *Aquilina v General Motors Corp*, 403 Mich 206, 210; 267 NW2d 923 (1978).

Regarding an appeal filed with the State Office of Administrative Hearing and Rules for the Department of Community Health, the Administrative Law Judge is given ultimate discretion to determine the weight and credibility of the evidence presented. *Wiley v Henry Ford Cottage Hosp*, 257 Mich App 488, 491; 668 NW2d 402 (2003); *Zeeland Farm Services, Inc v JBL Enterprises, Inc*, 219 Mich App 190, 195; 555 NW2d 733 (1996) (the fact finder is provided with the unique opportunity to observe or listen to witnesses; and, it is the fact finder's responsibility to determine the credibility and weight of the testimony and other evidence provided).

The adult services worker credibly testified the Appellant has failed, despite at least two separate requests, to submit provider logs as required by policy.

The Appellant testified, by and through his interpreter, that he wants a different provider. He otherwise presented no substantive challenge to the Department's assertion he has failed to submit provider logs, a policy requirement that governs his continuing eligibility for adult home help service payments.

DECISION AND ORDER

Based on the above findings of fact and conclusions of law, I decide that the Department properly suspended the Appellant's Adult Home Help Services.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
