IN THE MATTER OF:

██████████  
Appellant  
\_\_\_\_\_ /

Docket No. 2009-24464 HHS  
Case No. ██████████  
Load No. ██████████

**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, following the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. ██████████ appeared on behalf of ██████████ (Appellant).

██████████, represented the Department of Community Health (Department). Also appearing as witnesses for the Department were ██████████ and ██████████ (DHS).

**ISSUE**

Did the Department properly deny the Appellant's request for Adult Home Help Services?

**FINDINGS OF FACT**

Based upon the competent, material and substantial evidence presented, I find, as material fact:

1. Appellant is a minor Medicaid beneficiary.
2. On ██████████, ██████████ sent the Appellant an Advance Negative Action Notice informing him that services could not be provided, because, as a ██████████, he is currently cared for by his mother, ██████████, who resides in the same home.
3. On ██████████ the Appellant filed his request for hearing with the State Office of Administrative Hearings and Rules for the Department of Community Health.

## **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

### **Necessity for Service**

The adult services worker is responsible for determining the necessity and level of need for HHS based on:

- Client choice.
- A complete comprehensive assessment and determination of the client's need for personal care services.
- Verification of the client's medical need by a Medicaid enrolled medical professional. The client is responsible for obtaining the medical certification of need. The Medicaid provider identification number must be entered on the form by the medical provider.

The Medical Needs form must be signed and dated by one of the following medical professionals:

- Physician.
- Nurse practitioner.
- Occupational therapist.
- Physical therapist.

**Exception:** DCH will accept a DHS-54A completed by a VA physician or the VA medical form in lieu of the medical needs form.

The medical professional certifies that the client's need for service is related to an existing medical condition. The medical professional does not prescribe or authorize personal care services. If the medical needs form has not been returned, the adult services worker should follow-up with the client and/or medical professional. If the case is closed and reopened within 90 days with no changes in the client's condition, a new DHS-54A is not necessary.

Do **not** authorize HHS prior to the date of the medical professional signature on the DHS-54A.

### Service Plan Development

Address the following factors in the development of the service plan:

- The specific services to be provided, by whom and at what cost.
- The extent to which the client does not perform activities essential to caring for self. The intent of the Home Help program is to assist individuals to function as independently as possible. It is important to work with the recipient and the provider in developing a plan to achieve this goal.
- The kinds and amounts of activities required for the client's maintenance and functioning in the living environment.
- The availability or ability of a [responsible relative](#) or [legal dependent](#) of the client to perform the tasks the client does not perform.

Authorize HHS **only** for those services or times which the responsible relative/legal dependent is unavailable or unable to provide.

**Note: Unavailable** means absence from the home, for employment or other legitimate reasons. **Unable** means the responsible person has disabilities of his/her own which prevent caregiving. These disabilities must be documented/verified by a medical professional on the DHS-54A.

- Do **not** authorize HHS payments to a responsible relative or legal dependent of the client.
- The extent to which others in the home are able and available to provide the needed services. Authorize HHS **only** for the benefit of the client and **not** for others in the home. If others are living in the home, prorate the IADL's by at least 1/2, more if appropriate.
- The availability of services currently provided free of charge. A written statement by the provider that he is no longer able to furnish the service at no cost is sufficient for payment to be authorized as long as the provider is not a responsible relative of the client.

- HHS may be authorized when the client is receiving other home care services if the services are not duplicative (same service for same time period).

A Medicaid beneficiary bears the burden of proving he or she was denied a medically necessary and appropriate service. See, e.g., *J.K By and Through R.K. v Dillenberg*, 836 F Supp 694, 700 (Ariz, 1993). Whether the Appellant satisfies that burden must be determined in accord with the preponderance of the evidence standard. See, e.g., *Aquilina v General Motors Corp*, 403 Mich 206, 210; 267 NW2d 923 (1978).

Regarding an appeal filed with the State Office of Administrative Hearing and Rules for the Department of Community Health, the Administrative Law Judge is given ultimate discretion to determine the weight and credibility of the evidence presented. *Wiley v Henry Ford Cottage Hosp*, 257 Mich App 488, 491; 668 NW2d 402 (2003); *Zeeland Farm Services, Inc v JBL Enterprises, Inc*, 219 Mich App 190, 195; 555 NW2d 733 (1996) (the fact finder is provided with the unique opportunity to observe or listen to witnesses; and, it is the fact finder's responsibility to determine the credibility and weight of the testimony and other evidence provided).

The Adult Services Worker testified the denial is based solely on the fact that the beneficiary is a minor child currently under the control and care of his mother, who is available and capable of providing for the Appellant's care.

The Appellant's mother claims she is looking for full-time employment and will be unavailable to care for all of the Appellant's needs. While this may be true, currently policy is controlling.

The adult Home Help Service program is designed to meet the needs of the functionally limited adult population, not in this case, a minor child whose mother is both available and capable to provide care. Policy specifically articulates that Medicaid dollars cannot be used to pay for adult Home Help Services under this scenario.

Based on a preponderance of the evidence presented, I conclude the Appellant does not meet eligibility criteria for adult Home Help Services.

Decision and Order

**DECISION AND ORDER**

Based on the above findings of fact and conclusions of law, I decide that the Department has properly denied the Appellant's request for Home Help Services.

**IT IS THEREFORE ORDERED** that:

The Department's decision is AFFIRMED.
