IN THE MATTER OF:

[REDACTED]

Appellant

_____ /

Docket No. 2009-30270 HHS

Case No. [REDACTED]

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, following the Appellant's request for a hearing.

After due notice, a hearing was held on [REDACTED]. [REDACTED] (Appellant) appeared and testified on her own behalf.

[REDACTED], Appeals Review Officer, represented the Department of Community Health. Also present on behalf of the Department were [REDACTED], Adult Services Supervisor, and [REDACTED], Adult Services Worker, Wayne County Department of Human Services (DHS).

ISSUE

Did the Department properly terminate the tasks of transferring and housework from the Appellant's home help services award?

FINDINGS OF FACT

Based upon the competent, material and substantial evidence presented, I find, as material fact:

1. Appellant is a Medicaid beneficiary with physician-verified medical diagnoses of back pain and disc disease. (*Exhibit 1; p. 19*)
2. Comprehensive re-assessments are required by policy. On [REDACTED], a [REDACTED] Adult Services Worker conducted a re-assessment. On [REDACTED], the Adult Services Worker sent the Appellant an Advance Negative Action Notice informing her that her home help services payment will be based on the comments she made, and physical efforts demonstrated during

the [REDACTED] re-assessment. Specifically, the tasks of transferring and housework were terminated.

3. On [REDACTED], the Appellant filed her Request for Hearing with the State Office of Administrative Hearings and Rules.

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

COMPREHENSIVE ASSESSMENT The Adult Services Comprehensive Assessment (DHS-324) is the primary tool for determining need for services. The comprehensive assessment will be completed on all open cases, whether a home help payment will be made or not. ASCAP, the automated workload management system provides the format for the comprehensive assessment and all information will be entered on the computer program.

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- An interview must be conducted with the caregiver, if applicable.
- Observe a copy of the client's social security card.
- Observe a picture I.D. of the caregiver, if applicable.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual re-determination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
- Follow specialized rules of confidentiality when ILS cases have companion APS cases.

Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the HHS payment. Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating.
- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication
- Meal preparation and cleanup.
- Shopping.
- Laundry.
- Light housework.

Functional Scale ADL's and IADL's are assessed according to the following five point scale:

1. Independent: Performs the activity safely with no human assistance.
2. Verbal assistance: Performs the activity with verbal assistance such as reminding, guiding or encouraging.
3. Some human assistance: Performs the activity with some direct physical assistance and/or assistive technology.
4. Much human assistance: Performs the activity with a great deal of human assistance and/or assistive technology.
5. Dependent: Does not perform the activity even with human assistance and/or assistive technology.

Note: HHS payments may only be authorized for needs assessed at the 3 level or greater.

Time and Task The worker will allocate time for each task assessed a rank of 3 or higher, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a guide. The RTS can be found in **ASCAP** under the **Payment** module, Time and Task screen. When hours exceed the RTS rationale must be provided.

IADL Maximum Allowable Hours

There are monthly maximum hour limits on all IADLs except medication.

The limits are as follows:

- Five hours/month for shopping.
- Six hours/month for light housework.
- Seven hours/month for laundry.
- 25 hours/month for meal preparation.

These are **maximums**; as always, if the client needs fewer hours, that is what must be authorized. Hours should continue to be prorated in shared living arrangements if there is a need for expanded hours, a request should be submitted to:

Necessity For Service

The adult services worker is responsible for determining the necessity and level of need for HHS based on:

- Client choice.
- A complete comprehensive assessment and determination of the client's need for personal care services.
- Verification of the client's medical need by a Medicaid enrolled medical professional. The client is responsible for obtaining the medical certification of need. The Medicaid provider identification number must be entered on the form by the medical provider.

The Medical Needs form must be signed and dated by one of the following medical professionals:

- Physician.
- Nurse practitioner.

- Occupational therapist.
- Physical therapist.

Exception: DCH will accept a DHS-54A completed by a VA physician or the VA medical form in lieu of the medical needs form.

The medical professional certifies that the client's need for service is related to an existing medical condition. The medical professional does not prescribe or authorize personal care services. If the medical needs form has not been returned, the adult services worker should follow-up with the client and/or medical professional. If the case is closed and reopened within 90 days with no changes in the client's condition, a new DHS-54A is not necessary.

Do **not** authorize HHS prior to the date of the medical professional signature on the DHS-54A.

TERMINATION OF HHS PAYMENTS Suspend and/or terminate payments for HHS in **any** of the following circumstances:

- The client fails to meet any of the eligibility requirements.
- The client no longer wishes to receive HHS.
- The client's provider fails to meet qualification criteria.

When HHS are terminated or reduced for any reason, send a DHS-1212 to the client advising of the negative action and explaining the reason. Continue the payment during the negative action period. Following the negative action period, complete a payment authorization on ASCAP to terminate payments.

If the client requests a hearing before the effective date of the negative action, continue the payment until a hearing decision has been made. If the hearing decision upholds the negative action, complete the payment authorization on ASCAP to terminate payments effective the date of the original negative action. See Program Administrative Manual (PAM) 600 regarding interim benefits pending hearings and Services Requirements Manual (SRM) 181, [Recoupment](#) regarding following upheld hearing decisions.

A Medicaid beneficiary bears the burden of proving he or she was denied a medically necessary and appropriate service. See, e.g., *J.K By and Through R.K. v Dillenberg*, 836 F Supp 694, 700 (Ariz, 1993). Whether the Appellant satisfies that burden must be determined in accord with the preponderance of the evidence standard. See, e.g., *Aquilina v General Motors Corp*, 403 Mich 206, 210; 267 NW2d 923 (1978).

Regarding an appeal filed with the State Office of Administrative Hearing and Rules for the Department of Community Health, the Administrative Law Judge is given ultimate discretion to determine the weight and credibility of the evidence presented. *Wiley v Henry Ford Cottage Hosp*, 257 Mich App 488, 491; 668 NW2d 402 (2003); *Zeeland Farm Services, Inc v JBL Enterprises, Inc*, 219 Mich App 190, 195; 555 NW2d 733 (1996) (the fact finder is provided with the unique opportunity to observe or listen to witnesses; and, it is the fact finder's responsibility to determine the credibility and weight of the testimony and other evidence provided).

Current policy clearly requires that DHS officials conduct annual re-assessments to determine appropriate beneficiary needs. The Appellant acknowledged she “loves” a cluttered home. This admission supports an inference that the task of housework is not being completed. It’s termination is therefore appropriate.

The Appellant claims transferring should not have been terminated because she needs help changing position while in bed. However, transferring, as that task is defined by policy, has nothing to do with re-positioning. Rather, the task of transferring is concerned with transfers to and from a bed or other object, such as a chair or sofa. The Appellant presented no evidence she is incapable of performing this task, rendering its termination also appropriate.

DECISION AND ORDER

Based on the above findings of fact and conclusions of law, I decide the Department’s termination of the tasks of transferring and housework is appropriate, based on the [REDACTED] re-assessment.

IT IS THEREFORE ORDERED that:

The Department’s decision is **AFFIRMED**.
