IN THE MATTER OF:

██████████

Appellant

\_\_\_\_\_ /

Docket No. 2009-35405 PA  
Case No. ██████████

**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, following the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. ██████████ (Appellant) appeared and testified on her own behalf.

██████████, Appeals Review Officer, represented the Department of Community Health (Department). Also present on behalf of the Department was ██████████, Medicaid Utilization Analyst.

**ISSUE**

Did the Department properly deny Appellant's prior authorization request for a lower partial denture?

**FINDINGS OF FACT**

Based upon the competent, material and substantial evidence presented, I find, as material fact:

1. Appellant is a Medicaid beneficiary.
2. On ██████████, the Department received a prior authorization request from ██████████ for lower partial dentures for the Appellant. The request for the lower partial denture was denied after determining that, with placement of the upper partial denture the Appellant will have eight (8) posterior teeth in occlusion.

3. On [REDACTED], the Department issued to the Appellant a Notification of Denial.
4. On [REDACTED], the Appellant filed her request for hearing with the State Office of Administrative Hearings and Rules.

## **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

### **1.10 PRIOR AUTHORIZATION**

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services.

*MDCH Medicaid Provider Manual, Practitioner  
Section, October 1, 2005, page 4.*

### **6.6 PROSTHODONTICS (REMOVABLE)**

#### **6.6.A. GENERAL INSTRUCTIONS**

Complete and partial dentures are benefits for all beneficiaries. All dentures require PA. Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the prosthesis requested. An upper partial denture PA request must also include the prognosis of six sound teeth.

Complete or partial dentures are authorized:

- If there is one or more anterior teeth missing;
- If there are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth); or
- Where an existing complete or partial denture cannot be made serviceable through repair, relining, adjustment, or duplicating (rebasings) procedures. If a partial denture can be made serviceable, the dentist should provide the needed restorations to maintain use of the existing partial, extract teeth, add teeth to an existing partial, and remove hyperplastic tissue.

Before final impressions are taken and any construction begun on a complete or partial denture, healing adequate to support a prosthesis must take place following the completion of extractions or surgical procedures. This includes the posterior ridges of any immediate denture. An exception is made for the six anterior teeth (cuspid to cuspid) only when an immediate denture is authorized.

Reimbursement for a complete or partial denture includes all necessary adjustments, relines, repairs, and duplications within six months of insertion. This includes such services for an immediate upper denture when authorized.

If a complete or partial denture requires an adjustment, reline, repair, or duplication within six months of insertion, but the services were not provided until after six months of insertion, no additional reimbursement is allowed for these services.

Complete or partial dentures are not authorized when:

- A previous prosthesis has been provided within five years, whether or not the existing denture was obtained through Medicaid.
- An adjustment, reline, repair, or duplication will make them serviceable.
- Replacement of a complete or partial denture that has been lost or broken beyond repair is not a benefit within five years, whether or not the existing denture was obtained through Medicaid.

***Michigan Department of Community Health  
Medicaid Provider Manual; Dental  
Version Date: April 1, 2009  
Page 16***

The Appellant presented no challenge to policy, as applied by the Department to her request, other than to claim she needs a lower partial denture.

### **DECISION AND ORDER**

Based on the above findings of fact and conclusions of law, I decide the Department has appropriately denied the Appellant's request for a partial lower denture.

[REDACTED]  
Docket No. 2009-35405 PA  
Decision and Order

**IT IS THEREFORE ORDERED** that:

The Department's decision is **AFFIRMED**.

**\*\*\* NOTICE \*\*\***

The State Office of Administrative Hearings and Rules may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The State Office of Administrative Hearings and Rules will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Appellant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
