STATE OF MICHIGAN STATE OFFICE OF ADMINISTRATIVE HEARINGS AND RULES

ADMINISTRATIVE HEARINGS FOR THE DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF:

Claimant

Reg. No:2009-5082Issue No:2009; 4031Case No:Image: Comparison of the second s

ADMINISTRATIVE LAW JUDGE: Jay W. Sexton

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9; and MCL 400.37 upon claimant's request for a hearing. After due notice, a telephone hearing was held in Cheboygan on March 12, 2009. Claimant personally appeared and testified under oath.

The department was represented by Stephanie Neureither (ES).

The Administrative Law Judge appeared by telephone from Lansing.

ISSUES

(1) Did claimant establish a severe mental impairment expected to preclude her from substantial gainful work, **continuously**, for one year (MA-P) or 90 days (SDA)?

(2) Did claimant establish a severe physical impairment expected to preclude her from substantial gainful work, **continuously**, for one year (MA-P) or 90 days (SDA)?

2009-5082/JWS

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

(1) Claimant is an MA-P/Retro/SDA applicant (July 8, 2008) who was denied by

SHRT (December 3, 2008) due to claimant's ability to perform unskilled work. Claimant

requests Retro MA-P for April, May and June 2008.

(2) Claimant's vocational factors are: age--39; education—high school diploma,

post-high school education--none; work experience-waitress at a local restaurant, prep cook at

a pancake shop and restaurant owner and operator.

(3) Claimant has not performed Substantial Gainful Activity (SGA) since July 2007

when she worked as a waitress at a local restaurant.

(4) Claimant has the following unable-to-work complaints:

- (a) Social anxiety;
- (b) PARS defect in the lower back;
- (c) Arthritis;
- (d) Unable to lift more than 10 pounds;
- (e) Difficulty sitting for long periods;
- (f) Difficulty standing for long periods.

(5) SHRT evaluated claimant's medical evidence as follows:

OBJECTIVE MEDICAL EVIDENCE (DECEMBER 3, 2008)

SHRT thinks that claimant is capable of performing unskilled light work. SHRT evaluated claimant's disabilities using Listings 1.04. Claimant did not meet the requirements of the applicable Listing.

* * *

(6) Claimant is homeless and stays with her relatives and performs the following

Activities of Daily Living (ADLs): dressing, bathing, cooking, dish washing (sometimes),

laundry (needs help) and grocery shopping. Claimant does not use a cane, a walker, a

wheelchair or a shower stool. She does wear a brace on her right hand on a daily basis to lessen

the carpal tunnel discomfort she has in her right hand. Claimant received inpatient hospital

services in May 2008 due to a medication error.

(7) Claimant does not have valid driver's license and does not drive an automobile.

Claimant is not computer literate.

- (8) The following medical records are persuasive:
 - (a) A June 13, 2008 Medical Examination Report (DHS-49) was reviewed.

The physician provided the following current diagnoses: Chronic low back pain, spondylolisthesis at L5-S with lumbar dysfunction.

The physician did not report any specific functional limitations.

He did provide the following assessment—low back pain.

* * *

(9) Claimant alleges disability based on social anxieties. There are no psychological reports in the record. Claimant did not provide a DHS-49D or a DHS-49E to establish her mental residual functional capacity.

(10) The probative medical evidence does not establish an acute (exertional) physical

impairment expected to prevent claimant from performing all customary work functions for the

required period of time. The most information is a Medical Examination Report (June 13, 2008)

containing a diagnosis of chronic low back pain and spondylolisthesis at L5/S. The physician

did not state that claimant is totally unable to work.

(11) Claimant recently applied for federal disability benefits with the Social Security

Administration. Social Security denied her application. Claimant filed a timely appeal.

CONCLUSIONS OF LAW

CLAIMANT'S POSITION

Claimant thinks she is entitled to MA-P/SDA benefits based on the impairments listed in paragraph #4, above.

DEPARTMENT'S POSITION

The department thinks that claimant has the Residual Functional Capacity (RFC) to perform unskilled light work.

The department reviewed claimant's impairments using SSI Listing 1.04. Claimant does not meet the standards of the Listings.

LEGAL BASE

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Pursuant to Federal Rule 42 CFR 435.540, the Department of Human Services uses the federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the Medical Assistance program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience is reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

If an individual is working and the work is substantial gainful activity, the individual is not disabled regardless of the medical condition, education and work experience. 20 CFR 416.920(c).

If the impairment or combination of impairments do not significantly limit physical or mental ability to do basic work activities, it is not a severe impairment(s) and disability does not exist. Age, education and work experience will not be considered. 20 CFR 416.920.

Statements about pain or other symptoms do not alone establish disability. There must be medical signs and laboratory findings which demonstrate a medical impairment.... 20 CFR 416.929(a).

...Medical reports should include -

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as blood pressure, X-rays);

(4) Diagnosis (statement of disease or injury based on its signs and symptoms).... 20 CFR 416.913(b).

In determining disability under the law, the ability to work is measured. An individual's functional capacity for doing basic work activities is evaluated. If an individual has the ability to perform basic work activities without significant limitations, he or she is not considered disabled. 20 CFR 416.994(b)(1)(iv).

Basic work activities are the abilities and aptitudes necessary to do most jobs. Examples of these include --

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

Medical findings must allow a determination of (1) the nature and limiting effects of your impairment(s) for any period in question; (2) the probable duration of the impairment; and (3) the residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including your symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

All of the evidence relevant to the claim, including medical opinions, is reviewed and findings are made. 20 CFR 416.927(c).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability.... 20 CFR 416.927(e).

A statement by a medical source finding that an individual is "disabled" or "unable to work" does not mean that disability exists for the purposes of the program. 20 CFR 416.927(e).

When determining disability, the federal regulations require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next

step is <u>not</u> required. These steps are:

- 1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
- 2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
- 3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
- 4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
- 5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

Claimant has the burden of proof to show by a preponderance of the medical evidence in the record that her mental/physical impairments meet the department's definition of disability for MA-P/SDA purposes. PEM 260/261. "Disability," as defined by MA-P/SDA standards is a legal term which is individually determined by a consideration of all factors in each particular case.

<u>STEP 1</u>

The issue at Step 1 is whether claimant is performing Substantial Gainful Activity (SGA). If claimant is working and is earning substantial income, she is not eligible for MA-P/SDA.

SGA is defined as the performance of significant duties over a reasonable period of time for pay. Claimants who are working, or otherwise performing Substantial Gainful Activity (SGA), are not disabled regardless of medical condition, age, education or work experience. 20 CFR 416.920(b).

The vocational evidence of record shows claimant is not currently performing SGA. Therefore, claimant meets the Step 1 disability test.

STEP 2

The issue at Step 2 is whether claimant has impairments which meet the SSI definition of severity/duration. Claimant must establish an impairment which is expected to result in death, or has existed for a continuous period of 12 months, thereby preventing all current work activities. 20 CFR 416.909.

Also, to qualify for MA-P/SA, claimant must satisfy both the gainful work and the duration criteria. 20 CFR 416.920(a).

Since the severity/duration requirement is a *de minimus* requirement, claimant meets the Step 2 disability test.

2009-5082/JWS

STEP 3

The issue at Step 3 is whether claimant meets the Listing of Impairments in the SSI regulations. Claimant's impairments were evaluated using SSI Listing 1.04. Claimant does not meet the applicable Listings.

Therefore, claimant does not meet the Step 3 eligibility test.

STEP 4

The issue at Step 4 is whether claimant is able to do her previous work. Claimant previously worked as a waitress at a local restaurant.

There is no medical evidence to establish that claimant is unable to return to work as a waitress.

Since claimant is able to return to work, she does not meet the Step 4 disability test.

<u>STEP 5</u>

The issue at Step 5 is whether claimant has the Residual Functional Capacity (RFC) to do other work.

Claimant has the burden of proof to show by the medical/psychological evidence in the record, that her combined impairments meet the department's definition of disability for MA-P/SDA purposes.

First, claimant alleges disability based on a mental impairment (social anxieties). There are no recent psychological reports in the record and no recent mental status evaluations, as well. Also, claimant did not submit a DHS-49D or a DHS-49E to establish her mental residual functioning capacity.

Second, claimant alleges disability based on arthritis of the spine, bulging discs and difficulty lifting, sitting and standing. The medical evidence of record does establish chronic low

back pain secondary to spondylolisthesis at L5-S. However, the physician does not state that claimant is totally unable to work.

During the hearing, claimant testified that a major impediment to her return to work was her low back pain. Unfortunately, evidence of pain, alone, is insufficient to establish disability for MA-P/SDA purposes.

The Administrative Law Judge concludes that claimant's testimony about her pain is profound and credible, but out of proportion to the objective medical evidence as it relates to claimant's ability to work.

In short, the Administrative Law Judge is not persuaded that claimant is totally unable to work based on her combined impairments.

Claimant currently performs many activities of daily living, has an active social life with her family.

Considering the entire medical record, in combination with claimant's testimony, the Administrative Law Judge concludes that claimant is able to perform simple unskilled sedentary/light work (SGA). In this capacity, she is able to work as a ticket taker for a theatre, as a parking lot attendant, and as a greeter at **Example**.

Based on this analysis, the department correctly denied claimant's MA-P/SDA application, based on Step 5 of the sequential analysis, as presented above.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that claimant does not meet the MA-P/SDA disability requirements under PEM 260/261.

Accordingly, the department's denial of claimant's MA-P/SDA application is, hereby,

AFFIRMED.

SO ORDERED.

<u>/s/</u>

Jay W. Sexton Administrative Law Judge for Ismael Ahmed, Director Department of Human Services

Date Signed: <u>August 5, 2009</u>

Date Mailed: <u>August 6, 2009</u>

NOTICE: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. Administrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the mailing date of the rehearing decision.
