

**STATE OF MICHIGAN  
STATE OFFICE OF ADMINISTRATIVE HEARINGS AND RULES  
FOR THE DEPARTMENT OF COMMUNITY HEALTH**

P.O. Box 30763, Lansing, MI 48909  
(877) 833-0870; Fax: (517) 334-9505

**IN THE MATTER OF:**

██████████,

**Appellant**

---

**Docket No.** 2009-10068 QHP  
**Case No.** ██████████  
**Load No.** ██████████

**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. ██████████, appeared on behalf of the Appellant. ██████████ represented the Medicaid Health Plan (MHP). His witness was ██████████, medical director.

**ISSUE**

Did the Medicaid Health Plan properly deny Appellant's request for a power wheelchair?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Appellant is a ██████-year-old Medicaid beneficiary who is enrolled in the ██████████
2. The Appellant is afflicted with morbid obesity [BMI 50+], bilateral carpal tunnel syndrome, and severe arthritis of the right knee, SOB, COPD, chronic back and hip pain. (See Testimony of ██████████ and Respondent's Exhibit A, p. 11)
3. On ██████████, the MHP received Appellant's request for a power wheelchair. (Respondent's Exhibit A, p. 2)

4. On or about ██████████, the MHP advised the Appellant that his request for the power wheelchair was reviewed and denied because of a lack of supporting evidence or evaluation. (Exhibit A – throughout)
5. There was no documentary evidence to establish that the Appellant was unable to roll (self-propel) a manual wheelchair and there was no evidence that the Appellant is not able to walk. (*But see* Testimony of ██████████.)
6. On ██████████ the instant request for hearing was received by SOAHR as prepared by the Appellant, ██████████. (Appellant's Exhibit #1)

### **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

On May 30, 1997, the Department received approval from the Health Care Financing Administration, U.S. Department of Health and Human Services, allowing Michigan to restrict Medicaid beneficiaries' choice to obtain medical services only from specified Medicaid Health Plans.

The Respondent is one of those Medicaid Health Plans.

The Covered Services that the Contractor has available for Enrollees must include, at a minimum, the Covered Services listed below. The Contractor may limit services to those which are medically necessary and appropriate, and which conform to professionally accepted standards of care. Contractors must operate consistent with all applicable Medicaid provider manuals and publications for coverages and limitations. If new services are added to the Michigan Medicaid Program, or if services are expanded, eliminated, or otherwise changed, the Contractor must implement the changes consistent with State direction in accordance with the provisions of Contract Section I-Z.

.....

Although the Contractor must provide the full range of Covered Services listed below they may choose to provide services over and above those specified.<sup>1</sup>

The services provided to Enrollees under the Contract include, but are not limited to, the following:

- Ambulance and other emergency medical transportation
- Blood lead testing in accordance with Medicaid EPSDT policy
- Certified nurse midwife services
- Certified pediatric and family nurse practitioner services
- Chiropractic services for individuals under age 21
- Diagnostic lab, x-ray and other imaging services
- Durable medical equipment and supplies
- Emergency services
- End Stage Renal Disease services
- Family Planning Services
- Health education
- Hearing & speech services,
- Hearing aids for individuals under age 21
- Home Health services
- Hospice services (if requested by the enrollee)
- Immunizations
- Inpatient and outpatient hospital services
- Intermittent or short-term restorative or rehabilitative services (in a nursing facility), up to 45 days
- Restorative or rehabilitative services (in a place of service other than a nursing facility)
- Maternal and Infant Support Services (MSS/ISS)
- Medically necessary weight reduction services
- Mental health care – maximum of 20 outpatient visits per Contract year
- Out-of-state services authorized by the Contractor
- Outreach for included services, especially, pregnancy related and well-child care
- Parenting and birthing classes
- Pharmacy services

---

<sup>1</sup> The MPM also sets forth specific service requirements for MHPs to follow. *See generally* §1.1 Medicaid Health Plans.

- Podiatry services for individuals under age 21
- Practitioners' services (such as those provided by physicians, optometrists and dentists enrolled as a Medicaid Provider Type 10)
- Prosthetics & orthotics
- Therapies, (speech, language, physical, occupational)
- Transplant services
- Transportation
- Treatment for sexually transmitted disease (STD)
- Vision services
- Well child/EPSTD for persons under 21.

Article II-G. Scope of Comprehensive Benefit Package, contract with qualified managed health care plans November 6, 2007, p. 32.

The major components of the Contractor's utilization management plan must encompass, at a minimum, the following:

- Written policies with review decision criteria and procedures that conform to managed health care industry standards and processes.
- A formal utilization review committee directed by the Contractor's medical director to oversee the utilization review process.
- Sufficient resources to regularly review the effectiveness of the utilization review process and to make changes to the process as needed.
- An annual review and reporting of utilization review activities and outcomes/interventions from the review.
- The utilization management activities of the Contractor must be integrated with the Contractor's QAPI program.

The Contractor must establish and use a written prior approval policy and procedure for utilization management purposes. The Contractor may not use such policies and procedures to avoid providing medically necessary services within the coverages established under the Contract. The policy must ensure that the review criteria for authorization decisions are applied consistently and require that the reviewer consult with the requesting provider when appropriate. The policy must also require that utilization management decisions be made by a health care

professional who has appropriate clinical expertise regarding the service under review.

Article II-P, Utilization Management, Contract, p. 66.

\*\*\*

Appellant's representative/physician explained that the Appellant sought a power wheelchair owing to the totality of his medical condition which included multiple co morbidities, COPD and overuse of narcotics. He testified that his hope was to achieve better mobility for his patient to help eliminate his suffering and reduce his reliance on narcotic pain medication - although he concurred with ██████████ testimony that a potential for increased sedentary activity bode unless all avenues of treatment fell into place for his "complex" patient.

The MHP denied Appellant's request for a power wheelchair owing to a lack of adequate medical documentation. Specific evidence of a physical therapy evaluation wherein the Appellant was tested to determine if he could self propel a manual wheelchair was lacking from the Appellant's proofs. The requirement is clearly articulated in the MHP utilization guideline for motorized scooters and wheelchairs. See Respondent's Exhibit A, p. 2.

- The proofs, based on this record, establish that the Appellant can ambulate – albeit only a short distance. See Testimony of ██████████.
- It appears that the functional status of the Appellant, at least based on the testimony of ██████████, is eroding at a rapid pace.

On review, while I found the testimony of ██████████ credible - it was clear that the necessary physical therapy evaluation was omitted thus causing a failure to establish medical necessity for his power wheelchair seeking patient. Accordingly, the decision to deny a power wheelchair on review of the evidence available was clearly supportable and within the MHP's reasonably drawn utilization guidelines.

### **DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the MHP properly denied the Appellant's request for a power wheelchair.

  
Docket No. 2009-10068  
Decision & Order

**IT IS THEREFORE ORDERED** that:

The Medicaid Health Plan's decision is **AFFIRMED**.
