#### CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (formerly known as the Family Independence Agency) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

In order to receive MA benefits based upon disability or blindness, claimant must be disabled or blind as defined in Title XVI of the Social Security Act (20 R 416.901). The Department, being authorized to make such disability determinations, utilizes the SSI definition of disability when making medical decisions on MA

applications. MA-P (disability), also is known as Medicaid, which is a program designated to help public assistance claimants pay their medical expenses.

The law defines disability as the inability to do substantial gainful activity (SGA) by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. (20 CFR 416.905).

Because disability must be determined on the basis of medical evidence, Federal regulations have delineated a set order entailing a step sequential process for evaluating physical or mental impairments. When claimant is found either disabled or not disabled at any point in the process, the claimant is not considered further.

Addressing the following steps:

The first step to be consider is whether the Claimant can perform Substantial Gainful Activity (SGA) defined in 20 CFR 416.920(b). In this case, the Claimant is not currently working nor in the past year has the Claimant been employed. Therefore, the Claimant is not disqualified a this step in the evaluation.

The second step to be determined in considering whether the Claimant is considered disabled is whether the severity of the impairment. In order to qualify the impairment must be considered severe which is defined as an impairment which significantly limits an individual's physical or mental ability to perform basic work activities. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, reaching carrying or handling;
2. Capacities for seeing, hearing, and speaking;

3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

In this case, the Claimant's medical evidence of record supports a finding that Claimant has significant mental limitations upon Claimant's ability to perform basic work activities such as understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers, and usual work situations; and dealing with changes in a routine work setting. Medical evidence has clearly established that the Claimant has an impairment (or combination of impairments) that has more than a minimal effect on the Claimant's work activities. See Social Security Rulings: 85-28, 88-13, and 82-63.

The medical records submitted for consideration demonstrate the Claimant suffers with bi-polar, depression and has an anti-social personality disorder. The Claimant testified that he has lost all interest in activities and is easily angered and becomes physically aggressive. The Claimant struggles with memory and being able to focus. The Claimant's records indicate a recurrent condition suffering with depression, bi-polar and his anti-social behavior.

In the third step of the analysis, the trier of fact must determine if the Claimant's impairment (or combination of impairments) is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. This Administrative Law Judge finds that the Claimant's medical record does not support a finding that the Claimant's impairment(s) is a "listed impairment" or equal to a listed impairment. See Appendix 1 of Subpart P of 20 CFR Part 404, Part A.

Specifically listing 12.08.

The person claiming a physical or mental disability has the burden to establish it through the use of competent medical evidence from qualified medical sources such as clinical/laboratory findings, diagnosis/prescribed treatment, prognosis for a recovery and/or medical assessment of ability to do work-related activities or ability to reason and to make appropriate mental adjustments, if a mental disability is being alleged. 20 CRF 416.913. A conclusory statement by a physician or mental health professional that an individual is disabled or blind is not sufficient, without supporting medical evidence, to establish disability. 20 CFR 416.927.

In this case, this Administrative Law Judge finds the Claimant maybe considered presently disabled at the third step for purposes of the Medical Assistance (MA) program. And the Claimant appears to meet listing 12.08. This Administrative Law Judge will not continue through the remaining steps of the assessment. The Claimant's and the medical documentation support the finding that the Claimant meets the requirements of the listing.

This Administrative Law Judge finds that the Claimant is presently disabled as of June 2008.

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 1939 PA 280, as amended. The Department of Human Services (formerly known as the Family Independence Agency) administers the SDA program pursuant to MCL 400.1 et seq., and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

A person is considered disabled for purposes of SDA if the person has a physical or mental impairment which meets federal SSI disability standards for at least ninety days. Receipt of SSI or RSDI benefits based on disability or blindness or the receipt of MA benefits based on disability or blindness (MA-P) automatically qualifies an individual as disabled for purposes of the SDA program. Other specific financial and non-financial eligibility criteria are found in PEM 261. The Claimant is eligible for SDA benefits based on the above finding of disability.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Claimant is medically disabled as of June 2008.

Accordingly, the Department decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated June 26, 2008, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. This case shall be reviewed in May 2010.
