IN THE MATTER OF:

██████████,
Appellant

_____ /

Docket No. 2009-17331 MCE
Case No. ██████████
Load No. ██████████

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing appealing the Department's denial of exception from Medicaid Managed Care Program enrollment.

After due notice, a hearing was held ██████████. ██████████ represented himself, despite having identified a hearing representative on his appeal request. The hearing representative he did authorize, ██████████ was present and did testify on her son's behalf. ██████████, represented the Department. ██████████, appeared as a witness for the Department.

ISSUE

Does the Appellant meet the requirements for a managed care exception?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The Appellant is a ██████████ Medicaid beneficiary.
2. The Appellant has been enrolled in the ██████████ program, administered by the State of Michigan. He has aged out of that program.
3. He is currently a member of the population required to enroll in a Medicaid Health Plan (MHP). He has requested a managed care exception be granted. Two separate medical providers requested the exception on his behalf.

4. The Appellant's medical condition is serious as contemplated by the criteria set forth by the State of Michigan. He has Duchenne Muscular Dystrophy and is wheelchair bound.
5. Two of the Appellant's medical providers requested a managed care exception on his behalf. Both of the Appellant's requests for a managed care exception were heard at the hearing on ██████████.
6. Both of the requests for a managed care exception were denied on ██████████.
7. Each of the exceptions was denied due to the participation of the provider in a managed care plan available to the Appellant. Additionally, neither of the exception requests evidence the Appellant is undergoing frequent and active treatment as defined in the criteria contained in State Policy.
8. On ██████████, the State Office of Administrative Hearings and Rules for the Department of Community Health received the Appellant's Request for Administrative Hearing.

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

On May 30, 1997, the Department was notified of the Health Care Financing Administration's approval of its request for a waiver of certain portions of the Social Security Act to restrict Medicaid beneficiaries' choice to obtain medical services only from specified Qualified Health Plans.

Michigan Public Act 154 of 2005 states, in relevant part:

Sec. 1650 (3) The criteria for medical exceptions to HMO enrollment shall be based on submitted documentation that indicates a recipient has a serious medical condition, and is undergoing active treatment for that condition with a physician who does not participate in one (1) of the HMOs. If the person meets the criteria established by this subsection, the department shall grant an exception to managed care enrollment at least through the current prescribed course of treatment, subject to periodic review of continued eligibility.

MDCH Medicaid Provider Manual, Beneficiary Eligibility Section, October 1, 2005, page 23, states in relevant part:

The intent of a medical exception is to preserve continuity of medical care for a beneficiary who is receiving active treatment for a serious medical condition from an attending physician (M.D. or D.O.) who would not be available to the beneficiary if the beneficiary was enrolled in a MHP. The medical exception may be granted on a time-limited basis necessary to complete treatment for the serious condition. The medical exception process is available only to a beneficiary who is not yet enrolled in a MHP, or who has been enrolled for less than two months. MHP enrollment would be delayed until one of the following occurs:

- the attending physician completes the current ongoing plan of medical treatment for the patient's serious medical condition, or
- the condition stabilizes and becomes chronic in nature, or
- the physician becomes available to the beneficiary through enrollment in a MHP, whichever occurs first.

If the treating physician can provide service through a MHP that the beneficiary can be enrolled in, then there is no basis for a medical exception to managed care enrollment.

MDCH Medicaid Provider Manual, Beneficiary Eligibility Section, October 1, 2005, page 23, states in relevant part:

Serious Medical Condition

Grave, complex, or life threatening

Manifests symptoms needing timely intervention to prevent complications or permanent impairment.

An acute exacerbation of a chronic condition may be considered serious for the purpose of medical exception.

Chronic Medical Condition

Relatively stable

Requires long term management

Carries little immediate risk to health

Fluctuate over time, but responds to well-known standard medical

treatment protocols.

Active treatment

Active treatment is reviewed in regards to intensity of services. The beneficiary is seen regularly, (e.g., monthly or more frequently,) and

The condition requires timely and ongoing assessment because of the severity of symptoms, the treatment, or both

The treatment or therapy is extended over a length of time.

Attending/Treating Physician

The physician (M.D. or D.O.) may be either a primary care doctor or a specialist whose scope of practice enables the interventions necessary to treat the serious condition.

MHP Participating Physician

A physician is considered “participating” in a MHP if he or she is in the MHP provider network or is available on an out-of- network basis with one of the MHPs for which the beneficiary can be enrolled. The physician may not have a contract with the MHP but may have a referral arrangement to treat the plan’s enrollees. If the physician can treat the beneficiary and receive payment from the plan, then the beneficiary would be enrolled in that plan and no medical exception would be allowed.

The request for medical exception evidences the Appellant’s providers each participate in Medicaid Managed Care plans available to the Appellant. Additionally, neither of the providers sent evidence the Appellant is undergoing frequent and active treatment for his serious medical condition at this time. The Department stipulates the Appellant has a serious medical condition as defined in the policy. The denial is predicated upon the fact that the additional two criteria he must meet are not satisfied with the information sent in by his doctors.

The Appellant testified he requires the exception to make it easier to access the care he needs. He cited a 2 or 3 day delay in obtaining a required antibiotic due to Pharmacy hold up caused by enrollment in ██████████. He stated it is more convenient to access treatment without having to wait days and days for referrals. The Appellant’s mother provided testimony that echoed her son’s concerns. Neither the Appellant nor his mother otherwise offered evidence the criteria is met and the Department denied the request in error.

This ALJ considered the evidence of record from all parties. The Appellant’s testimony does not establish he meets all the criteria necessary to be granted a managed care exception. The burden of proof rests with the Appellant to establish the Department’s decision is incorrect.

Docket No. 2009-17331 MCE
Decision and Order

For the reasons stated above, the request for exception from Medicaid Managed Care was properly denied.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Appellant does not meet the criteria for Medicaid Managed Care exception.

IT IS THEREFORE ORDERED THAT:

The Department's decision is AFFIRMED.

Jennifer Isiogu
Administrative Law Judge
for Janet Olszewski, Director
Michigan Department of Community Health
