ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF: [REDACTED],  
Claimant

Reg. No.: 2009-27104  
Issue No.: 2009  
Case No.: [REDACTED]  
Load No.: [REDACTED]  
Hearing Date:  
August 17, 2009  
Oakland County DHS (04)

ADMINISTRATIVE LAW JUDGE: Jonathan W. Owens

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon Claimant's request for a hearing. After due notice, a hearing was held on August 17, 2009. Claimant appeared and testified.

ISSUE

Whether the Department of Human Services (Department) properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as a material fact:

1. On February 26, 2009, Claimant applied for MA-P.
2. On April 16, 2009, the Medical Review Team (MRT) denied Claimant's request.
3. On May 18, 2009, Claimant submitted to the Department a request for hearing.

4. On July 2, 2009, the State Hearing and Review Team (SHRT) denied Claimant's request finding that Claimant failed to have a "mental/physical impairment(s) that significantly limits the claimant's ability to perform basic work activities."
5. Claimant is 47 years old.
6. Claimant completed education through high-school.
7. Claimant has employment experience as direct care aide, area manager for a chemical corporation, custodial work and manager of a drugstore.
8. On December 21, 2009, SHRT again denied Claimant's request after reviewing additional medical documents, finding that Claimant failed to have limitations that would prevent her from remaining gainfully employed.
9. Claimant suffers from hypertension.
10. On [REDACTED], Claimant's treating doctor indicated she was normal in all examination areas and her condition was improving and she was not limited. This physician indicated Claimant could lift up to 10 lbs frequently and up to 50 lbs occasionally. He indicated she was able to stand and/or walk 6 hours in an 8-hour day and sit about 6 hours in an 8-hour day. This doctor indicated no other restrictions.

#### CONCLUSIONS OF LAW

The Medical Assistance (MA-P) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers the MA-P program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The Department conforms to state statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the MA-P program.

Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

The residual functional capacity is what an individual can do despite limitations. All impairments will be considered in addition to ability to meet certain demands of jobs in the national economy. Physical demands, mental demands, sensory requirements and other functions will be evaluated. 20 CFR 416.945(a).

To determine the physical demands (exertional requirements) of work in the national economy, we classify jobs as sedentary, light, medium and heavy. These terms have the same meaning as they have in the Dictionary of Occupational Titles, published by the Department of Labor. 20 CFR 416.967.

Pursuant to 20 CFR 416.920, a five-step sequential evaluation process is used to determine disability. An individual's current work activity, the severity of the impairment, the residual functional capacity, past work, age, education and work experience are evaluated. If an individual is found disabled or not disabled at any point, no further review is made.

The first step is to determine if an individual is working and if that work is "substantial gainful activity" (SGA). If the work is SGA, an individual is not considered disabled regardless of medical condition, age or other vocational factors. 20 CFR 416.920(b).

Secondly, the individual must have a medically determinable impairment that is "severe" or a combination of impairments that is "severe." 20 CFR 404.1520(c). An impairment or combination of impairments is "severe" within the meaning of regulations if it significantly limits an individual's ability to perform basic work activities. An impairment or combination of impairments is "not severe" when medical and other evidence establish only a slight abnormality or a combination of slight abnormalities that would have no more than a minimal effect on an individual's ability to work. 20 CFR 404.1521; Social Security Rulings 85-28, 96-3p, and 96-4p. If the Claimant does not have a severe medically determinable impairment or combination of impairments, he/she is not disabled.

In the instant case, Claimant does not have a "severe" impairment within the meaning of the regulations. As indicated above, Claimant's doctor has not limited Claimant as a result of her condition. In fact, Claimant's treating physician indicated that Claimant was capable of

performing her usual occupation. Since Claimant fails to meet the requirements of a “severe” limitation, Claimant is not disabled for purposes of MA-P.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is not medically disabled.

Accordingly, the Department’s decision is hereby UPHELD.
