# STATE OF MICHIGAN STATE OFFICE OF ADMINISTRATIVE HEARINGS AND RULES FOR THE DEPARTMENT OF COMMUNITY HEALTH

P.O. Box 30763, Lansing, MI 48909 (877) 833-0870; Fax: (517) 334-9505

IN THE MATTER	OF:
Appellant	/ Docket No. 2010-1489 HHS
	DECISION AND ORDER
	fore the undersigned Administrative Law Judge (ALJ) pursuant to MCL R 431.200 <i>et seq.</i> , upon the Appellant's request for a hearing.
After due notice, a hearing was held represented herself at hearing.	
	, represented the Department. was present as a Department witness.
ISSUE	
Did the Department properly deny the Home Help Services application of the Appellant?	
FINDINGS OF FACT	
	ve Law Judge, based upon the competent, material and substantial vhole record, finds as material fact:
	Appellant is a Medicaid beneficiary who applied for Home Services from the Department of Human Services.
	Appellant resides in her own home. She is ambulatory, walking ssisted.
pac	Appellant suffers knee pain and has had heart blockage, resulting in a emaker being placed in She recently had her gallbladder

- 4. The Appellant has 3 children, ages
- 5. The Department's worker made a home call to conduct a comprehensive assessment. Following the assessment, the worker determined the Appellant could meet her own needs, with help from her dependent child. She further determined the Appellant was seeking assistance with child care. The Department's worker denied eligibility for Home Help Services following the assessment.
- 6. The Department sent Notice of the denial on or about
- 7. The Appellant requested a formal, administrative hearing

## **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

### **ELIGIBILITY FOR HOME HELP SERVICES**

Home help services (HHS) are defined as those, which the Agency is paying for through Title XIX (Medicaid) funds. The customer must be eligible for Medicaid in order to receive these services.

# Medicaid/Medical Aid (MA)

Verify the customer's Medicaid/Medical aid status.

The customer may be eligible for MA under one of the following:

- All requirements for MA have been met, or
- MA spend-down obligation has been met.

Adult Services Manual (ASM) 9-1-2008

### **Necessity For Service**

The adult services worker is responsible for determining the necessity and level of need for HHS based on:

- Customer choice.
- A complete comprehensive assessment and determination of the customer's need for personal care services.
- Verification of the customer's medical need by a Medicaid enrolled medical professional. The customer is responsible for obtaining the medical certification of need. The Medicaid provider identification number must be entered on the form by the medical provider. The Medical Needs form must be signed and dated by one of the following medical professionals:
  - Physician
  - Nurse Practitioner
  - Occupational Therapist
  - Physical Therapist

The physician is to certify that the customer's need for service is related to an existing medical condition. The physician does not prescribe or authorize personal care services.

If the Medical Needs form has not been returned, the adult services worker should follow-up with the customer and/or medical professional.

### COMPREHENSIVE ASSESSMENT

The Adult Services Comprehensive Assessment (DHS-324) is the primary tool for determining need for services. The comprehensive assessment will be completed on all open cases, whether a home help payment will be made or not. ASCAP, the automated workload management system provides the format for the comprehensive assessment and all information will be entered on the computer program.

Requirements for the comprehensive assessment include, but are not limited to:

 A comprehensive assessment will be completed on all new cases.

- A face-to-face contact is required with the customer in his/her place of residence.
- An interview must be conducted with the caregiver, if applicable.
- Observe a copy of the customer's social security card.
- Observe a picture I.D. of the caregiver, if applicable.
- The assessment must be updated as often as necessary, but minimally at the six month review and annual re-determination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
- Follow specialized rules of confidentiality when ILS cases have companion APS cases.

### **Functional Assessment**

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the HHS payment.

Conduct a functional assessment to determine the customer's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating
- Toileting
- Bathing
- Grooming
- Dressing
- Transferring
- Mobility

Instrumental Activities of Daily Living (IADL)

- Taking Medication
- Meal Preparation and Cleanup
- Shopping
- •• Laundry
- •• Housework

Functional Scale ADL's and IADL's are assessed according to the following five-point scale:

#### 1. Independent

Performs the activity safely with no human assistance.

#### 2. Verbal Assistance

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

#### 3. Some Human Assistance

Performs the activity with some direct physical assistance and/or assistive technology.

#### 4. Much Human Assistance

Performs the activity with a great deal of human assistance and/or assistive technology.

### 5. Dependent

Does not perform the activity even with human assistance and/or assistive technology.

**Note:** HHS payments may only be authorized for needs assessed at the 3 level or greater.

### **Time and Task**

The worker will allocate time for each task assessed a rank of 3 or higher, based on the interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a guide. The RTS can be found in ASCAP under the Payment module, Time and Task screen. When hours exceed the RTS rationale must be provided.

#### IADL Maximum Allowable Hours

There are monthly maximum hour limits on all IADLs except medication. The limits are as follows:

- Five hours/month for shopping
- Six hours/month for light housework
- Seven hours/month for laundry
- 25 hours/month for meal preparation.

These are maximums; as always, if the client needs fewer hours, that is what must be authorized. Hours should

continue to be prorated in shared living arrangements. If there is a need for expanded hours, a request should be submitted to:

\* \* \*

### **Service Plan Development**

Address the following factors in the development of the service plan:

- The specific services to be provided, by whom and at what cost.
- The extent to which the Client does not perform activities essential to the caring for self. The intent of the Home Help program is to assist individuals to function as independently as possible. It is important to work with the recipient and the provider in developing a plan to achieve this goal.
- The kinds and amounts of activities required for the client's maintenance and functioning in the living environment.
- The availability or ability of a responsible relative or legal dependent of the client to perform the tasks the client does not perform. Authorize HHS only for those services or times which the responsible relative/legal dependent is unavailable or unable to provide.

Note: Unavailable means absence from the home, for employment or other legitimate reasons. Unable means the responsible person has disabilities of his/her own which prevent caregiving. These disabilities must be documented/verified by a medical professional on the DHS-54A.

- Do not authorize HHS payments to a responsible relative or legal dependent of the client.
- The extent to which others in the home are able and available to provide the needed services. Authorize HHS only

for the benefit of the client and not for others in the home. If others are living in the home, prorate the IADL's by at least 1/2, more if appropriate.

- The availability of services currently provided free of charge. A written statement by the provider that he is no longer able to furnish the service at no cost is sufficient for payment to be authorized as long as the provider is not a responsible relative of the client.
- HHS may be authorized when the client is receiving other home care services if the services are not duplicative (same service for the same time period).

Adult Services Manual (ASM) 9-1-2008

Department policy addresses the need for supervision, monitoring or guiding below:

# **Services Not Covered By Home Help Services**

Do **not** authorize HHS for the following:

- Supervising, monitoring, reminding, guiding or encouraging (functional assessment rank 2);
- Services provided for the benefit of others:
- Services for which a responsible relative is able and available to provide:
- Services provided free of charge;
- Services provided by another resource at the same time:
- Transportation Medical transportation policy and procedures are in Services Manual Item 211.
- Money management, e.g., power of attorney, representative payee;
- Medical services:
- Home delivered meals:
- Adult day care

Adult Services Manual (ASM) 9-1-2008

In this case the credible testimony establishes the worker performed a comprehensive assessment during a home call. She determined the Appellant was able to meet her

own needs and had access to adequate assistance from her able and available to assist her with any housework, laundry or meal preparation the Appellant believed she needed help with. The Notice the worker mailed to the Appellant was worded in an unfortunate manner, indicating the worker expected all of the minor children to assist the Appellant in the home. The worker clarified her intent on the record, expressly stating she did not expect any of the minor children to assist, other than the said at the assessment the Appellant indicated she needed help with day care for the children and help with laundry, housework and meal preparation. She indicated she tires.
The Appellant's testimony establishes her activities and does not come home directly after school, thus he is unable to assist her until later. She further testified he does not know how to do everything she needs help doing. She presented no testimony her son is physically or cognitively impaired in any manner. This ALJ did listen to the testimony presented by the Appellant and the Department and was not persuaded the Appellant has unmet needs, or that her legal dependent is not available and able as defined in Policy.
There was no evidence presented the Appellant is at risk of being unable to remain in the community without physical assistance that is not available to her from her legal dependent. Policy states that since she has legal dependants able and available to assist her with the needs she believes she has, including cooking, laundry and shopping and housework, she is ineligible for payment assistance for those tasks. The Department's decision is in accord with current Department Policy. This ALJ finds the Department's determination was based upon an adequate comprehensive assessment of the Appellant's abilities and circumstances and is correct.
DECISION AND ORDER
The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds the Department has properly denied program eligibility following an adequate comprehensive assessment for the Appellant.
IT IS THEREFORE ORDERED that:
The Department's decision is AFFIRMED.
