CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

42 CFR § 438.56 Disenrollment: Requirements and limitations.

(a) Applicability. The provisions of this section apply to all managed care arrangements whether enrollment is mandatory or voluntary and whether the contract is with an MCO, a PIHP, a PAHP, or a PCCM.

(b) Disenrollment requested by the MCO, PIHP, PAHP, or PCCM. All MCO, PIHP, PAHP, and PCCM contracts must—

(1) Specify the reasons for which the MCO, PIHP, PAHP, or PCCM may request disenrollment of an enrollee;

(2) Provide that the MCO, PIHP, PAHP, or PCCM may not request disenrollment because of an adverse change in the enrollee's health status, or because of the enrollee's utilization of medical services, diminished mental capacity, or uncooperative or disruptive behavior resulting from his or her special needs (except when his or her continued enrollment in the MCO, PIHP, PAHP, or PCCM seriously impairs the entity's ability to furnish services to either this particular enrollee or other enrollees); and

(3) Specify the methods by which the MCO, PIHP, PAHP, or PCCM assures the agency that it does not request disenrollment for reasons other than those permitted under the contract.

(c) Disenrollment requested by the enrollee. If the State chooses to limit disenrollment, its MCO, PIHP, PAHP, and PCCM contracts must provide that a recipient may request disenrollment as follows:

(1) For cause, at any time.

(2) Without cause, at the following times:

(i) During the 90 days following the date of the recipient's initial enrollment with the MCO, PIHP, PAHP, or PCCM, or the date the State sends the recipient notice of the enrollment, whichever is later.

(ii) At least once every 12 months thereafter.

(iii) Upon automatic reenrollment under paragraph (g) of this section, if the temporary loss of Medicaid eligibility has caused the recipient to miss the annual disenrollment opportunity.

(iv) When the State imposes the intermediate sanction specified in §438.702(a)(3)

The Department's Contract disenrollment provisions must comply with the above-cited applicable Federal regulations for Health Plan contracts created under the authority of the Medical Assistance program.

Code sections [42 CFR 438.100 and 438.708] provide the mechanism(s) for enrollee protection and the potential for health plan/MCO sanction.

Those sections provide;

438.100 Enrollee rights.

(a) General rule. The State must ensure that—

1. Each MCO and PIHP has written policies regarding the enrollee rights specified in this section; and
2. Each MCO, PIHP, PAHP, and PCCM complies with any applicable Federal and State laws that pertain to enrollee rights, and ensures that its staff and affiliated providers take those rights into account when furnishing services to enrollees.

(b) Specific rights--(1) Basic requirement. The State must ensure that each managed care enrollee is guaranteed the rights as specified in paragraphs (b)(2) and (b)(3) of this section.

(2) An enrollee of an MCO, PIHP, PAHP, or PCCM has the following rights: The right to--

(i) Receive information in accordance with Sec. 438.10.

(ii) Be treated with respect and with due consideration for his or her dignity and privacy.

(iii) Receive information on available treatment options and alternatives, presented in a manner appropriate to the enrollee's condition and ability to understand. (The information requirements for

services that are not covered under the contract because of moral or religious objections are set forth in Sec. 438.10(f)(6)(xii).)

(iv) Participate in decisions regarding his or her health care, including the right to refuse treatment.

(v) Be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience or retaliation, as specified in other Federal regulations on the use of restraints and seclusion.

(vi) If the privacy rule, as set forth in 45 CFR parts 160 and 164 subparts A and E, applies, request and receive a copy of his or her medical records, and request that they be amended or corrected, as specified in 45 CFR Sec. 164.524 and 164.526.

(3) An enrollee of an MCO, PIHP, or PAHP (consistent with the scope of the PAHP's contracted services) has the right to be furnished healthcare services in accordance with 42 CFR 438.206 through 438.210.

(c) Free exercise of rights. The State must ensure that each enrollee is free to exercise his or her rights, and that the exercise of those rights does not adversely affect the way the MCO, PIHP, PAHP, or PCCM and its providers or the State agency treat the enrollee.

(d) Compliance with other Federal and State laws. The State must ensure that each MCO, PIHP, PAHP, and PCCM complies with any other applicable Federal and State laws (such as: title VI of the Civil Rights Act of 1964 as implemented by regulations at 45 CFR part 80; the Age Discrimination Act of 1975 as implemented by regulations at 45 CFR part 91; the Rehabilitation Act of 1973; and titles II and III of the Americans with Disabilities Act; and other laws regarding privacy and confidentiality). * * *

The Michigan Department of Community Health (MDCH), pursuant to the provisions of the Social Security Act Medical Assistance Program, contracts with Health Plan of Michigan to provide State Medicaid Plan services to enrolled beneficiaries and ABW recipients.

The Department's contract provides, as follows:

Disenrollment Requests Initiated by the Contractor

(2) Special Disenrollments

The Contractor may initiate special disenrollment requests to the DCH based on enrollee actions inconsistent with Contractor membership – for example, if there is fraud, abuse of the Contractor, or other intentional misconduct; or if, the enrollee's abusive or violent behavior poses a threat to the Contractor or provider. Health Plans are responsible for members until the date of disenrollment. Special disenrollment requests are divided into three categories:

- Violent/life threatening situations involving physical acts of violence; physical or verbal threats of violence made against the Contractor providers, staff or the public at the Contractor locations; or stalking situations.
- Fraud/misrepresentation involving alteration or theft of prescriptions misrepresentation of Contractor membership, or unauthorized use of CHCP benefits.
- Other actions inconsistent with plan membership. Examples include, but are not limited to, the repeated use of non-Contractor providers without referral or when in-network providers are available; discharge from multiple practices of available Contractor's network providers; inappropriate use of prescription medication or drug seeking

behaviors including inappropriate use of emergency room facilities for drug seeking purposes. (Emphasis supplied)

A Contractor may not request special disenrollment based on physical or mental health status of the enrollee. If the enrollee's physical or mental health is a factor in the actions inconsistent with plan membership, the Contractor must document evidence of the Contractor's actions to assist the enrollee in correcting the problem, including appropriate physical and mental health referrals. The Contractor must also document that the continued enrollment seriously impairs the Contractor or providers' ability to furnish services to this enrollee or other enrollees. The DCH reserves the right to require additional information from the Contractor to assess the appropriateness of the disenrollment. The effective disenrollment date shall be 60 days from the date DCH received the complete request from the Contractor that contains all the information necessary for DCH to render a decision. If the beneficiary exercises their right of appeal, the effective disenrollment date shall be no later than 30 days following resolution of the appeal. [2010 Contract at §1-B, page 21]

The Department witness, [REDACTED] testified that the Appellant was disenrolled after MSA investigation and review. She said this action followed an earlier denial for disenrollment brought by the MHP.

[REDACTED] stated that in this instance the MHP brought sufficient documentation of emergency room abuse, and drug seeking behavior on the part of the Appellant - including many cancelled medical appointments with PCP and medical specialists selected specifically to address the very issues that the Appellant claimed ER treatment.

[REDACTED] concluded her testimony stating that this action in no way affected the Appellant's eligibility for Medicaid, but rather transfers her to fee-for-service and subject to the provisions of the MDCH Benefit Monitoring Program.

The Appellant had no credible testimony to refute the extensive evidence gathered by the MHP as reviewed by the Department – except to question the number of times she was reported to have used the emergency room. She thought it was [REDACTED] – the MHP reported [REDACTED] instances during the course of a year.

Hearing Decision & Order

Clearly, the Appellant has utilized the emergency room for non-emergent issues. She has improperly sought prescription medications, missed medical appointments and failed to cooperate with the MHP in support of her medical best interest. [See Department's Exhibit A at pages 12, 13, 15-21, 26-31, 33 and 46.]

The health plans are not allowed to disenroll members owing to adverse changes in health status or because the member manifests uncooperative or disruptive behavior resulting from his or her special needs. [See *generally*, 42 CFR 438.56(b) (2)] As such they take their member where they found her – general disobedience included.

This conduct, however, as observed by the ALJ at hearing, seriously impairs the MHP's ability to furnish needed medical services owing to the member's lack of cooperation.

While it is true that some MHP members simply require greater effort, the MHP demonstrated significant effort toward servicing an unreceptive member.

Based upon the testimony and the evidence presented today, I find that the Department properly granted [REDACTED] request for Disenrollment.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly granted the MHP request for Special Disenrollment.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
