Claimant

Reg. No: 2010-23643
Issue No: 3052
Case No: [REDACTED]
Load No: [REDACTED]
Hearing Date:
March 25, 2010
Wexford County DHS

ADMINISTRATIVE LAW JUDGE: Suzanne L. Keegstra

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a telephone hearing was held on March 25, 2010. The claimant personally appeared and provided testimony, along with her husband, [REDACTED]

ISSUE

Did the claimant receive an overissuance (OI) of Food Assistance Program (FAP) benefits from August, 2007 through December, 2007?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The claimant was receiving FAP benefits when a Semi-Annual Contact Report was submitted on May 10, 2007. This report indicated that [REDACTED] should be returning to work in a couple of weeks. (Department Exhibit 25).

2. On April 22, 2008, an Overissuance Referral (DHS-4701) was completed on the claimant's case because the department had not budgeted [REDACTED] employment income when he returned to work. (Department Exhibit 24).

3. [REDACTED] employer [REDACTED]) completed a Verification of Employment (DHS-38) on December 17, 2007, showing that [REDACTED] had started back to work for them on either June 2 or June 4, 2007 and provided his earnings for the OI time period. (Department Exhibit 15 – 19)

4. When the income was properly budgeted, it showed that the claimant was overissued FAP benefits in the amount of \$2279. (Department Exhibit 1 – 13).

5. The claimant requested a hearing on December 9, 2009.

CONCLUSIONS OF LAW

The Food Assistance Program (FAP) (formerly known as the Food Stamp (FS) program) is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the FAP program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3001-3015. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Department policy states:

BENEFIT OVERISSUANCES

DEPARTMENT POLICY

All Programs

When a client group receives more benefits than they are entitled to receive, DHS must attempt to recoup the overissuance (OI).

This item explains OI types and standard of promptness. PAM, Item 700, p. 1.

Definitions

The **Automated Recoupment System (ARS)** is part of CIMS that tracks all FIP, SDA and FAP OIs and payments, issues automated collection notices and triggers automated benefit reductions for action programs.

Overissuance Type identifies the cause of an overissuance.

Recoupment is a DHS action to identify and recover a benefit overissuance. PAM 700, p. 1.

PREVENTION OF OVERISSUANCES

All Programs

DHS must inform clients of their reporting responsibilities and act on the information reported within the standard of promptness. PAM 700, p. 2.

During eligibility determination and while the case is active, clients are repeatedly reminded of reporting responsibilities, including:

- . Acknowledgments on the application forms, **and**
- . Explanation at application/redetermination interviews, **and**
- . Client notices and program pamphlets.

DHS must prevent OIs by following PAM 105 requirements and by informing the client or authorized representative of the following:

- . Applicants and recipients are required by law to give complete and accurate information about their circumstances.
- . Applicants and recipients are required by law to promptly notify DHS of any changes in circumstances within 10 days.

- . Incorrect, late reported or omitted information causing an OI can result in cash repayment or benefit reduction.
- . A timely hearing request can delete a proposed benefit reduction. The client must repay the OI if:
 - .. the hearing request is later withdrawn, **or**
 - .. the State Office of Administrative Hearings and Rules (SOAHR) denies the hearing request, **or**
 - .. the client or administrative hearing representative fails to appear for the hearing and SOAHR gives DHS written instructions to proceed, **or**
 - .. the hearing decision upholds the department's actions.

See PAM 600

Record on the application the client's comments and/or questions about the above responsibilities. PAM 700, p. 2.

OVERISSUANCE TYPES

Department Error

All Programs

A department error OI is caused by incorrect action (including delayed or no action) by DHS staff or department processes. Some examples are:

- . Available information was not used or was used incorrectly
- . Policy was misapplied
- . Action by local or central office staff was delayed
- . Computer or machine errors occurred
- . Information was not shared between department divisions (services staff, Work First agencies, etc.)
- . Data exchange reports were not acted upon timely (Wage Match, New Hires, BENDEX, etc.)

If unable to identify the type of OI, record it as a department error.

FIP, SDA, CDC, and FAP

Department error OIs are not pursued if the estimated OI amount is less than \$500 per program.

Exception: There is no threshold limit on CDC **system** errors. RRS in central office will recoup these types of overissuances.

FIP, SDA and FAP Only

Note: The department error threshold was lowered to \$500 effective April 1, 2005 and retroactive back to September 1, 2003. If the department error includes September 2003, the \$500 threshold applies. If all months of the error are prior to September 2003, the \$1,000 threshold applies.

FIP and SDA Only

Treat an OI due to excess assets as a department error **unless** IPV caused it.

CDC Only

CDC department errors and CDC provider department errors must be pursued beginning October 1, 2006. If the CDC department error OI period included the month of October 2006, include the months previous to October 2006 when determining the OI amount.

Note: Department errors will be assigned to the provider or the client depending on the type of department error that occurred. See PAM 705 for examples.

MA, SER and ESS Only

Recoupment of department error OIs are not pursued. PAM 700, pp. 3-4.

Client Error

All Programs

A **client error** OI occurs when the client received more benefits than they were entitled to because the client gave incorrect or incomplete information to the department.

A client error also exists when the client's timely request for a hearing results in deletion of a DHS action, **and**

- . The hearing request is later withdrawn, **or**
- . SOAHR denies the hearing request, **or**
- . The client or administrative hearing representative fails to appear for the hearing and SOAHR gives DHS written instructions to proceed, **or**
- . The hearing decision upholds the department's actions. See PAM 600. PAM Item 700, p. 5.

OVERISSUANCE THRESHOLD

FIP, SDS, CDC and FAP Only

Department error OIs are not pursued if the estimated OI amount is less than \$500 per program.

Client error OIs are not established if the OI amount is less than \$125, unless:

- . the client or provider is active for the OI program, or
- . the OI is a result of a Quality Control (QC) audit finding. PAM 700, p. 7.

The alleged OI period is from August, 2007 through December, 2007. During this time, if Mr. Nolan's income had been budgeted properly, the claimants would have been eligible for less FAP benefits than they actually received.

Department policy provides that a client error OI will be pursued if the amount of the OI is \$125 or more. PAM 700. A department error OI will be pursued if the amount of the OI is \$500 or more. PAM 700. In this case, the amount of the OI is \$2279, so it will be recouped whether it is client error or department error.

Department policy requires clients to report all changes within ten days. PAM 105. This would include sources of income, such as if [REDACTED] returned to work. [REDACTED] testified that she called the department several time and reported her husband's income as required. If this is the case, the error would be department error. If the claimant failed to report the income, the error would be client error. However, the point is really moot as the OI meets the threshold for either type of error. Clearly, \$2279 would exceed the threshold for either client or department error.

If [REDACTED] income had been correctly budgeted, the claimant would have received no FAP benefits for the OI months, except for the month of December, 2007, when the claimants would have been eligible to receive \$383. This results in an OI of \$2279 for August, 2007 through December, 2007. Thus, this Administrative Law Judge finds that the claimant was overissued \$2279 in FAP benefits, which the department is entitled to recoup.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the department properly determined there was an OI of \$2279 from August, 2007 through December, 2007 and that the department is entitled to recoup this amount from the claimant.

Accordingly, the department's decision is UPHeld. SO ORDERED.
