- (2) Claimant's FAP budget was run after a redetermination and claimant's budget indicated claimant eligible for FAP benefits in the amount of \$16.

### CONCLUSIONS OF LAW

The Food Assistance Program (FAP) (formerly known as the Food Stamp (FS) program) is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the FAP program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3001-3015. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

When determining eligibility for FAP benefits, the household's total income must be evaluated. All earned and unearned income of each household member must be included unless specifically excluded. BEM, Item 500. A standard deduction from income of \$132 is allowed for certain households. Certain non-reimbursable medical expenses above \$35 a month may be deducted for senior/disabled/veteran group members. Another deduction from income is provided if monthly shelter costs are in excess of 50% of the household's income after all of the other deductions have been allowed, up to a maximum of \$459 for non-senior/disabled/veteran households. BEM, Items 500 and 554; RFT 255; 7 CFR 273.2. Only heat, electricity, sewer, trash and telephone are allowed deductions. BEM 554. Any other expenses are considered non-critical, and thus, not allowed to be deducted from gross income. Furthermore, RFT 255 states exactly how much is allowed to be claimed for each deduction.

In this case, the Administrative Law Judge has reviewed the FAP budget and finds that the Department properly computed the claimant's gross income. The gross unearned income amount must be counted as income, which is \$1664 the current case,

before any deductions. BEM 500. These amounts were verified by the claimant during the course of the hearing. After taking into account claimant's rent of \$1000 and allowing for a utility deduction of \$555, the undersigned has calculated claimant has having a net income of \$1073.

The federal regulations at 7 CFR 273.10 provide standards for the amount of a household's benefits. The Department, in compliance with the federal regulations, has prepared issuance tables which are set forth at Bridges Reference Manual, Table 260. The issuance table provides that a household with household size and net income of the claimant eligible for an FAP allotment of \$16. The Administrative Law Judge has reviewed the budget and found no significant errors. Claimant was unable to point out specifically what parts of the budget she felt were in error. Claimant's main complaint is that before the redetermination, claimant had been receiving \$142 in FAP benefits; however, the undersigned cannot consider what claimant was receiving in FAP benefits at one point in time. He can only review the current budget and determine if it is correct. After reviewing the claimant's income at the time of the hearing, and claimant's rent and other deductions, the undersigned has determined that claimant appears to be receiving the correct amount in FAP benefits. Therefore, the undersigned finds that the Department correctly determined the claimant's FAP budget.

#### DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Department's decision to award claimant a FAP allotment of \$16 was correct.

Accordingly, the Department's decision in the above stated matter is, hereby,  
AFFIRMED.
