DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on [REDACTED]. The Appellant, [REDACTED], appeared on her own behalf. [REDACTED], Appeals Review Officer, represented the Department. [REDACTED], Adult Services Worker, and [REDACTED], General Services Program Manager, were present as Department witnesses.

ISSUE

Did the Department properly deny the Appellant's Home Help Services (HHS) application?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Appellant is a Medicaid beneficiary.
2. The Appellant filed an application for HHS in [REDACTED]. (See Exhibit 1, page 5)
3. The Department never received a completed DHS 54-A medical needs form, certifying a medical need for any of the specified personal services. (Testimony of Czupich)
4. On [REDACTED], the Department issued an Adequate Negative Action Notice, denying Home Help Services based on the lack of a completed medical needs form. (Exhibit 1, pages 5-7)

5. On ██████████, the Department received the Appellant's Request for Hearing. (Exhibit 1, page 3)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

The purpose of HHS is to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual (ASM 363) 9-1-2008, pages 2-5 of 24 addresses the issue of eligibility for Home Help Services:

ELIGIBILITY FOR HOME HELP SERVICES

Home help services (HHS) are defined as those which the department is paying for through Title XIX (Medicaid) funds. The client must be eligible for Medicaid in order to receive these services.

Medicaid/Medical Aid(MA)

Verify the client's Medicaid/Medical aid status.

The client may be eligible for MA under one of the following:

- All requirements for MA have been met, **or**
- MA deductible obligation has been met.

The client must have a scope of coverage of:

- 1F or 2F, **or**
- 1D or 1K (Freedom to Work), **or**
- 1T (Healthy Kids Expansion).

Clients with eligibility status 07 (Income scale 2-Non MA) and scope of coverage 20 or 2B are **not** eligible for Medicaid until they have met their MA deductible obligation.

An ILS case may be opened (service program 9) to assist the client in becoming MA eligible. However, do **not** authorize HHS payment prior to the MA eligibility date. The payment must be prorated if the eligibility period is less than the full month. To prorate, divide the monthly care cost by the

number of days in the month. Then, multiple that daily rates by the number of eligible days.

Note: A change in the scope of coverage by the eligibility specialist (ES) will generate a DHS-5S for cases active to services programs 1, 7, and 9.

Necessity For Service

The adult services worker is responsible for determining the necessity and level of need for HHS based on:

- Client choice.
- A complete comprehensive assessment and determination of the client's need for personal care services.
- Verification of the client's medical need by a Medicaid enrolled medical professional. The client is responsible for obtaining the medical certification of need. The Medicaid provider identification number must be entered on the form by the medical provider. The Medical Needs form must be signed and dated by one of the following medical professionals:
 - Physician.
 - Nurse practitioner.
 - Occupational therapist.
 - Physical therapist.

Exception: DCH will accept a DHS-54A completed by a VA physician or the VA medical form in lieu of the medical needs form.

The medical professional certifies that the client's need for service is related to an existing medical condition. The medical professional does not prescribe or authorize personal care services.

If the medical needs form has not been returned, the adult services worker should follow-up with the client and/or medical professional.

If the case is closed and reopened within 90 days with no changes in the client's condition, a new DHS-54A is not necessary.

Do **not** authorize HHS prior to the date of the medical professional signature on the DHS-54A.

Adult Services Manual (ASM 363) 9-1-2008, Pages 7-9 of 24

Policy requires that the worker obtain verification of a medical need for assistance from a Medicaid enrolled provider in order to authorize HHS. Here, the Department did not receive a completed DHS 54-A medical needs form from the Appellant's physician. (Testimony of ██████████)

The Appellant testified that she needs help due to illness. She testified that she is currently in the final stage of emphysema with COPD. She also has cataracts, a torn rotator cuff, and a slipped disc in her back. However, she acknowledges that the Department has not received a completed medical needs form because her pulmonologist refused to fill it out and her primary physician would like to try therapy before doing so.

In this case, policy is clear: verification is required from a Medicaid enrolled medical professional certifying the client's medical need for services. The Department properly denied the Appellant's HHS application based on the lack of a completed medical needs form.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department properly denied the Appellant's HHS application.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.
