CONCLUSIONS OF LAW

The State Disability A ssistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, et seq., and MAC R 400.3151-400.3180. Department polic ies are found in the Program

2010-40931/LYL

Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The Medical Assistance (MA) program is estab lished by Title XIX of the Social Sec urity Act and is implemented by T itle 42 of the C ode of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Program Reference Manual (PRM).

Pursuant to Federal Rule 42 CFR 435.540, the Department of Human Services uses the federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the Medical Assistance program. Under SSI, disability is defined as:

...the inability to do any substant ial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905

A set order is used to deter mine disability . Current work activity, severity of impairments, residual functional capacity, past wor k, age, or education and work experience is reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

If an individual is working and the work is substantial gainful activity, the individual is not disabled regardless of the medical condition, education and work experienc e. 20 CFR 416.920(c).

If the impairment or combination of impair ments do not signific antly limit physica I or mental ability to do basic work activities, it is not a severe impairment(s) and disab ility does not exist. Age, education and work ex perience will not be c onsidered. 20 CFR 416.920.

Statements about pain or other symptoms do not alone establish disability. There must be medical signs and laboratory findings wh ich demonstrate a medical im pairment.... 20 CFR 416.929(a).

...Medical reports should include -

- (1) Medical history.
- (2) Clinical findings (such as the results of physical or mental status examinations);
- (3) Laboratory findings (such as blood pressure, X-rays);

(4) Diagnosis (statement of di sease or injury based on its signs and symptoms).... 20 CFR 416.913(b).

In determining disability under the law, the ability to work is measured. An individual's functional capacity for doing bas ic work activities is evaluated. If an individual has the ability to perform basic work activities with out significant limitations, he or she is not considered disabled. 20 CFR 416.994(b)(1)(iv).

Basic work activities are the abilities and aptitudes necessary to do most jobs. Examples of these include --

- (1) Physical functions such as wa lking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

Medical findings must allow a determination of (1) the nature and limiting effects of your impairment(s) for any period in question; (2) the probable duration of the impairment ; and (3) the residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913(d).

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other a cceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including your symptoms, diagnosis and prognosis, what an indiv idual can do des pite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

All of the evidenc e relevant to the claim, including m edical opinions, is rev iewed and findings are made. 20 CFR 416.927(c).

The Administrative Law Judge is responsible for making the determination or decis ion about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other ev idence that support a medical source's statement of disability.... 20 CFR 416.927(e).

A statement by a medical s ource finding t hat an individual is "d isabled" or "unable to work" does not mean that disability e xists for the purposes of the program. 20 CFR 416.927(e).

When determining disability, the federal regulations require that s everal considerations be analyzed in s equential order. If disability can be r uled out at any step, analys is of the next step is <u>not</u> required. These steps are:

- 1. Does the client perform Substant ial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
- 2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
- 3. Does the impairment appear on a special listing of impairments or are the clie nt's symptoms, signs, and laboratory findings at least equiv alent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
- 4. Can the client do the forme r work that he/she performed within the last 15 years? If yes, t he client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
- Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, A ppendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

Because of the SHRT determination, it is not necessary for the Administrative Law Judge to discuss the issue of dis ability per BAM, Item 600. The department is required to initiate a determination of claimant's financial eligibility for the requested benefits if not previously done.
