Reg. No: 2010-45157
Issue No: 3052
Case No: [REDACTED]
Load No: [REDACTED]
Hearing Date:
August 25, 2010
Washtenaw County DHS

ADMINISTRATIVE LAW JUDGE: Suzanne L. Keegstra

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a telephone hearing was held on August 25, 2010. The claimant did personally appear and provide testimony.

ISSUE

Did the claimant receive an overissuance (OI) of Food Assistance Program (FAP) benefits that the department is entitled to recoup?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The claimant was a FAP recipient when she returned to work with the Ann Arbor Public Schools in September, 2009.
2. The department received a Verification of Employment on February 15, 2010.

3. On April 23, 2010, the department verified the income with the Work Number.

(Department Exhibit 20 – 21)

4. When the department budgeted the employment income beginning June, 2010, the claimant was not eligible to receive any FAP benefits. (Department Exhibit 9)

5. The claimant had received \$181 in FAP benefits for each month since October, 2009.

6. The department mailed the claimant a Notice of Overissuance (DHS-4358) on April 23, 2010, indicating that the claimant had been overissued FAP benefits for the months of November, 2009 through May, 2010. The claimant had received \$181 each month when she should not have received any benefits, resulting in a total overissuance in the amount of \$1267. (Department Exhibit 4)

7. The claimant submitted a hearing request on April 28, 2010.

CONCLUSIONS OF LAW

The Food Assistance Program (FAP) (formerly known as the Food Stamp (FS) program) is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the FAP program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3001-3015. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Department policy states:

BENEFIT OVERISSUANCES

DEPARTMENT POLICY

All Programs

When a client group receives more benefits than they are entitled to receive, DHS must attempt to recoup the overissuance (OI). This item explains OI types and standard of promptness. PAM, Item 700, p. 1.

Definitions

The **Automated Recoupment System (ARS)** is part of CIMS that tracks all FIP, SDA and FAP OIs and payments, issues automated collection notices and triggers automated benefit reductions for action programs.

Overissuance Type identifies the cause of an overissuance.

Recoupment is a DHS action to identify and recover a benefit overissuance. PAM 700, p. 1.

PREVENTION OF OVERISSUANCES

All Programs

DHS must inform clients of their reporting responsibilities and act on the information reported within the standard of promptness. PAM 700, p. 2.

During eligibility determination and while the case is active, clients are repeatedly reminded of reporting responsibilities, including:

- . Acknowledgments on the application forms, **and**
- . Explanation at application/redetermination interviews, **and**
- . Client notices and program pamphlets.

DHS must prevent OIs by following PAM 105 requirements and by informing the client or authorized representative of the following:

- . Applicants and recipients are required by law to give complete and accurate information about their circumstances.

- . Applicants and recipients are required by law to promptly notify DHS of any changes in circumstances within 10 days.
- . Incorrect, late reported or omitted information causing an OI can result in cash repayment or benefit reduction.
- . A timely hearing request can delete a proposed benefit reduction. The client must repay the OI if:
 - .. the hearing request is later withdrawn, **or**
 - .. the State Office of Administrative Hearings and Rules (SOAHR) denies the hearing request, **or**
 - .. the client or administrative hearing representative fails to appear for the hearing and SOAHR gives DHS written instructions to proceed, **or**
 - .. the hearing decision upholds the department's actions.

See PAM 600

Record on the application the client's comments and/or questions about the above responsibilities. PAM 700, p. 2.

OVERISSUANCE TYPES

Department Error

All Programs

A department error OI is caused by incorrect action (including delayed or no action) by DHS staff or department processes. Some examples are:

- . Available information was not used or was used incorrectly
- . Policy was misapplied
- . Action by local or central office staff was delayed
- . Computer or machine errors occurred

- . Information was not shared between department divisions (services staff, Work First agencies, etc.)
- . Data exchange reports were not acted upon timely (Wage Match, New Hires, BENDEX, etc.)

If unable to identify the type of OI, record it as a department error.

FIP, SDA, CDC, and FAP

Department error OIs are not pursued if the estimated OI amount is less than \$125 per program.

Exception: There is no threshold limit on CDC **system** errors. RRS in central office will recoup these types of overissuances.

FIP, SDA and FAP Only

Note: The agency error threshold was lowered to \$125 for all programs with a retroactive effective date of August 1, 2008. All agency errors with an overissuance of \$125 or more will be recouped.

FIP and SDA Only

Treat an OI due to excess assets as a department error **unless** IPV caused it.

CDC Only

CDC department errors and CDC provider department errors must be pursued beginning October 1, 2006. If the CDC department error OI period included the month of October 2006, include the months previous to October 2006 when determining the OI amount.

Note: Department errors will be assigned to the provider or the client depending on the type of department error that occurred. See PAM 705 for examples.

MA, SER and ESS Only

Recoupment of department error OIs are not pursued. PAM 700, pp. 3-4.

Client Error

All Programs

A **client error** OI occurs when the client received more benefits than they were entitled to because the client gave incorrect or incomplete information to the department.

A client error also exists when the client's timely request for a hearing results in deletion of a DHS action, **and**

- . The hearing request is later withdrawn, **or**
- . SOAHR denies the hearing request, **or**
- . The client or administrative hearing representative fails to appear for the hearing and SOAHR gives DHS written instructions to proceed, **or**
- . The hearing decision upholds the department's actions. See PAM 600. PAM Item 700, p. 5.

OVERISSUANCE THRESHOLD

FIP, SDS, CDC and FAP Only

Department error OIs are not pursued if the estimated OI amount is less than \$125 per program.

Client error OIs are not established if the OI amount is less than \$125, unless:

- . the client or provider is active for the OI program, or
- . the OI is a result of a Quality Control (QC) audit finding. PAM 700, p. 7.

In this case, the claimant is disputing the department's determination that the claimant must repay the department for an overissuance that she received. The claimant testified that she reported her return to work several times, beginning in September, 2009. The claimant further testified that she doesn't feel she should have to pay back money when the department failed to act on information she provided timely.

Department policy indicates that a department error overissuance is caused by incorrect action (including delayed or no action) by DHS staff or department processes. BEM 700. The department does not dispute that they failed to budget the reported income in a timely manner. However, department policy does require that a department error overissuance be recouped if the overissued amount is \$125 or more. BEM 700.

The claimant received \$181 for each month of the overissuance period of November, 2009 through May, 2010. If the claimant's employment income had been properly budgeted, she would not have been eligible to receive any FAP benefits. Thus, the claimant was issued \$1267 in error. As this exceeds the threshold amount for department error recoupment, the department is required to recoup the overissued amount.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the department properly determined there was an overissuance of \$1267 for the period of November, 2009 through May, 2010 and that the department is entitled to recoup this amount from the claimant.

Accordingly, the department's decision is UPHELD. SO ORDERED.
