ISSUE

Whether the Department of Human Services (DHS or Department) properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

1. On March 10, 2010, Claimant applied for MA-P and retro MA-P to December 2009.
2. On March 29, 2010, the Medical Review Team denied Claimant's request.

4. The State Hearing and Review Team (SHRT) denied Claimant's request.

6. Claimant completed education through some college.
7. Claimant has employment experience as a home health aide, youth care worker and in security work.

8. Claimant suffers from low back pain, spinal cord trauma, asthma, hypertension, colitis, post-polio syndrome, major depression, bipolar disorder, post traumatic stress disorder and borderline personality.
9. MRT approved application dated August 6, 2010, including retro back to May 2010 based upon meeting listing 12.04.
10. Claimant's limitations have lasted for 12 months or more.
11. Claimant has significant limitations on physical activities involving sitting, standing, walking, bending, lifting, and stooping.
12. Claimant has significant limitations on understanding, carrying out, and remembering simple instructions; use of judgment; responding appropriately to supervision, co-workers and usual work situations; and dealing with changes in a routine work setting.

CONCLUSIONS OF LAW

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Program Reference Manual (PRM).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

In the present case, Claimant was approved by MRT for ongoing MA based upon listing 12.04. Claimant testified to the following: a lot of pain in back, left leg has atrophy, chronic fatigue, hard to function in daily activities, avoids people, crying spells, goes days without showering and dressing, needs help with grocery shopping, needs help with all household chores, poor concentration, poor memory, ongoing suicidal thoughts, attempted in [REDACTED], dizzy and nausea from medications and mental thoughts are real foggy.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 12.04 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of December 2009.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated March 10, 2010, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be in accordance with the MRT approval and be set for September 2013.
