

was at capacity, therefore, she would be placed on the waiting list. (Exhibit 1, page 9)

5. The Department's waiver agency is currently at capacity and, due to lack of funds, is unable to enroll Appellant in the MI Choice Waiver program at this time.
6. The Appellant is not at imminent risk of nursing facility placement. (Director of Operations Testimony)
7. Following notification that she had been placed on a waiting list for the MI Choice program, a formal, administrative hearing was requested on the Appellant's behalf on [REDACTED].

### **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

This Appellant is claiming services through the Department's Home and Community Based Services for Elderly and Disabled (HCBS/ED). The waiver is called MI Choice in Michigan. The program is funded through the federal Centers for Medicare and Medicaid (formerly HCFA) to the Michigan Department of Community Health (Department). Regional agencies, in this case an [REDACTED] function as the Department's administrative agency.

Waivers are intended to provide the flexibility needed to enable States to try new or different approaches to the efficient and cost-effective delivery of health care services, or to adapt their programs to the special needs of particular areas or groups of recipients. Waivers allow exceptions to State plan requirements and permit a State to implement innovative programs or activities on a time-limited basis, and subject to specific safeguards for the protection of recipients and the program. Detailed rules for waivers are set forth in subpart B of part 431, subpart A of part 440 and subpart G of part 441 of this chapter. *42 CFR 430.25(b)*

The U.S. Department of Health and Human Services, on page 5 of a letter to State Medical Directors labeled Olmstead Update Number 4 (SMDL #01-006), dated January 10, 2001, in reply to the following question responded, in part:

May a State use the program's funding appropriation to specify the total number of people eligible for an HCBS waiver?

CMS has allowed States to indicate that the total number of people to be served may be the lesser of either (a) a specific number pre-determined by the State and approved by CMS (the approved "factor C" value), or (b) a number derived from the amount of money the legislature has made available (together with corresponding Federal match). The current HCBS waiver preprint contains both options....

The waiver agency has committed all the financial resources made available through the Department's appropriations and to ensure continued service to current waiver enrollees and is not assessing any additional individuals. It maintains a waiting list and contacts individuals on the list on a first come, first served basis when sufficient resources become available to serve additional individuals. It then determines how many individuals from the list it can assess and assesses a limited number of individuals from the list to determine if they may be eligible for enrollment in the MI Choice Waiver.

The pertinent section of *Policy Bulletin 09-47* states:

The following delineates the current waiting list priority categories and their associated definitions. They are listed in descending order of priority.

**Persons No Longer Eligible for Children's Special Health Care Services (CSHCS) Because of Age** This category includes only persons who continue to need Private Duty Nursing care at the time coverage ended under CSHCS.

**Nursing Facility Transition Participants** A given number of program slots will be targeted by MDCH each year to accommodate nursing facility transfers. Nursing facility residents are a priority only until the enrollment target established by MDCH has been reached.

**Current Adult Protective Services (APS) Clients** When an applicant who has an active APS case requests services, priority should be given when critical needs can be addressed by MI Choice Program services. It is not expected that MI Choice Program agents seek out and elicit APS cases, but make them a priority when appropriate.

**Chronological Order By Date Services Were Requested** This category includes potential participants who do not meet

any of the above priority categories and those for whom prioritizing information is not known.

### **Updates**

Below are the two waiting list priority categories that have been updated. The updated categories will also be available on the MDCH website at [www.michigan.gov/medicaidproviders](http://www.michigan.gov/medicaidproviders)

- >> Prior Authorization
- >> The Medicaid Nursing Facility Level of Care Determination
- >> MI Choice Eligibility and Admission Process.

### **Nursing Facility Transition Participants**

Nursing facility residents who face barriers that exceed the capacity of the nursing facility routine discharge planning process qualify for this priority status. Qualified persons who desire to transition to the community are eligible to receive assistance with supports coordination, transition activities, and transition costs.

### **Current Adult Protective Services (APS) Clients and Diversion Applicants**

When an applicant who has an active APS case requests services, priority is given when critical needs can be addressed by MI Choice Waiver services. It is not expected that MI Choice Waiver agents solicit APS cases, but priority should be given when appropriate.

An applicant is eligible for diversion status if they are living in the community or are being released from an acute care setting and are found to be at imminent risk of nursing facility admission. Imminent risk of placement in a nursing facility is determined using the Imminent Risk Assessment, an evaluation approved by MDCH. Supports coordinators administer the evaluation in person, and final approval of a diversion request is made by MDCH.

*Medical Services Administration Policy Bulletin 09-47,  
November 2009, pages 1-2 of 3.*

The [REDACTED] testified that the Appellant was placed on the waiting list at the time the initial telephone call was made on [REDACTED]. She further testified that a follow up call was made on [REDACTED], to consider whether the Appellant was at risk for nursing facility admission. The [REDACTED] explained that no Imminent Risk Assessment was completed as it was reported that the Appellant is not at risk of nursing

facility placement at this time. She testified that the Appellant was placed on the waiting list in the order in which calls are received because she did not meet the criteria for prioritization.

The Appellant's son did not challenge the legal basis for placement on the waiting list. He testified that the Appellant had a stroke and has paralysis on the right side of her body. Her right arm does not respond at all, there is decreased mobility in her right leg but she can walk with a walker. The Appellant's son explained that they hope the Appellant will be able to return to full function and they are doing home services to keep the Appellant in her home.

The waiver agency has established a waiting list due to the limited resources it has to provide services. The Appellant does not meet the criteria for any of the wait list priority categories. While this ALJ sympathizes with the Appellant's circumstances, the MI Choice Waiver agency provided sufficient evidence that it implemented the MI Choice waiting list procedure in the manner in which CMS has approved and in accordance to Department policy; therefore, its actions were proper.

**DECISION AND ORDER**

Based on the above findings of fact and conclusions of law, I find the MI Choice Waiver agency properly denied Appellant enrollment and placed her on the waiting list due to limited financial resources.

**IT IS THEREFORE ORDERED** that:

The Department's decision is **AFFIRMED**.

Docket No. 2010-52502 EDW  
Decision and Order

Date Mailed: 11/29/2010

**\*\*\* NOTICE \*\*\***

The State Office of Administrative Hearings and Rules may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The State Office of Administrative Hearings and Rules will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Appellant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
