ISSUE

Was the claimant's FAP allotment computed and allocated correctly?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

- (1) Claimant was receiving an FAP allocation of \$165 in Wayne County.
- (2) Claimant began receiving unemployment income in September, 2009.
- (3) DHS made a redetermination of claimant's benefits.
- (4) Claimant's FAP budget was re-run and claimant's budget indicated claimant was eligible for FAP benefits in the amount of \$16 effective on October 1, 2009.
- (5) Claimant filed for hearing on October 20, 2009, alleging that DHS incorrectly computed her budget.

CONCLUSIONS OF LAW

The Food Assistance Program (FAP) (formerly known as the Food Stamp (FS) program) is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the FAP program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3001-3015. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

When determining eligibility for FAP benefits, the household's total income must be evaluated. All earned and unearned income of each household member must be included unless specifically excluded. BEM, Item 500. A standard deduction from income of \$132 is allowed for each household. Certain non-reimbursable medical expenses above \$35 a month may be deducted for senior/disabled/veteran group members. Another deduction from income is provided if monthly shelter costs are in excess of 50% of the household's income after all of the other deductions have been allowed, up to a maximum of \$300 for non-senior/disabled/veteran households. BEM, Items 500 and 554; RFT 255; 7 CFR 273.2. Only heat, electricity, sewer, trash and telephone are allowed deductions. BEM 554. Any other expenses are considered non-critical, and thus, not allowed to be deducted from gross income. Furthermore, RFT 255 states exactly how much is allowed to be claimed for each deduction. Policy states that \$33 is to be deducted for telephone expenses, and \$93 is to be deducted for electricity expenses, regardless of the actual bill. \$550 dollars may be deducted if the claimant has heating costs.

In this case, the Administrative Law Judge has reviewed the FAP budget and finds that the Department properly computed the claimant's gross income. The gross unearned income

benefit amount must be counted as unearned income, which is \$1092 in the current case, after counting the total member group's UCB benefits. BEM 500. These amounts were verified by the claimant during the course of the hearing. The federal regulations at 7 CFR 273.10 provide standards for the amount of a household's benefits. Claimant stated that her rent and housing expenses was \$750 per month. The Administrative Law Judge computed claimant as having a net income of \$657 dollars. The Department, in compliance with the federal regulations, has prepared issuance tables which are set forth at Bridges Reference Manual, Table 260. The issuance table provides that a household with household size and net income of the claimant is eligible for an FAP allotment of \$16. The Administrative Law Judge has reviewed the budget and found no significant errors. Claimant was unable to point out specifically what parts of the budget she felt were in error. Therefore, while the undersigned finds that the Department correctly determined the claimant's FAP allotment of \$16.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Department's decision to award claimant an FAP allotment of \$16 was correct.

Accordingly, the Department's decision is AFFIRMED.
