

4. Following notification she had been placed on a waiting list for the MI Choice program, the Appellant requested a formal, administrative hearing on January 7, 2010.

### **CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

This Appellant is claiming services through the Department's Home and Community Based Services for Elderly and Disabled (HCBS/ED). The waiver is called MI Choice in Michigan. The program is funded through the federal Centers for Medicare and Medicaid (formerly HCFA) to the Michigan Department of Community Health (Department). Regional agencies, in this case an Area Agency on Aging (AAA), function as the Department's administrative agency.

Waivers are intended to provide the flexibility needed to enable States to try new or different approaches to the efficient and cost-effective delivery of health care services, or to adapt their programs to the special needs of particular areas or groups of recipients. Waivers allow exceptions to State plan requirements and permit a State to implement innovative programs or activities on a time-limited basis, and subject to specific safeguards for the protection of recipients and the program. Detailed rules for waivers are set forth in subpart B of part 431, subpart A of part 440 and subpart G of part 441 of this chapter. *42 CFR 430.25(b)*

The U.S. Department of Health and Human Services, on page 5 of a letter to State Medical Directors labeled Olmstead Update Number 4 (SMDL #01-006), dated January 10, 2001, in reply to the following question responded, in part:

May a State use the program's funding appropriation to specify the total number of people eligible for an HCBS waiver?

CMS has allowed States to indicate that the total number of people to be served may be the lesser of either (a) a specific number pre-determined by the State and approved by CMS (the approved "factor C" value), or (b) a number derived from the amount of money the legislature has made available (together with corresponding Federal match). The current HCBS waiver preprint contains both options....

The waiver agency has committed all the financial resources made available through the Department's appropriations and to ensure continued service to current waiver enrollees and is not assessing any additional individuals. It maintains a waiting list and contacts individuals on the list on a first come, first served basis when sufficient resources become available to serve additional individuals. It then determines how many individuals from the list it can assess and assesses a limited number of individuals from the list to determine if they may be eligible for enrollment in the MI Choice Waiver.

The Appellant's representative testified she spends all day with her parents taking care of them in their home. She is unfamiliar with all the programs.

The waiver agency supervisor testified that another imminent risk screening was going to be conducted as soon as possible, likely within a week of the hearing date. The Appellant's representative was further advised about the Home Help Services program through the Department of Human Services.

**DECISION AND ORDER**

Based on the above findings of fact and conclusions of law, I find the MI Choice Waiver agency properly denied Appellant enrollment and placed her on the waiting list due to limited financial resources.

**IT IS THEREFORE ORDERED** that:

The Department's decision is **AFFIRMED**.
