ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF: [REDACTED],
Claimant

Reg. No.: 2010-18940
Issue No.: 2009, 4031
Case No.: [REDACTED]
Load No.: [REDACTED]
Hearing Date:
May 6, 2010
Oakland County DHS (04)

ADMINISTRATIVE LAW JUDGE: Linda Steadley Schwarb

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a hearing was held on May 6, 2010. Claimant appeared and testified.

ISSUE

Did the Department of Human Services (DHS or department) properly determine that claimant is not "disabled" for purposes of the Medical Assistance (MA-P) and State Disability Assistance (SDA) programs?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

- 1) On October 20, 2009, claimant filed an application for MA-P and SDA benefits. Claimant did not request retroactive medical coverage.

- 2) On December 18, 2009, the department denied claimant's application for benefits based upon the belief that claimant did not meet the requisite disability criteria.
- 3) On January 28, 2010, a hearing request was filed to protest the department's determination.
- 4) Claimant, age 50, has a high-school education from [REDACTED]. Claimant reports that she is unable to speak English and has a very limited ability to read and write English.
- 5) Claimant last worked in 2003 as a janitor. Claimant has had no other relevant work experience.
- 6) Claimant was hospitalized in [REDACTED] as a result of a urinary tract infection.
- 7) Claimant currently suffers from glaucoma and proteinuria.
- 8) Claimant suffers from no significant physical or mental limitations with respect to her ability to perform basic work activities.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Federal regulations require that the department use the same operative definition for “disabled” as used for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

“Disability” is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months
... 20 CFR 416.905

In general, claimant has the responsibility to prove that she is disabled. Claimant’s impairment must result from anatomical, physiological, or psychological abnormalities which can be shown by medically acceptable clinical and laboratory diagnostic techniques. A physical or mental impairment must be established by medical evidence consisting of signs, symptoms, and laboratory findings, not only claimant’s statement of symptoms. 20 CFR 416.908; 20 CFR 416.927. Proof must be in the form of medical evidence showing that the claimant has an impairment and the nature and extent of its severity. 20 CFR 416.912. Information must be sufficient to enable a determination as to the nature and limiting effects of the impairment for the period in question, the probable duration of the impairment and the residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913.

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. 20 CFR 416.920(b). In this case, claimant is not currently working. Therefore, claimant may not be disqualified for MA at this step in the sequential evaluation process.

Secondly, in order to be considered disabled for purposes of MA, a person must have a severe impairment. 20 CFR 416.920(c). A severe impairment is an impairment which significantly limits an individual's physical or mental ability to perform basic work activities. Basic work activities means the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

In this case, claimant has been diagnosed with glaucoma and proteinuria. Claimant has established that she has an impairment. However, she has not met her burden of proof that she has an impairment that is severe or significantly limits her physical or mental ability to perform basic work activities necessary for most jobs. At the hearing, claimant complained of vision difficulty secondary to glaucoma and burning/pressure in her mid-back area. With regard to her vision, claimant acknowledged that she has a driver's license which she renewed in [REDACTED] On

[REDACTED], claimant's treating physician diagnosed claimant with proteinuria and glaucoma. The physician indicated that claimant was "healthy except for glaucoma and proteinuria." The physician indicated that claimant had no physical or mental limitations. Claimant's condition was described as stable. The treating physician indicated that claimant was capable of performing her usual occupation as well as work at any job. (See Department Exhibit #1, pp. 4-6.) At the hearing, claimant acknowledged that she is unable to work because she is home working with her 21-year-old daughter who has Down's syndrome. The evidence fails to support claimant's position that she is incapable of basic work activities. See 20 CFR 416.927. Accordingly, the undersigned concludes that the department properly determined that claimant is not "disabled" for purposes of the MA program.

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

A person is considered disabled for purposes of SDA if the person has a physical or mental impairment which meets federal SSI disability standards for at least 90 days. Receipt of SSI or RSDI benefits based upon disability or blindness or the receipt of MA benefits based upon disability or blindness (MA-P) automatically qualifies an individual as disabled for purposes of the SDA program. Other specific financial and non-financial eligibility criteria are found in PEM Item 261. In this case, there is insufficient medical evidence to support a finding that claimant is incapacitated or unable to work under SSI disability standards for at least 90 day. Therefore, the undersigned finds that claimant is not disabled for purposes of the SDA program.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that claimant is not “disabled” for purposes of the Medical Assistance and State Disability Assistance programs. Accordingly, the department’s determination in this matter is hereby affirmed.
