Claimant

Reg. No.: 2010-25620

Issue No.: 2009

Case No.: [REDACTED]

Load No.: [REDACTED]

Hearing Date:

April 12, 2010

Wayne County DHS (82)

ADMINISTRATIVE LAW JUDGE: Linda Steadley Schwarb

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a hearing was held on April 12, 2010. Claimant appeared for the hearing. Claimant was represented by [REDACTED].

ISSUE

Did the Department of Human Services (DHS or department) properly determine that claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

- 1) On December 3, 2009, an application was filed on claimant's behalf for MA-P benefits. The application requested MA-P retroactive to September of 2009.

- 2) On January 7, 2010, the department denied claimant's application for benefits based upon the belief that claimant did not meet the requisite disability criteria.
- 3) On March 4, 2010, a hearing request was filed to protest the department's determination.
- 4) Claimant, age 59, has a high-school education.
- 5) Claimant last worked in 2003 as an elevator cable technician.
- 6) Claimant was hospitalized [REDACTED]. His final diagnosis was pancreatitis with pseudocyst surgery.
- 7) Claimant was re-hospitalized [REDACTED]. His primary diagnosis was abdominal pain, chronic pancreatitis; and pseudocyst. His final diagnosis was pancreatic cancer with metastasis to liver and abdominal lymph nodes.
- 8) Following the hospitalization, claimant returned to a shelter with medical management by Hospice of Southeast Michigan.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

Federal regulations require that the department use the same operative definition for “disabled” as used for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

“Disability” is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months
... 20 CFR 416.905

In determining whether an individual is disabled, 20 CFR 416.920 requires the trier of fact to follow a sequential evaluation process by which current work activity, the severity of the impairment(s), residual functional capacity, and vocational factors (i.e., age, education, and work experience) are assessed in that order. When a determination that an individual is or is not disabled can be made at any step in the sequential evaluation, evaluation under a subsequent step is not necessary.

First, the trier of fact must determine if the individual is working and if the work is substantial gainful activity. 20 CFR 416.920(b). In this case, claimant is not currently working. Therefore, claimant may not be disqualified for MA at this step in the sequential evaluation process.

Secondly, in order to be considered disabled for purposes of MA, a person must have a severe impairment. 20 CFR 416.920(c). A severe impairment is an impairment which significantly limits an individual’s physical or mental ability to perform basic work activities. Basic work activities means the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying or handling;

- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

The purpose of the second step in the sequential evaluation process is to screen out claims lacking in medical merit. *Higgs v. Bowen* 880 F2d 860, 862 (6th Cir, 1988). As a result, the department may only screen out claims at this level which are “totally groundless” solely from a medical standpoint. The *Higgs* court used the severity requirement as a “*de minimus* hurdle” in the disability determination. The *de minimus* standard is a provision of a law that allows the court to disregard trifling matters.

In this case, claimant has presented the required medical data and evidence necessary to support a finding that he has significant physical limitations upon his ability to perform basic work activities such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling. Medical evidence has clearly established that claimant has an impairment (or combination of impairments) that has more than a minimal effect on claimant’s work activities. See Social Security Rulings 85-28, 88-13, and 82-63.

In the third step of the sequential consideration of a disability claim, the trier of fact must determine if the claimant’s impairment (or combination of impairments) is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. Based upon claimant’s diagnoses of pancreatic cancer with metastasis to liver and abdominal lymph nodes, this Administrative Law Judge finds that

claimant's impairment meets or equals a listed impairment. See Appendix 1 of Subpart P of 20 CFR, Part 404, Part A, Section 13.20. Medical evidence has established that claimant has carcinoma of the pancreas. (See pathology report which documented high-grade invasive pancreatic cancer, Claimant Exhibit A, page 2.) The medical record clearly establishes that claimant has a severe impairment which meets a listing. Accordingly, the undersigned Administrative Law Judge finds that claimant is "disabled" for purposes of the MA program.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that claimant meets the definition of medically disabled under the Medical Assistance program as of September of 2009.

Accordingly, the department is ordered to initiate a review of the December 3, 2009, application, if it has not already done so, to determine if all other non medical eligibility criteria are met. The department shall inform claimant and his authorized representative of its determination in writing. Assuming that claimant is otherwise eligible for program benefits, the department shall review claimant's continued eligibility for program benefits in April of 2011.
