HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a hearing was held on May 26, 2010. Claimant appeared and testified.

ISSUE

Whether the department properly determined the claimant is not "disabled" for purposes of the Medical Assistance (MA) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as a material fact:

1. On September 28, 2009, the Claimant applied for MA-P and retro MA-P.
2. On January 18, 2010, MRT denied the Claimant's request.
3. On March 3, 2010, the Claimant submitted to the Department a request for hearing.
4. The State Hearing and Review Team (SHRT) denied request.

5. The Claimant is 38 years old.
6. The Claimant completed education through some college.
7. The Claimant has employment experience in construction and bartending.
8. The Claimant's limitations have lasted for 12 months or more.
9. The Claimant suffers from ADHD, personality disorder, left fractured ankle, compound fracture tibia and MRSA.
10. The Claimant has significant limitations on physical activities involving sitting, standing, walking, bending, lifting, and stooping.
11. The Claimant's treating physicians indicated the Claimant will need to undergo several additional surgeries in an attempt to salvage his foot and ankle. His physician indicated, on [REDACTED], the Claimant will likely need additional surgeries such as bone grafts and tendon transfers. This same physician indicated he would not be able to work due to open wound and his need to keep weight off of the ankle.

#### CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL

400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The Department of Human Services conforms to state statute in administering the State Disability Assistance program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to federal rule 42 CFR 435.540, the Department of Human Services uses the federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the Medical Assistance program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work

experience is reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including your symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability.... 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence, or pace; and ability to tolerate increased mental demands associated with competitive work).... 20 CFR, Part 404, Subpart P, App. 1, 12.00(C).

The Claimant testified to the following: the need to elevate his ankle all day long, still open and expose wound on top side of ankle from bottom of shin to bend of foot, using cane and wheelchair, not able to walk any distance, numbness in left foot, pain in the foot and ankle area, problems with swelling, can't sit in a chair due to foot swelling, lifting ok when sitting, struggles to bend over, some problems with grip in the left hand, right hip hurts, unable to perform household chores, unable to drive, left knee hurts and is weak. The Claimant testified he is unable to work due to his condition. The Claimant

further testified he has been told further attempts to salvage the foot and ankle will require multiple surgeries and months of healing. This is supported by the documentation presented at hearing from his treating physician and the specialists he was examined by.

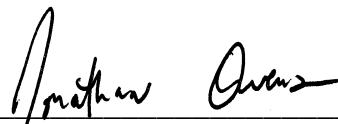

In this case, this Administrative Law Judge finds the Claimant maybe considered presently disabled at the third step. The Claimant appears to meet listing 1.03 or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. The Claimant's testimony and the medical documentation support the finding that the Claimant meets the requirements of a listing.

Therefore, the Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Claimant is medically disabled as of August 2009.

Accordingly, the Department decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated September 29, 2009, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for August 2011.
