HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the Claimant's request for a hearing. After due notice, a telephone hearing was held on August 9, 2010. The Claimant appeared and testified. [REDACTED], FIM and [REDACTED], FIS appeared on behalf of the Department.

ISSUE

Did the Department properly determine Claimant's Food Assistance Program benefits?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

- (1) Claimant was an ongoing recipient of FAP benefits.
- (2) Upon redetermination, Claimant's FAP benefit was reduced to \$318 from \$623 due to household members [REDACTED] and [REDACTED] being excluded from the household because they are ineligible students.
- (3) Claimant requested a hearing on July 12, 2010 contesting the determination of FAP benefits.

CONCLUSIONS OF LAW

The Food Assistance Program, formerly known as the Food Stamp (“FS”) program, is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (“CFR”). The Department of Human Services (“DHS”), formally known as the Family Independence Agency, administers the FAP program pursuant to MCL 400.10, *et seq* and MAC R 400.3001-3015. Departmental policies are found in the Bridges Administrative Manual (“BAM”), the Bridges Eligibility Manual (“BEM”), and the Program Reference Manual (“PRM”).

Department policy outlines the criteria for student status: FAP Only-A person is in student status if he is: • Age 18 through 49: and • Enrolled half-time or more in a:
• Vocational, trade, business, or technical school that normally requires a high school diploma or an equivalency certificate. • Regular curriculum at a college or university that offers degree programs **regardless** of whether a diploma is required. In order for a person in student status to be eligible, they must meet one of the following criteria:

- Receiving FIP.
- Enrolled in an institution of higher education as a result of participation in:
 - Approved employment -related activities (See BEM 230B).
 - A JTPA program.
 - A program under section 236 of the Trade Readjustment Act of 1974 (U. S. C. 2296).
 - Another State or local government employment and training program.
- Physically or mentally unfit for employment.
- Employed for at least 20 hours per week and paid for such employment.
- Self-employed for at least 20 hours per week and earning weekly income at least equivalent to the federal minimum wage multiplied by 20 hours.
- Participating in an on-the-job training program. A person is considered to be participating in an on-the-job training program only during the period of time the person is being trained by the employer.
- Participating in a state or federally-funded work study program (funded in full or in part under Title IV-C of the Higher Education Act of 1965, as amended) during the regular school year. To qualify under this provision the student must be approved for work study during the school term and anticipate actually working during that time. The exemption:
 - Starts the month the school term begins or the month work study is approved, whichever is later.
 - Continues until the end of the month in which the school term ends, or when you become aware that the student has refused a work-study assignment.
 - Remains between terms or semesters when the break is less than a full month, or the student is still participating in work study during the break.
- Providing more than half of the physical care of a group member under the age of six.
- Providing more than half of the physical care of a group member age six through eleven and the local office has determined adequate child care is not available to:
 - Enable the person to attend class and work at least 20 hours per week.
 - Participate in a state or federally-financed work study program during the regular school year.
- A single parent enrolled full-time in an institution of higher education who cares for a dependent under age 12. This includes a person who does not live with his or her spouse, who has parental control over a child who does **not** live with his or her natural, adoptive or stepparent. For the care of a child under age six, consider the student to be

providing physical care as long as he or she claims primary responsibility for such care, even though another adult may be in the FAP group. When determining the availability of adequate child care for a child six through 11, another person in the home, over 18, need not be a FAP group member to provide care. The person remains in student status while attending classes regularly. Student status continues during official school vacations and periods of extended illness. Student status does not continue if the student is suspended or does not intend to register for the next school term (excluding summer term). BEM 245.

In the present case, Claimant's daughter and niece are attending college full time. In order to be included in the household they have to meet the criteria in Department policy. Neither is working the requisite 20 hours, or meets any of the other criteria. BEM 245. The Department's determination that [REDACTED] and [REDACTED] are ineligible students that cannot be included in the household is proper and correct.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, finds that the Department properly determined the Claimant's FAP benefits, and it is ORDERED that the Department's decision in this regard be and is hereby AFFIRMED.
