

STATE OF MICHIGAN
STATE OFFICE OF ADMINISTRATIVE HEARINGS AND RULES
ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES

IN THE MATTER OF:

Reg. No: 2010-8113
Issue No: 2009; 4031
Case No: [REDACTED]
Hearing Date:
January 7, 2010
Barry County DHS

ADMINISTRATIVE LAW JUDGE: Landis Y. Lain for Jay W. Sexton

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a telephone hearing was held on January 7, 2010. Claimant personally appeared and testified.

This hearing was originally held by Administrative Law Judge Jay Sexton. Jay Sexton is no longer affiliated with the Michigan Administrative Hearing System Administrative Hearings for the Department of Human Services. This hearing decision was completed by Administrative Law Judge Landis Y. Lain by considering the entire record.

ISSUE

Did the Department of Human Services (the department) properly determine that claimant was no longer disabled and deny his review application for Medical Assistance (MA-P) and State Disability Assistance (SDA) based upon medical improvement?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

- (1) Claimant was a Medical Assistance benefit recipient and his Medical Assistance case was scheduled for review in June 2009.
- (2) On June 30, 2009, claimant filed a review application for Medical Assistance and State Disability Assistance benefits alleging continued disability.

- (3) On July 9, 2009, the Medical Review Team denied claimant's application stating that claimant had medical improvement.
- (4) On July 14, 2009, the department caseworker sent claimant notice that his Medical Assistance case would be cancelled based upon medical improvement effective August 1, 2009.
- (5) On October 1, 2009, claimant filed a request for a hearing to contest the department's negative action.
- (6) On December 10, 2009, the State Hearing Review Team again denied claimant's review application stating in its analysis and recommendation: the claimant has a history of alcohol abuse/dependence. In April 2009 his mental status was unremarkable despite the fact that the claimant had stopped taking his medication and had not followed through with treatment. The claimant has had medical improvement. The claimant's impairment's do not meet/equal the intent or severity of a Social Security listing. The medical evidence of record indicates that the claimant retains the capacity to perform a wide range of simple unskilled work. In lieu of detailed work history, the claimant will be returned to other work. Therefore, based on the claimant's vocational profile of a younger individual, limited education and a history of unskilled work, MA-P is denied due to medical improvement and using Vocational Rule 204.00(H) as a guide. SDA is denied per PEM 261 because the nature and severity of the claimant's impairment's would no longer preclude work activity at the above stated level for 90 days.
- (7) On the date of hearing claimant was a 40-year-old man whose birth date is [REDACTED]. Claimant has a limited education and a history of unskilled work.
- (8) Claimant alleges as disabling impairments: bi-polar disorder, anxiety and depression.

CONCLUSIONS OF LAW

The regulations governing the hearing and appeal process for applicants and recipients of public assistance in Michigan are found in the Michigan Administrative Code, MAC R 400.901-400.951. An opportunity for a hearing shall be granted to an applicant who requests a hearing because his or her claim for assistance has been denied. MAC R 400.903(1). Clients have the right to contest a department decision affecting eligibility or benefit levels whenever it is believed that the decision is incorrect. The department will provide an administrative hearing to review the decision and determine the appropriateness of that decision. BAM 600.

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

In general, claimant has the responsibility to prove that he/she is disabled. Claimant's impairment must result from anatomical, physiological, or psychological abnormalities which can be shown by medically acceptable clinical and laboratory diagnostic techniques. A physical or mental impairment must be established by medical evidence consisting of signs, symptoms, and laboratory findings, not only claimant's statement of symptoms. 20 CFR 416.908; 20 CFR 416.927. Proof must be in the form of medical evidence showing that the claimant has an impairment and the nature and extent of its severity. 20 CFR 416.912. Information must be sufficient to enable a determination as to the nature and limiting effects of the impairment for the period in question, the probable duration of the impairment and the residual functional capacity to do work-related physical and mental activities. 20 CFR 416.913.

Once an individual has been determined to be "disabled" for purposes of disability benefits, continued entitlement to benefits must be periodically reviewed. In evaluating whether an individual's disability continues, 20 CFR 416.994 requires the trier of fact to follow a sequential evaluation process by which current work activities, severity of impairment(s), and the possibility of medical improvement and its relationship to the individual's ability to work are assessed. Review may cease and benefits may be continued at any point if there is substantial evidence to find that the individual is unable to engage in substantial gainful activity. 20 CFR 416.994(b)(5).

First, the trier of fact must determine if the individual is working and if work is substantial gainful activity. 20 CFR 416.994(b)(5)(i). In this case, the claimant is not engaged in substantial gainful activity.

Secondly, if the individual has an impairment or combination of impairments which meet or equal the severity of an impairment listed in Appendix 1 to Subpart P of Part 404 of Chapter 20, disability is found to continue. 20 CFR 416.994(b)(5)(ii).

The objective medical evidence in the record indicates that in [REDACTED] the claimant noted experiencing intermittent auditory hallucinations which relate to his hearing music (p. 118). Psychological testing showed that the claimant was in a state of psychological

turmoil. Diagnosis included bi-polar disorder, alcohol dependence and personality disorder (p. 120).

In [REDACTED] the claimant's mental status was unremarkable. He reported that he had been off medication in excess of a month (p. 17). The claimant had also not been seen for services for a while. The therapist indicated that the claimant had previously been provided with transportation to appointments and had been offered funding for medications.

If an individual fails to follow prescribed treatment which would be expected to restore their ability to engage in substantial activity without good cause there will not be a finding of disability.... 20 CFR 416.994(b)(4)(iv).

Claimant has not been following his prescribed treatment plan and his mental status is unremarkable even though he has not been following his treatment plan so therefore, his impairments are no longer severe.

At Step 2, claimant's impairments do not equal or meet the severity of an impairment listed in Appendix 1.

In the third step of the sequential evaluation, the trier of fact must determine whether there has been medical improvement as defined in 20 CFR 416.994(b)(1)(i). 20 CFR 416.994 (b)(5)(iii). Medical improvement is defined as any decrease in the medical severity of the impairment(s) which was present at the time of the most recent favorable medical decision that the claimant was disabled or continues to be disabled. A determination that there has been a decrease in medical severity must be based on changes (improvement) in the symptoms, signs, and/or laboratory findings associated with claimant's impairment(s). If there has been medical improvement as shown by a decrease in medical severity, the trier of fact must proceed to Step 4 (which examines whether the medical improvement is related to the claimant's ability to do work). If there has been no decrease in medical severity and thus no medical improvement, the trier of fact moves to Step 5 in the sequential evaluation process.

In the instant case, this Administrative Law Judge finds that claimant does have medical improvement and his medical improvement is related to the claimant's ability to perform substantial gainful activity.

Thus, this Administrative Law Judge finds that claimant's. If there is a finding of medical improvement related to claimant's ability to perform work, the trier of fact is to move to Step 6 in the sequential evaluation process.

In the sixth step of the sequential evaluation, the trier of fact is to determine whether the claimant's current impairment(s) is severe per 20 CFR 416.921. 20 CFR 416.994(b)(5)(vi). If the residual functional capacity assessment reveals significant limitations upon a claimant's ability to engage in basic work activities, the trier of fact moves to Step 7 in the sequential evaluation process. In this case, this Administrative

Law Judge finds claimant can perform at least sedentary work even with his impairments. This Administrative Law Judge finds that claimant retains the capacity to perform a wide range of simple unskilled work.

In the seventh step of the sequential evaluation, the trier of fact is to assess a claimant's current ability to engage in substantial gainful activities in accordance with 20 CFR 416.960 through 416.969. 20 CFR 416.994(b)(5)(vii). The trier of fact is to assess the claimant's current residual functional capacity based on all current impairments and consider whether the claimant can still do work he/she has done in the past. In this case, this Administrative Law Judge finds that claimant could probably perform his past work as a factory worker as long as he remains compliant with his treatment.

The Federal Regulations at 20 CFR 404.1535 speak to the determination of whether Drug Addiction and Alcoholism (DAA) is material to a person's disability and when benefits will or will not be approved. The regulations require the disability analysis be completed prior to a determination of whether a person's drug and alcohol use is material. It is only when a person meets the disability criterion, as set forth in the regulations, that the issue of materiality becomes relevant. In such cases, the regulations require a sixth step to determine the materiality of DAA to a person's disability.

When the record contains evidence of DAA, a determination must be made whether or not the person would continue to be disabled if the individual stopped using drugs or alcohol. The trier of fact must determine what, if any, of the physical or mental limitations would remain if the person were to stop the use of the drugs or alcohol and whether any of these remaining limitations would be disabling.

Claimant's testimony and the information contained in the file indicate that claimant has a history of alcohol abuse. Applicable hearing is the Drug Abuse and Alcohol (DA&A) Legislation, Public Law 104-121, Section 105(b)(1), 110 STAT. 853, 42 USC 423(d)(2)(C), 1382(c)(a)(3)(J) Supplement Five 1999. The law indicates that individuals are not eligible and/or are not disabled where drug addiction or alcoholism is a contributing factor material to the determination of disability. After a careful review of the credible and substantial evidence on the whole record, this Administrative Law Judge finds that claimant does not meet the statutory disability definition under the authority of the DA&A Legislation because his substance abuse is material to his alleged impairment and alleged disability.

In the final step, Step 8, of the sequential evaluation, the trier of fact is to consider whether the claimant can do any other work, given the claimant's residual function capacity and claimant's age, education, and past work experience. 20 CFR 416.994(b)(5)(viii). In this case, based up on the claimant's vocational profile of , MA-P is denied using Vocational Rule as a guide. Claimant can perform other work in the form of light work per 20 CFR 416.967(b). This Administrative Law Judge finds that claimant does have medical improvement in this case and the department has

established by the necessary, competent, material and substantial evidence on the record that it was acting in compliance with department policy when it proposed to cancel claimant's Medical Assistance and State Disability Assistance benefits based upon medical improvement.

The department's Program Eligibility Manual contains the following policy statements and instructions for caseworkers regarding the State Disability Assistance program: to receive State Disability Assistance, a person must be disabled, caring for a disabled person or age 65 or older. PEM, Item 261, page 1. Because the claimant does not meet the definition of disabled under the MA-P program and because the evidence of record does not establish that claimant is unable to work for a period exceeding 90 days, the claimant does not meet the disability criteria for State Disability Assistance benefits either.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the department has appropriately established on the record that it was acting in compliance with department policy when it denied claimant's continued disability and application for Medical Assistance, retroactive Medical Assistance and State Disability Assistance benefits. The claimant should be able to perform a wide range of light or sedentary work even with his impairments. The department has established its case by a preponderance of the evidence. Claimant does not have medical improvement based upon the objective medical findings in the file.

Accordingly, the department's decision is AFFIRMED.

Landis _____ /s/ _____
Y. Lain
Administrative Law Judge
for Maura D. Corrigan, Director
Department of Human Services

Date Signed: August 15, 2011

Date Mailed: August 15, 2011

NOTICE: Administrative Hearings may order a rehearing or reconsideration on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. Administrative Hearings will not order a rehearing or reconsideration on the Department's motion where the final decision cannot be implemented within 90 days of the filing of the original request.

2010-8113/LYL

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt date of the rehearing decision.
