

**STATE OF MICHIGAN
STATE OFFICE OF ADMINISTRATIVE HEARINGS AND RULES
FOR THE DEPARTMENT OF COMMUNITY HEALTH**

P.O. Box 30763, Lansing, MI 48909
(877) 833-0870; Fax: (517) 334-9505

IN THE MATTER OF:

██████████

Appellant

_____ /

Docket No. 2011-11520 MSB
Case No. 29700398

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37, following the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. The Appellant, ██████████ appeared on her own behalf. ██████████ represented the Department of Community Health (MDCH or Department). ██████████ appeared as a witness for the Department.

ISSUE

Was the Appellant properly billed for payment of Medicaid-covered services?

FINDINGS OF FACT

The Administrative Law Judge, based on the competent, material, and substantial evidence on the whole record, finds as material fact:

1. The Appellant was a Medicaid beneficiary on ██████████ the date medical services were rendered. (Exhibit 1, page 7)
2. ██████████ is a Medicaid-enrolled provider, who provided a medical service to the Appellant on ██████████. (Testimony of ██████████)
3. ██████████ never billed straight Medicaid for the services rendered to the Appellant on ██████████. Rather, it improperly billed a Medicaid Health Plan, ██████████. (Exhibit 2, pages 1 and 6)
4. The Appellant did not become aware of the outstanding bill until ██████████, one year following the date of service. She asked the provider to bill Medicaid in ██████████. (Testimony of ██████████)

5. After receiving subsequent bills from the provider, the Appellant filed a beneficiary complaint with the Department on ██████████. (Exhibit 1, page 9; Testimony of ██████████)
6. On ██████████, the Department sent the Appellant a letter advising her that because it was more than 12 months old, she would need to resolve the outstanding bill with her provider. (Exhibit 1, page 8)
7. The Appellant requested a formal, administrative hearing on ██████████. (Exhibit 1, pages 2-4)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Providers cannot bill beneficiaries for services except in the following situations:

- A Medicaid co-payment is required. (Refer to the Beneficiary Co-Payment Requirements subsection of this chapter and to the provider specific chapters for additional information about co-payments.) However, a provider cannot refuse to render service if the beneficiary is unable to pay the required co-payment on the date of service.
- A monthly patient-pay amount for inpatient hospital or nursing facility services. The local DHS determines the patient-pay amount. Non-covered services can be purchased by offsetting the nursing facility beneficiary's patient-pay amount. (Refer to the Nursing Facility Chapter for more information.)
- For nursing facility (NF), state-owned and -operated facilities or CMHSP-operated facilities determine a financial liability or ability-to-pay amount separate from the DHS patient-pay amount. The state-owned and -operated facilities or CMHSP-operated facilities liability may be an individual, spouse, or parental responsibility. This responsibility is determined at initiation of services and is reviewed periodically. The beneficiary or his authorized representative is responsible for the state-owned and -

operated facilities or CMHSP ability to pay amount, even if the patient-pay amount is greater.

- The provider has been notified by DHS that the beneficiary has an obligation to pay for part of, or all of, a service because services were applied to the beneficiary's Medicaid deductible amount.
- If the beneficiary is enrolled in a MHP and the health plan did not authorize a service, and the beneficiary had prior knowledge that he was liable for the service. (It is the provider's responsibility to determine eligibility/enrollment status of each beneficiary at the time of treatment and to obtain the appropriate authorization for payment. Failure of the provider to obtain authorization does not create a payment liability for the beneficiary.)
- Medicaid does not cover the service. If the beneficiary requests a service not covered by Medicaid, the provider may charge the beneficiary for the service if the beneficiary has been told prior to rendering the service that it was not covered by Medicaid. If the beneficiary is not informed of Medicaid non-coverage until after the services have been rendered; the provider cannot bill the beneficiary.
- The beneficiary refuses Medicare Part A or B.
- Beneficiaries may be billed the amount other insurance paid to the policyholder if the beneficiary is the policyholder.
- The beneficiary is the policyholder of the other insurance and the beneficiary did not follow the rules of the other insurance (e.g., utilizing network providers).
- The provider chooses not to accept the beneficiary as a Medicaid beneficiary and the beneficiary had prior knowledge of the situation. The beneficiary is responsible for payment.

It is recommended that providers obtain the beneficiary's written acknowledgement of payment responsibility prior to rendering any non-authorized or non-covered service the beneficiary elects to receive.

Some services are rendered over a period of time (e.g., maternity care). Since Medicaid does not normally cover services when a beneficiary is not

eligible for Medicaid, the provider is encouraged to advise the beneficiary prior to the onset of services that the beneficiary is responsible for any services rendered during any periods of ineligibility. Exceptions to this policy are services/equipment (e.g., root canal therapy, dentures, customized seating systems) that began, but were not completed, during a period of eligibility. (Refer to the provider-specific chapters of this manual for more information regarding exceptions.)

When a provider accepts a patient as a Medicaid beneficiary, the beneficiary cannot be billed for:

- Medicaid-covered services. Providers must inform the beneficiary before the service is provided if Medicaid does not cover the service.
- Medicaid-covered services for which the provider has been denied payment because of improper billing, failure to obtain PA, or the claim is over one year old and has never been billed to Medicaid, etc.
- The difference between the provider's charge and the Medicaid payment for a service.
- Missed appointments.
- Copying of medical records for the purpose of supplying them to another health care provider.

If a provider is not enrolled in Medicaid, they do not have to follow Medicaid guidelines about reimbursement, even if the beneficiary has Medicare as primary.

If a Medicaid-only beneficiary understands that a provider is not accepting him as a Medicaid patient and asks to be private pay, the provider may charge the beneficiary its usual and customary charges for services rendered. The beneficiary must be advised prior to services being rendered that his **mihealth** card is not accepted and that he is responsible for payment. It is recommended that the provider obtain the beneficiary's acknowledgement of payment responsibility in writing for the specific services to be provided.

*Medicaid Provider Manual,
General Information for Providers Section,
October 1, 2010, pages 21-22.
(Emphasis Added)*

In this case, the provider knew that the Appellant was a Medicaid beneficiary at the time of service on [REDACTED]. Indeed, the provider admitted that it improperly billed [REDACTED] for the [REDACTED], service; all other services were properly billed to, and paid by, straight Medicaid. Further, the Appellant did not become aware of the outstanding bill until 12 months after the date of service. She contacted the provider in [REDACTED] and asked them to bill Medicaid. Therefore, because the 12-month limitation for submitting a Medicaid claim for payment has expired, it was proper for the Department to deny payment of the bill. However, because the provider accepted the Appellant as a Medicaid beneficiary, but failed to properly bill for the services, the Appellant should not be responsible for the outstanding balance.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that it was proper for the Department to deny payment of the service provided to the Appellant on [REDACTED]. However, the Appellant should not be billed for the provider's billing error.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.

Kristin M. Heyse
Administrative Law Judge
for Olga Dazzo, Director
Michigan Department of Community Health
