Reg. No.: 2011-23010
Issue No.: 2009
Case No.: [REDACTED]
Hearing Date: June 27, 2011
DHS County: Wayne (82-19)

ADMINISTRATIVE LAW JUDGE: Jonathan W. Owens

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon Claimant's request for a hearing. After due notice, a hearing was held on June 27, 2011. Claimant failed to appear and testify. Claimant's representative appeared and requested a decision be rendered on the evidence already submitted for consideration.

ISSUE

Whether the Department of Human Services (DHS or Department) properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

[REDACTED]

1. On February 7, 2010, Claimant applied for MA-P and retro MA-P to January 2010.
2. On October 11, 2010, the Medical Review Team denied Claimant's request.
3. On January 8, 2011, Claimant submitted to the Department a request for hearing.
4. The State Hearing and Review Team (SHRT) denied Claimant's request.
5. Claimant is 40 years old.
6. Claimant completed education through high school.

7. Claimant has employment experience as a shipping and receiving, manager, a welder and a shop hand. Claimant's representative submitted a DHS-49F completed and signed by the representative's staff indicating the above employment history. This form indicated that Claimant last worked in 2006. The form was signed on February 11, 2010.
8. Claimant suffers from anxiety, depression, diabetes, left hip fracture and an amputated toe.
9. A consulting physician indicated in his psychological assessment that Claimant reported on [REDACTED], that he last worked 8 months prior at Cross Construction.

CONCLUSIONS OF LAW

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10 *et seq.* and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge

reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

The residual functional capacity is what an individual can do despite limitations. All impairments will be considered in addition to ability to meet certain demands of jobs in the national economy. Physical demands, mental demands, sensory requirements and other functions will be evaluated. 20 CFR 416.945(a).

To determine the physical demands (exertional requirements) of work in the national economy, we classify jobs as sedentary, light, medium and heavy. These terms have the same meaning as they have in the Dictionary of Occupational Titles, published by the Department of Labor. 20 CFR 416.967.

Pursuant to 20 CFR 416.920, a five-step sequential evaluation process is used to determine disability. An individual's current work activity, the severity of the impairment, the residual functional capacity, past work, age, education and work experience are evaluated. If an individual is found disabled or not disabled at any point, no further review is made.

The first factor to be consider is whether the claimant can perform Substantial Gainful Activity (SGA) defined in 20 CFR 416.920(b). In this case, Claimant failed to appear and testify as to his current employment status and previous months. Claimant's representative submitted a DHS-49F completed and signed by the representative's staff indicating the above employment history. This form indicated that Claimant last worked in 2006. The form was signed on February 11, 2010. A consulting examiner's report is the last mention of employment status found in the evidence submitted and indicates Claimant last worked previous to his injury in January 2010. This information conflicts with the DHS-49F submitted by his representative.

Claimant has failed to demonstrate his employment status from the date of injury until the date of hearing. The information submitted for consideration is conflicting as to when the Claimant may have last worked. Since the Claimant failed to appear, this Administrative Law Judge is unable to determine his employment status.

It is the finding of the undersigned, based upon the evidence presented, that the Claimant is not "disabled" at the first step. Claimant has not demonstrated his employment status for the time period in question.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is not medically disabled.

Accordingly, the Department's decision is hereby UPHeld.

The Claimant may appeal the Decision and Order to Circuit Court within 30 days of the mailing of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt date of the rehearing decision.
