CONCLUSIONS OF LAW

The Medical Assistance (MA-P) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers the MA-P program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program

Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Program Reference Manual (PRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Program Reference Manual (PRM).

The Department conforms to state statute in administering the SDA program.

2000 PA 294, Sec. 604, of the statute states:

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

- (a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.
- (b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under the MA-P program. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months....
20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant meets listing 12.05C or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of the listing.

Therefore, Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of October 2010.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated October 18, 2010, if not done previously, to determine Claimant's non-medical eligibility. The

2011-27034/AM

Department shall inform Claimant of the determination in writing. A review of this case shall be set for June 2012.
