### **CONCLUSIONS OF LAW**

The Food Assistance Program (FAP) (formerly known as the Food Stamp program, is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or Department), administers the FAP program pursuant to MCL 400.10, et seq., and MAC R 400.3001-3015. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM), Reference Table Manual (RFT), and the Bridges Reference Manual (BRM).

Department of Human Services (DHS) has a unique opportunity to assist families in becoming strong, viable, participative members of the community. By involving the adult members of the household in employment-related activities, we help restore self-confidence and a sense of self-worth. These are cornerstones to building strong, self-reliant families. BEM 230B.

The goal of the Food Assistance Program (FAP) is to ensure sound nutrition among children and adults. In addition, the goal of our employment-related policies for FAP households is to assist applicants and recipients toward self-sufficiency by providing them with opportunities to pursue employment and/or education and training. BEM 230B.

Persons employed, self-employed or in work study an average of 30 hours or more per week over the benefit period or earning on average the federal minimum wage times 30 hours per week are not required to participate in any further employment-related activities. This includes migrant or seasonal farm workers with an employer or crew chief contract/agreement to begin work within 30 days. BEM 230B.

A person enrolled in a post-secondary education program may be in student status, as defined in BEM 245, Student Status. BEM 230B.

A person enrolled in a post-secondary education program may be in student status, as defined in this item. A person in student status must meet certain criteria in order to be eligible for assistance. BEM 245.

A person is in student status if he is:

- Age 18 through 49: and
- Enrolled half-time or more in a:
  - Vocational, trade, business, or technical school that normally requires a high school diploma or an equivalency certificate.
  - Regular curriculum at a college or university that offers degree programs regardless of whether a diploma is required.
  -

In order for a person in student status to be eligible, they must meet one of the following criteria:

- Receiving FIP.
- Enrolled in an institution of higher education as a result of participation in:
  - Approved employment -related activities (See BEM 230B).
  - A JTPA program.
  - A program under section 236 of the Trade Readjustment Act of 1974 (U. S. C. 2296).
  - Another State or local government employment and training program.
- Physically or mentally unfit for employment.
- Employed for at least 20 hours per week and paid for such employment.
- Self-employed for at least 20 hours per week and earning weekly income at least equivalent to the federal minimum wage multiplied by 20 hours.
- Participating in an on-the-job training program. A person is considered to be participating in an on-the-job training program only during the period of time the person is being trained by the employer.
- Participating in a state or federally-funded work study program (funded in full or in part under Title IV-C of the Higher Education Act of 1965, as amended) during the regular school year. To qualify under this provision the student must be approved for work study during the school term and anticipate actually working during that time. The exemption:
  - Starts the month the school term begins or the month work study is approved, whichever is later.
  - Continues until the end of the month in which the school term ends, or when you become aware that the student has refused a work-study assignment.
  - Remains between terms or semesters when the break is less than a full month, or the student is still participating in work study during the break.
- Providing more than half of the physical care of a group member under the age of six.
- Providing more than half of the physical care of a group member age six through eleven and the local office has determined adequate child care is not available to:
  - Enable the person to attend class and work at least 20 hours per week.
  - Participate in a state or federally-financed work study program during the regular school year.

- A single parent enrolled full-time in an institution of higher education who cares for a dependent under age 12. This includes a person who does not live with his or her spouse, who has parental control over a child who does not live with his or her natural, adoptive or stepparent. BEM 245.

For the care of a child under age six, consider the student to be providing physical care as long as he or she claims primary responsibility for such care, even though another adult may be in the FAP group. When determining the availability of adequate child care for a child six through 11, another person in the home, over 18, need not be a FAP group member to provide care. The person remains in student status while attending classes regularly. Student status continues during official school vacations and periods of extended illness. Student status does not continue if the student is suspended or does not intend to register for the next school term (excluding summer term). BEM 245.

A person who is in student status and does not meet the criteria in BEM 245 is a non group member. BEM 212.

The Claimant was an ongoing Food Assistance Program (FAP) recipient until April 1, 2011. On February 28, 2011, the Claimant reported to the Department that she was enrolled in a post-secondary educational program on a full time basis. The Claimant reported that she was employed, and expected to work 21 to 23 hours biweekly on one job, and 30 hours monthly on another job.

The Claimant actually worked a total of 67.61 hours from January 23, 2011, through February 19, 2011, which is an average of 16.9 hours per week. This was determined from the Claimant's bi-weekly paychecks received on February 17, 2011, and March 3, 2011. The Claimant worked 26.72 hours and 31.89 during each of these bi-weekly pay periods. The Claimant has other employment and worked 9 hours on a monthly basis.

As of April 1, 2011, students must meet the requirements of Bridges Eligibility Manuel (BEM) Item 245, "School Attendance and Student Status" in order to remain eligible for Food Assistance Program (FAP) benefits. L-11-33 FAP E&T Student Status.

The Department evaluated the Claimant's eligibility for Food Assistance Program (FAP) benefits considering its policy change concerning adults enrolled in post-secondary education. Based on the information reported to the Department by the Claimant, the Claimant does not meet the requirements of the Student Status policy, and is not eligible for the Food Assistance Program (FAP). On March 24, 2011, the Department notified the Claimant that it would terminate her Food Assistance Program (FAP) benefits as of April 1, 2011.

Based on the evidence and testimony available during the hearing, the Department has established that it properly determined the Claimant's eligibility for Food Assistance Program (FAP) benefits.

**DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that the Department acted in accordance with policy in determining the Claimant's Food Assistance Program (FAP) eligibility.

The Department's Food Assistance Program (FAP) eligibility determination is AFFIRMED. It is SO ORDERED.
