ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No.: 2011-28905
Issue No.: 2009
Case No.: [REDACTED]
Hearing Date: July 6, 2011
DHS County: Macomb (50-20)

ADMINISTRATIVE LAW JUDGE: Jonathan W. Owens

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon Claimant's request for a hearing. After due notice, an in-person hearing was held in Warren, MI, on July 6, 2011. Claimant was granted approval to participate by telephone from her residence in [REDACTED]. After several attempts to reach the Claimant via telephone and after waiting 30 minutes, the hearing proceeded without Claimant. Claimant's representative did appear and requested a decision be made based upon the evidence already submitted.

ISSUE

Whether the Department of Human Services (DHS or Department) properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On July 27, 2010, Claimant applied for MA-P and retro MA-P to June 2010
2. On September 15, 2010, the Medical Review Team denied Claimant's request.
3. On March 2, 2011, Claimant submitted to the Department a request for hearing.
4. The State Hearing and Review Team (SHRT) denied Claimant's request.
5. Claimant is 26 years old.
6. Claimant completed education through high school.

7. Claimant failed to appear for the hearing and no evidence was submitted in regard to her past employment, if any, or her current employment status.
8. Claimant suffers from multiple sclerosis and right eye blindness.

CONCLUSIONS OF LAW

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10 *et seq.* and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Program Reference Manual (RFT).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

The residual functional capacity is what an individual can do despite limitations. All impairments will be considered in addition to ability to meet certain demands of jobs in the national economy. Physical demands, mental demands, sensory requirements and other functions will be evaluated. 20 CFR 416.945(a).

To determine the physical demands (exertional requirements) of work in the national economy, we classify jobs as sedentary, light, medium and heavy. These terms have the same meaning as they have in the Dictionary of Occupational Titles, published by the Department of Labor. 20 CFR 416.967.

Pursuant to 20 CFR 416.920, a five-step sequential evaluation process is used to determine disability. An individual's current work activity, the severity of the impairment, the residual functional capacity, past work, age, education and work experience are evaluated. If an individual is found disabled or not disabled at any point, no further review is made.

The first factor to be consider is whether the claimant can perform Substantial Gainful Activity (SGA) defined in 20 CFR 416.920(b). In this case, Claimant failed to appear and testify as to her employment history or current employment status. The evidence submitted fails to demonstrate whether Claimant worked during the time following her hospitalization and whether she is currently employed.

It is the finding of the undersigned, based upon the evidence presented, that Claimant is not "disabled" at the first step. Claimant has not demonstrated her employment status for the time period in question.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is not medically disabled.

Accordingly, the Department's decision is hereby UPHELD.
