IN THE MATTER OF:

Docket No. 2011-32654 EDW

██████████,

Appellant

\_\_\_\_\_ /

**DECISION AND ORDER**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 et seq. upon the Appellant's request for a hearing.

After due notice, a hearing was held on ██████████. ██████████ represented the Appellant who was later present and testified. ██████████, Director of Quality, HHS Health Options represented the Department. She had no witnesses.

**ISSUE**

Did the Department properly determine that it could not assess the Appellant for the MI Choice Waiver program?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The Appellant is a ██████-year old female, seeking MI Choice Waiver services. (Appellant's Exhibit #1)
2. On ██████████, the Appellant was referred to the Department for MI Choice Waiver services assessment. (Department's Exhibit A).
3. The Appellant was notified that the MI Choice Waiver program was at capacity, thus she would be placed on the Region 8 Waiver Waiting List.
4. The Appellant was notified of her waiting list placement on ██████████.
5. On ██████████, the instant request for hearing was received from the Appellant. (Appellant's Exhibit #1)

**CONCLUSIONS OF LAW**

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

This Appellant is claiming services through the Department's Home and Community Based Services for Elderly and Disabled (HCBS/ED). The waiver is called MI Choice in Michigan. The program is funded through the federal Centers for Medicare and Medicaid (formerly HCFA) to the Michigan Department of Community Health (Department). Regional agencies, in this case the Region 8 function as the Department's administrative agency.

Waivers are intended to provide the flexibility needed to enable States to try new or different approaches to the efficient and cost-effective delivery of health care services, or to adapt their programs to the special needs of particular areas or groups of recipients. Waivers allow exceptions to State plan requirements and permit a State to implement innovative programs or activities on a time-limited basis, and subject to specific safeguards for the protection of recipients and the program. Detailed rules for waivers are set forth in subpart B of part 431, subpart A of part 440 and subpart G of part 441 of this chapter. 42 CFR 430.25(b)

The U.S. Department of Health and Human Services, on page 5 of a letter to State Medical Directors labeled Olmstead Update Number 4 (SMDL #01-006), dated January 10, 2001, in reply to the following question responded, in part:

May a State use the program's funding appropriation to specify the total number of people eligible for an HCBS waiver?

CMS has allowed States to indicate that the total number of people to be served may be the lesser of either (a) a specific number pre-determined by the State and approved by CMS (the approved "factor C" value), or (b) a number derived from the amount of money the legislature has made available (together with corresponding Federal match). The current HCBS waiver preprint contains both options....

The waiver agency has committed all the financial resources made available through the Department's appropriations and to ensure continued service to current waiver enrollees is not assessing any additional individuals. It maintains a waiting list and contacts individuals on the list on a first come, first served basis when sufficient

resources become available to serve additional individuals. It then determines how many individuals from the list it can assess and assesses a limited number of individuals from the list to determine if they may be eligible for enrollment in the MI Choice Waiver program.

The Appellant testified that she feels like a burden to everyone, has to choose which medications to buy or not and needs MI Choice waiver help. Her representative said he did not understand why "...she was placed so far down the list - when Medicaid has her on an [REDACTED] spend down."

The waiver agency witness stated the agency had to establish a waiting list due to the limited resources it has to provide services. She stated the Appellant was placed on the waiting list as of the date services were requested. [REDACTED] She added that the waiver agency determined that there was no reason to suspect an imminent risk, APS referral or NF diversion, so the Appellant was placed on the waiting list in chronological order to the date of her referral.

The waiver agency witness recommended that the Appellant seek assistance through her local CMH.

**DECISION AND ORDER**

Based on the above findings of fact and conclusions of law, the ALJ finds that the HHS, Health Options waiver agency [Region 8] properly denied the Appellant enrollment and placed her on the waiting list due to limited financial resources.

**IT IS THEREFORE ORDERED** that:

The Department's decision is **AFFIRMED**.
