IN THE MATTER OF:

Docket No. 2011-33870 EDW

██████████,

Appellant.

_____ /

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, following the Appellant's request for a hearing.

After due notice, a telephone hearing was held ██████████, husband, appeared on the Appellant's behalf.

██████████, Information and Assistance Manager, appeared on behalf of ██████████. ██████████ is a MI Choice Waiver agent for the Michigan Department of Community Health (waiver agency).

ISSUE

Did the Department properly place the Appellant on the wait list for the MI Choice Waiver program?

FINDINGS OF FACT

Based upon the competent, material, and substantial evidence on the whole record, I find as material fact:

1. The Appellant is ██████ years old, and is seeking MI Choice Waiver services. (Exhibit 1, page 2)
2. On ██████████, the waiver agency spoke with a social worker via telephone, who answered questions on the Appellant's behalf to complete the Telephone Intake Guidelines screening. (Exhibit 1, pages 2-7)
3. The waiver agency determined that the Appellant passed the Telephone Intake Guidelines screening and she was placed on the wait list. (Exhibit 1, pages 1 and 7-8)

4. On ██████████, the Appellant was notified that the MI Choice Waiver program was at capacity, therefore, she would be placed on the wait list. (Exhibit 1, page 8)
5. Following notification that she had been placed on a waiting list for the MI Choice program, the Appellant requested a formal, administrative hearing on ██████████.
6. The Department's waiver agency is currently at capacity and, due to lack of funds, is unable to enroll the Appellant in the MI Choice Waiver program at this time. (Information and Assistance Manager Testimony)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

This Appellant is claiming services through the Department's Home and Community Based Services for Elderly and Disabled (HCBS/ED). The waiver is called MI Choice in Michigan. The program is funded through the federal Centers for Medicare and Medicaid (formerly HCFA) to the Michigan Department of Community Health (Department). Regional agencies, in this case The Senior Alliance 1-C, function as the Department's administrative agency.

Waivers are intended to provide the flexibility needed to enable States to try new or different approaches to the efficient and cost-effective delivery of health care services, or to adapt their programs to the special needs of particular areas or groups of recipients. Waivers allow exceptions to State plan requirements and permit a State to implement innovative programs or activities on a time-limited basis, and subject to specific safeguards for the protection of recipients and the program. Detailed rules for waivers are set forth in subpart B of part 431, subpart A of part 440 and subpart G of part 441 of this chapter. *42 CFR 430.25(b)*

The U.S. Department of Health and Human Services, on page 5 of a letter to State Medical Directors labeled Olmstead Update Number 4 (SMDL #01-006), dated January 10, 2001, in reply to the following question responded, in part:

May a State use the program's funding appropriation to specify the total number of people eligible for an HCBS waiver?

CMS has allowed States to indicate that the total number of

people to be served may be the lesser of either (a) a specific number pre-determined by the State and approved by CMS (the approved “factor C” value), or (b) a number derived from the amount of money the legislature has made available (together with corresponding Federal match). The current HCBS waiver preprint contains both options....

The waiver agency has committed all the financial resources made available through the Department’s appropriations to ensure continued service to current waiver enrollees and is not assessing any additional individuals. It maintains a waiting list and contacts individuals on the list on a first come, first served basis when sufficient resources become available to serve additional individuals. It then determines how many individuals from the list it can assess, and assesses a limited number of individuals from the list to determine if they may be eligible for enrollment in the MI Choice Waiver.

The pertinent section of *Policy Bulletin 09-47* states:

The following delineates the current waiting list priority categories and their associated definitions. They are listed in descending order of priority.

Persons No Longer Eligible for Children’s Special Health Care Services (CSHCS) Because of Age This category includes only persons who continue to need Private Duty Nursing care at the time coverage ended under CSHCS.

Nursing Facility Transition Participants A given number of program slots will be targeted by MDCH each year to accommodate nursing facility transfers. Nursing facility residents are a priority only until the enrollment target established by MDCH has been reached.

Current Adult Protective Services (APS) Clients When an applicant who has an active APS case requests services, priority should be given when critical needs can be addressed by MI Choice Program services. It is not expected that MI Choice Program agents seek out and elicit APS cases, but make them a priority when appropriate.

Chronological Order By Date Services Were Requested This category includes potential participants who do not meet any of the above priority categories and those for whom prioritizing information is not known.

Updates

Below are the two waiting list priority categories that have been updated. The updated categories will also be available on the MDCH website at

www.michigan.gov/medicaidproviders

>> Prior Authorization

>> The Medicaid Nursing Facility Level of Care Determination

>> MI Choice Eligibility and Admission Process.

Nursing Facility Transition Participants

Nursing facility residents who face barriers that exceed the capacity of the nursing facility routine discharge planning process qualify for this priority status. Qualified persons who desire to transition to the community are eligible to receive assistance with supports coordination, transition activities, and transition costs.

Current Adult Protective Services (APS) Clients and Diversion Applicants

When an applicant who has an active APS case requests services, priority is given when critical needs can be addressed by MI Choice Waiver services. It is not expected that MI Choice Waiver agents solicit APS cases, but priority should be given when appropriate.

An applicant is eligible for diversion status if they are living in the community or are being released from an acute care setting and are found to be at imminent risk of nursing facility admission. Imminent risk of placement in a nursing facility is determined using the Imminent Risk Assessment, an evaluation approved by MDCH. Supports coordinators administer the evaluation in person, and final approval of a diversion request is made by MDCH.

*Medical Services Administration Policy Bulletin 09-47,
November 2009, pages 1-2 of 3.*

The waiver agency has established a waiting list due to the limited resources it has to provide services. Based on the information provided during the [REDACTED], Telephone Intake Guidelines screening, it appeared that the Appellant would probably be eligible for the MI Choice Waiver program. The Appellant was therefore placed on the wait list for the MI Choice Waiver program at that time. (Exhibit 1, pages 1-8) The Information and Assistance Manager testified that the Appellant's husband was contacted on [REDACTED], regarding an imminent risk of nursing facility placement for the Appellant. He indicated that it is not far off but he takes one day at a time. He reported that the Appellant

has wandered off, but nothing really that bad. The waiver agency records do not show that an imminent risk assessment was completed. (Information and Assistance Manager Testimony)

The Appellant's husband testified that he understands that there is a two year wait list, but the Appellant will not be around that long. He acknowledged that the Appellant is not transitioning out of a nursing facility nor does she have an open Adult Protective Services case. The Appellant's husband indicated he is holding off as long as he can regarding nursing home placement, though he is not sure how much longer he can hold on as it has been three years now. (Husband Testimony)

The MI Choice Waiver agency provided sufficient evidence that it implemented the MI Choice waiting list procedure in the manner in which CMS has approved and in accordance to Department policy; therefore, its actions were proper. While she remains on the waiting list, the Appellant's husband should keep in contact with the waiver agency and update them with any changes in her circumstances. If during this time the Appellant's husband feels that the Appellant is at imminent risk of nursing facility placement, the waiver agency can be contacted and an Imminent Risk Assessment can be completed.

DECISION AND ORDER

Based on the above findings of fact and conclusions of law, I find the MI Choice Waiver agency properly denied the Appellant enrollment and placed her on the waiting list due to limited financial resources.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
