The Food Assistance Program (FAP) (formerly known as the Food Stamp (FS) program) is established by the Food Stamp Act of 1977, as amended, and is implemented by the federal regulations contained in Title 7 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the FAP program pursuant to MCL 400.10, et seq., and MAC R 400.3001-3015.

Department policies are found in the Program Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Program Reference Manual (PRM). Department Policy states:

DEFINITIONS All TOA

Income Income means a benefit or payment received by an individual which is measured in money. It includes money an individual owns even if not paid directly such as income paid to a representative.

Countable Income Countable income is the amount remaining after applying policy in this and other income-related manual items. This is the amount used to determine eligibility and benefit level.

Earned Income Earned income means income received from another person or organization or from self-employment for duties that were performed for remuneration or profit. Some rental income is considered earned; see [BEM 504](#).

Income from Rental/Room and Board.

Unearned Income Unearned income is all income that is not earned.

Gross Income Gross income is the amount of income before any deductions such as taxes or garnishments. This may be more than the actual amount an individual receives. (BEM 500).

Bridges will assist you in determining who must be included in the Food Assistance Program (FAP) group prior to evaluating the nonfinancial and financial eligibility of everyone in the group.

FAP group composition is established by determining:

1. Who lives together.
2. The relationship(s) of the people who live together.
3. Whether the people living together purchase and prepare food together or separately, and
4. Whether the person(s) resides in an eligible living situation (see Living Situations). (BEM 210.)

Parents and their children under 22 years of age who live together must be in the same group regardless of whether the child has his/her own spouse or child who lives with the group. (BEM 210).

The Department is required to count the claimant's total gross income in determining the claimant's eligibility for FAP benefits. The claimant had earned income in the amount of \$2,748.00. The Department determines a FAP group's net income by deducting certain allowable expenses. These expenses include shelter expenses. The claimant had a housing expense and a heat and utility deduction of \$588.00. After calculating the standard deductions, the claimant total net income was properly calculated to be \$2,066.00. The federal regulations provide standards for income and the amount of household benefits. In accordance with federal regulations, the

Department has prepared income and issuance tables which can be found at RFT 250. The issuance table provides that the income limit for a group of 2 is \$1,174.00 (RFT 250). The Department's FAP eligibility determination was correct based on the verification that the claimant submitted to the Department at the time.

DECISION AND ORDER

This Administrative Law Judge, based upon the above findings and conclusion of law, decides that the Department correctly determined the claimant to have excess income and no longer eligible for the FAP program.

It is so ORDERED.
