Wayne County DHS (#31)

**ADMINISTRATIVE LAW JUDGE:** William A. Sundquist

**HEARING DECISION**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the claimant's request for a hearing. After due notice, a telephone hearing was held on November 1, 2011.

**ISSUE**

Was a severe mental/physical impairment that was expected to last for one **continuous** year established?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant has not worked since November 2007.
2. In November 2007, claimant was laid off from his last employment; thereafter, he became a UCB recipient exhausting his benefits in 2009.
3. In March 2011, claimant alleges that he became unable to do any past work or any other work due to a fractured left arm, left ear due to hearing loss, depression, and AIDS.
4. On April 1, 2011, the claimant applied for Medicaid/SDA, was denied on May 18, 2011 per BEM 260/261, and requested a hearing on June 6, 2011.
5. Claimant's vocational factors are: age 37, 11th grade education, and past work history as an unskilled unloader for [REDACTED]

handler with a sitting job sorting mail, █████ assembly line worker and janitorial part-time worker.

6. On July 22, 2011, the claimant had a GAF score of 60 (Medical Packet, page 48).
7. Medical exam on July 22, 2011 states the claimant has a normal cervical spine, lumbar spine, shoulders, hips, knees, ankles, wrists, hands-fingers; that he had the ability to sit, bend, stoop, push, pull, button clothes, tie shoes, dress, undress, dial telephone, open door, make a fist, pick up coin, pick up pencil, write, squat, and arise from squatting, get on and off examining table, climb stairs; that he could walk on heels and toes; and that gait was stable within normal limits (Medical Packet, page 52 to 55).
8. SHRT report dated August 23, 2011 states the claimant's impairments do not meet/equal a Social Security Listing (Medical Packet, page 57).

### **CONCLUSIONS OF LAW**

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience is reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

When determining disability, the federal regulations require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

At Step 1, the evidence of record establishes the claimant has not been engaged in substantial gainful activity since November 2007. Therefore, disability is not denied at this step.

At Step 2, the objective medical evidence of record does not establish that the claimant is significantly limited in performing basic mental/physical work activities, as defined below, for the required duration stated below for one **continuous** year.

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

...[The impairment]...must have lasted or must be expected to last for a continuous period of at least 12 months. We call this the duration requirement. 20 CFR 416.909.

**Non-severe impairment(s).** An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

**Basic work activities.** When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include --

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting. 20 CFR 416.921(b).

The claimant has the burden of proof to establish that he has a severely restricted mental/physical impairment that has lasted or can be expected to last for the duration of at least one **continuous** year.

There is insufficient medical evidence in the record that claimant suffers a severely restricted mental/physical impairment for that required period. The objective medical evidence of record establishes the claimant's GAF score of 60 in July 2011. This is considered a nonserious mental impairment with occupational functioning. [REDACTED] [REDACTED].)

There is no objective medical evidence of record establishing that the claimant has work limitations.

Therefore, disability is denied at Step 2.

Therefore, the claimant has not established disability, as defined above, by the necessary competent, material, and substantial evidence on the whole record.

**DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that disability was not medically established.

Accordingly, Medicaid/SDA denial is UPHELD.
