IN THE MATTER OF:

Docket No. 2011-49350 PA
Case No. [REDACTED]

[REDACTED],

Appellant

_____ /

DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge (ALJ) pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on [REDACTED], the Appellant, appeared on her own behalf. [REDACTED], Appeals Review Officer, represented the Department. [REDACTED], Medicaid Utilization Analyst, appeared as a witness for the Department.

ISSUE

Did the Department properly deny the Appellant's request for prior authorization for a complete upper and lower denture?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. The Appellant is a Medicaid beneficiary.
2. On [REDACTED], the Department received a prior authorization request for a complete upper denture and a lower partial denture from the Appellant's dentist. (Exhibit 1, page 3)
3. On [REDACTED], the Department approved the lower denture and denied the upper denture. The Department determined that the Appellant did not qualify for the upper complete denture under the five (5) year rule. The Appellant's case history indicated that a complete upper was placed [REDACTED]. (Exhibit 1, pages 6)
4. On [REDACTED], the Department sent a Notice of Amended Authorization to the Appellant. (Exhibit 1, pages 3)

5. On ██████████, the Michigan Administrative Hearing System received the Appellant's Request for Hearing. (Exhibit 1, page 2)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

1.10 PRIOR AUTHORIZATION

Medicaid requires prior authorization (PA) to cover certain services before those services are rendered to the beneficiary. The purpose of PA is to review the medical need for certain services.

*MDCH Medicaid Provider Manual, Practitioner
Section, January 1, 2011, page 4.*

The issue in this case is whether the Department properly applied the five year rule for denture coverage. *MDCH Medicaid Provider Manual, Dental Section, January 1, 2011, pages 17-18*, outlines coverage for dentures:

6.6 PROSTHODONTICS (REMOVABLE)

6.6.A. GENERAL INSTRUCTIONS

Complete and partial dentures are benefits for all beneficiaries. All dentures require PA. Providers must assess the beneficiary's general oral health and provide a five-year prognosis for the prosthesis requested. An upper partial denture PA request must also include the prognosis of six sound teeth.

Complete or partial dentures are authorized:

- If there is one or more anterior teeth missing;
- If there are less than eight posterior teeth in occlusion (fixed bridges and dentures are to be considered occluding teeth); or
- Where an existing complete or partial denture cannot be made serviceable through repair, relining, adjustment, or duplicating (rebasing) procedures. If a partial denture can be made serviceable, the dentist should provide the needed restorations to maintain

use of the existing partial, extract teeth, add teeth to an existing partial, and remove hyperplastic tissue.

Before final impressions are taken and any construction begun on a complete or partial denture, healing adequate to support a prosthesis must take place following the completion of extractions or surgical procedures. This includes the posterior ridges of any immediate denture. An exception is made for the six anterior teeth (cuspid to cuspid) only when an immediate denture is authorized.

Reimbursement for a complete or partial denture includes all necessary adjustments, relines, repairs, and duplications within six months of insertion. This includes such services for an immediate upper denture when authorized.

If a complete or partial denture requires an adjustment, reline, repair, or duplication within six months of insertion, but the services were not provided until after six months of insertion, no additional reimbursement is allowed for these services.

Complete or partial dentures are not authorized when:

- **A previous prosthesis has been provided within five years, whether or not the existing denture was obtained through Medicaid.**
- An adjustment, reline, repair, or duplication will make them serviceable.
- Replacement of a complete or partial denture that has been lost or broken beyond repair is not a benefit within five years, whether or not the existing denture was obtained through Medicaid.

*Medicaid Provider Manual, Dental Section,
Version date January 1, 2010
Pages 17-18.
(Emphasis added by ALJ)*

The following facts are not in dispute. On [REDACTED], the Department received a prior authorization request for a complete upper denture and a lower partial denture from the Appellant's dentist. On [REDACTED], the Department reviewed the request and approved the lower denture, but denied the complete upper denture. (Exhibit 1, page 3) [REDACTED] testified that the upper denture was denied because the Appellant had an upper denture placed on [REDACTED], which was within the five (5) years of the Appellant's request. [REDACTED] testified that Medicaid policy prohibits the authorization of prosthesis when a previous prosthesis was provided within five (5) years of the request. [REDACTED] further testified that the Department's denial was consistent with the policy outlined in the Dental Section of the Department's Medicaid Provider Manual.

The Appellant testified that she disagrees with the denial and testified that her current denture is out of line with her bottom teeth. The Appellant further testified that in [REDACTED] when the upper denture was placed her dentist knew that she had periodontal disease in her lower gums and now the upper denture is too painful to wear.

The Dental Prior Authorization Request form correctly indicates that the Appellant prior upper prosthesis was placed three (3) years ago. (Exhibit 1, page 5) The Appellant's Medicaid case history confirms that a complete upper denture was placed [REDACTED]. (Exhibit 1, page 6) The Department provided sufficient evidence that its denial of the upper denture was properly based on the information provided to the Department with the prior authorization request and was consistent with Department policy.

Ms. Hansen testified that the Appellant's dentist, at the time the upper denture was placed, was responsible for the completion of a dental treatment plan should have addressed the Appellant's periodontal disease and potential complications. [REDACTED] also testified that the Appellant would be eligible for a new upper denture in [REDACTED].

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's request for prior authorization for a complete upper denture.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.

Martin D. Snider
Administrative Law Judge
for Olga Dazzo, Director
Michigan Department of Community Health

***** NOTICE *****

The Michigan Administrative Hearing System may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The Michigan Administrative Hearing System will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Appellant may appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
