Reg. No: 201154710  
Issue No: 4031  
Case No: [REDACTED]  
Hearing Date: January 3, 2012  
Washtenaw County DHS

**ADMINISTRATIVE LAW JUDGE:** William A. Sundquist

**HEARING DECISION**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the claimant's request for a hearing. After due notice, a telephone hearing was held on Tuesday, January 3, 2012. Claimant appeared with her authorized representative [REDACTED].

Medical reports (Claimant Exhibits A) submitted at the hearing for a second SHRT review delayed the decision and order below.

**ISSUE**

Was disability, as defined below, medically established?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On June 24, 2011, claimant applied for SDA, was denied on August 29, 2011 per BEM 261, and requested a hearing on September 16, 2011.
2. Claimant's vocational factors, on dated of application are: age 43, high school education, and unskilled/semi-skilled/skilled work experience.
3. On June 2, 2011, claimant's last employment ended due to layoff and she became an [REDACTED] with exhaustion expected in March 2012.
4. On date of application, claimant alleges disability due to multiple mental/physical disabilities in combination.

## CONCLUSIONS OF LAW

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (DHS or department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in the Program Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Program Reference Manual (PRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

### **DISABILITY**

A person is disabled for SDA purposes if he:

- . receives other specified disability-related benefits or services, or
- . resides in a qualified Special Living Arrangement facility, or
- . is certified as unable to work due to mental or physical disability for at least 90 days from the onset of the disability.
- . is diagnosed as having Acquired Immunodeficiency Syndrome (AIDS).

If the client's circumstances change so that the basis of his/her disability is no longer valid, determine if he/she meets any of the other disability criteria. Do NOT simply initiate case closure. BEM, Item 261, p. 1.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

The burden of proof is on the claimant to establish disability in accordance with the 5 step process below. ...BAM 600.

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

At Step 1, disability is not denied due to claimant's current [REDACTED] and on date of application.

At Step 2, disability is denied. The medical evidence of record, on date of application, does not establish the claimant's significant inability to perform basic mental/physical work activities, for the required 90 day continuous duration, as defined below.

### **Severe/Non-Severe Impairment**

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not

have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

**Non-severe impairment(s).** An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

**Basic work activities.** When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

The question in this case is whether the claimant's disabling complaints and diagnosed disorders, on date of application, significantly limited her ability to perform basic work activities, as defined above.

Claimant admits that she has a residual functional capacity to do her past work as a Hi-Lo operator, disassembler of car parts, light type work and is looking for work.

In addition, claimant does receive [REDACTED]. In order to receive [REDACTED] under the federal regulations, a person must be monetarily eligible. They must be totally or partially unemployed. They must have an approvable job separation. Also, they must meet certain legal requirements which include being physically and mentally able to work, being available for and seeking work, and filing a weekly claim for benefits on a timely basis. This Administrative Law Judge finds that claimant has not established that she has a severe impairment or combination of impairments which have lasted or will last the durational requirement of 12 months or more or have kept her from working for a period of 12 months or more. Claimant did last work on June 2, 2011. Claimant is currently drawing [REDACTED] with an expected exhaustion in [REDACTED].

The evidence of record establishes a non-severe impairment. Therefore, a severe mental/physical impairment in combination meeting the 90 day continuous duration has not been established.

Therefore, disability has not been established at Step 2 by the competent, material and substantial evidence on the whole record.

**DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that disability was medically established.

Accordingly, Medicaid denial is **UPHELD**.
