CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

42 CFR § 438.56 Disenrollment: Requirements and limitations.

(a) Applicability. The provisions of this section apply to all managed care arrangements whether enrollment is mandatory or voluntary and whether the contract is with an MCO, a PIHP, a PAHP, or a PCCM.

(b) Disenrollment requested by the MCO, PIHP, PAHP, or PCCM. All MCO, PIHP, PAHP, and PCCM contracts must—

(1) Specify the reasons for which the MCO, PIHP, PAHP, or PCCM may request disenrollment of an enrollee;

(2) Provide that the MCO, PIHP, PAHP, or PCCM may not request disenrollment because of an adverse change in the enrollee's health status, or because of the enrollee's utilization of medical services, diminished mental capacity, or uncooperative or disruptive behavior resulting from his or her special needs (except when his or her continued enrollment in the MCO, PIHP, PAHP, or PCCM seriously impairs the entity's ability to furnish services to either this particular enrollee or other enrollees); and

(3) Specify the methods by which the MCO, PIHP, PAHP, or PCCM assures the agency that it does not request disenrollment for reasons other than those permitted under the contract.

(c) **Disenrollment requested by the enrollee.** If the State chooses to limit disenrollment, its MCO, PIHP, PAHP, and PCCM contracts must provide that a recipient may request disenrollment as follows:

(1) For cause, at any time.

(2) Without cause, at the following times:

(i) During the 90 days following the date of the recipient's initial enrollment with the MCO, PIHP, PAHP, or PCCM, or the date the State sends the recipient notice of the enrollment, whichever is later.

(ii) At least once every 12 months thereafter.

(iii) Upon automatic reenrollment under paragraph (g) of this section, if the temporary loss of Medicaid eligibility has caused the recipient to miss the annual disenrollment opportunity.

(iv) When the State imposes the intermediate sanction specified in §438.702(a)(3)

The Department's Contract disenrollment provisions must comply with the above-cited applicable Federal regulations for Health Plan contracts created under the authority of the Medical Assistance program. Code sections [42 CFR 438.100 and 438.708] provide the mechanism(s) for enrollee protection and the potential for health plan/MCO sanction.

Those sections provide:

438.100 Enrollee rights.

(a) General rule. The State must ensure that--

1. Each MCO and PIHP has written policies regarding the enrollee rights specified in this section; and
2. Each MCO, PIHP, PAHP, and PCCM complies with any applicable Federal and State laws that pertain to

enrollee rights, and ensures that its staff and affiliated providers take those rights into account when furnishing services to enrollees.

(b) Specific rights—

- (1) Basic requirement. The State must ensure that each managed care enrollee is guaranteed the rights as specified in paragraphs (b)(2) and (b)(3) of this section.
- (2) An enrollee of an MCO, PIHP, PAHP, or PCCM has the following rights: The right to--
 - (i) Receive information in accordance with Sec. 438.10.
 - (ii) Be treated with respect and with due consideration for his or her dignity and privacy.
 - (iii) Receive information on available treatment options and alternatives, presented in a manner appropriate to the enrollee's condition and ability to understand....
 - (iv) Participate in decisions regarding his or her health care, including the right to refuse treatment.
 - (v) Be free from any form of restraint or seclusion used as a means of coercion, discipline, convenience or retaliation, as specified in other Federal regulations on the use of restraints and seclusion.
 - (vi) If the privacy rule, as set forth in 45 CFR parts 160 and 164 subparts A and E, applies, request and receive a copy of his or her medical records, and request that they be amended or corrected, as specified in 45 CFR Sec. 164.524 and 164.526.
- (3) An enrollee of an MCO, PIHP, or PAHP (consistent with the scope of the PAHP's contracted services) has the right to be furnished health care services in accordance with 42 CFR 438.206 through 438.210.

(c) Free exercise of rights. The State must ensure that each enrollee is free to exercise his or her rights, and that the

exercise of those rights does not adversely affect the way the MCO, PIHP, PAHP, or PCCM and its providers or the State agency treat the enrollee.

(d) Compliance with other Federal and State laws. The State must ensure that each MCO, PIHP, PAHP, and PCCM complies with any other applicable Federal and State laws (such as: title VI of the Civil Rights Act of 1964 as implemented by regulations at 45 CFR part 80; the Age Discrimination Act of 1975 as implemented by regulations at 45 CFR part 91; the Rehabilitation Act of 1973; and titles II and III of the Americans with Disabilities Act; and other laws regarding privacy and confidentiality). 438.708 Termination of an MCO or PCCM contract.

A State has the authority to terminate an MCO or PCCM contract and enroll that entity's enrollees in other MCOs or PCCMs, or provide their Medicaid benefits through other options included in the State plan, if the State determines that the MCO or PCCM has failed to do either of the following:

- (a) Carry out the substantive terms of its contract; or
- (b) Meet applicable requirements in sections 1932, 1903(m), and 1905(t) of the Act.

The Michigan Department of Community Health (MDCH), pursuant to the provisions of the Social Security Act Medical Assistance Program, contracts with ██████████ ██████████ to provide State Medicaid Plan services to enrolled beneficiaries and ABW recipients.

The Department's contract provides, as follows:

Disenrollment Requests Initiated by the Contractor

(1) Special Disenrollments

The Contractor may initiate special disenrollment requests to DCH based on enrollee actions inconsistent with Contractor membership—for example, if there is fraud, abuse of the Contractor, or other intentional misconduct; or if, the enrollee's abusive or violent behavior poses a threat to the Contractor or provider. The Contractor is responsible for

members until the date of disenrollment. Special disenrollment requests are divided into three categories:

- (a) Violent/life-threatening situations involving physical acts of violence; physical or verbal threats of violence made against Contractor providers, staff, or the public at Contractor locations; or stalking situations
- (b) Fraud/misrepresentation involving alteration or theft of prescriptions, misrepresentation of Contractor membership, or unauthorized use of CHCP benefits
- (c) Other actions inconsistent with plan membership. Examples include, but are not limited to, the repeated use of non-Contractor providers without referral or when in-network providers are available; discharge from multiple practices of available Contractor's network providers; inappropriate use of prescription medication or drug seeking behaviors including inappropriate use of emergency room facilities for drug-seeking purposes.

A Contractor may not request special disenrollment based on the physical or mental health status of the enrollee. If the enrollee's physical or mental health is a factor in the actions inconsistent with plan membership, the Contractor must document evidence of the Contractor's actions to assist the enrollee in correcting the problem, including appropriate physical and mental health referrals. The Contractor must also document that continued enrollment seriously impairs the Contractor or providers' ability to furnish services to this enrollee or other enrollees. DCH reserves the right to require additional information from the Contractor to assess the appropriateness of the disenrollment. The effective disenrollment date shall be within 60 days from the date DCH received the complete request from the Contractor that contains all information necessary for DCH to render a decision. If the beneficiary exercises their right of appeal, the effective disenrollment date shall be no later than 30 days following resolution of the appeal.

[Contract at §1-B page 21]

Disenrollment Requests Initiated by the Enrollee

(1) Medical Exception

The beneficiary may request an exception to enrollment in the CHCP if he or she has a serious medical condition and is undergoing active treatment for that condition with a physician that does not participate with the Contractor at the time of

██████████

Decision and Order

enrollment. The beneficiary must submit a medical exception request to DCH.

(2) Disenrollment for Cause

The enrollee may request that DCH review a request for disenrollment for cause from a Contractor's plan at any time during the enrollment period to allow the beneficiary to enroll in another health plan. Reasons cited in a request for disenrollment for cause may include lack of access to providers or necessary specialty services covered under the Contract or concerns with quality of care. Beneficiaries must demonstrate that appropriate care is not available by providers within the Contractor's provider network or through non-network providers approved by the Contractor.

[Contract at §1-C, page 22]

The Department witness, ██████, testified that the Appellant's request for disenrollment was denied as there was no credible proof of a lack of access to care, or provider issues, quality of care or treatment for a serious medical issue by physicians who do not participate in the Appellant/Enrollee's current health plan. ██████ advised further that there was no time or distance issue and that there was no evidence that the Appellant tried to work with the ██████. She added that the ██████ has many physicians who participate as primary care physicians and specialists available to treat him. See Department's Exhibit A, p. 5.

██████ further explained that the ██████ was required under its contract with the State of Michigan to provide specialty care either in network or out of network.

The Appellant testified that he was assigned to a physician in ██████, but, "no one was there." At his last PCP visit the Appellant said that they did not know where to refer him. ██████ on behalf of the Department, recommended that the Appellant contact his case manager ██████ for help in accessing his specialty care in the face of non-responsive PCP.

Clearly, the Appellant has a medical condition. However, the Appellant also has the burden of proof to establish some effort to work with the ██████ in the procuring of appropriate medical services to treat his affliction.

Provision of those services is a matter of contractual agreement between all of the health plans and the State of Michigan. The credible testimony of Department witness ██████ accurately described the multi-level services still available to the Appellant through his existing ██████. Furthermore, she added that the Appellant is free to exercise his transfer rights on open enrollment in ██████.

**Docket No. 2011-6230 DISC
Decision and Order**

Based upon the testimony and the evidence presented today, I find that Appellant failed to preponderate his burden of proof. The Department properly denied the request for enrollee initiated disenrollment for cause.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the Department properly denied the Appellant's request for disenrollment.

IT IS THEREFORE ORDERED that:

The Department's decision is **AFFIRMED**.
