**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

- (1) Claimant is currently unemployed.
- (2) Claimant's ending date for last employment was in August 2005, when he was incarcerated.
- (3) Claimant's vocational factors are: age 25, 10<sup>th</sup> grade education, and past work as construction worker.
- (4) Psychological exam on [REDACTED], states the claimant's GAF score of 60 (Medical Packet, page 21).
- (5) Psychological exam on [REDACTED], states the claimant has no major mental disorders; that he is alert and fully oriented with fair

attention/concentration; that memory is fair/selective for recent and remote events; that short term memory is fair; that judgment/reasoning is intact; and that he denies experiencing significant psychological distress (Medical Packet, page 15).

- (6) On December 17, 2010, the claimant applied for MA; was denied on February 7, 2011, per BEM 260, and requested a hearing on February 23, 2011.
- (7) Claimant alleges disability due to mental health disorder and learning disability (Medical Packet, page 26).
- (8) SHRT report dated March 1, 2011, states the claimant's impairments do not meet/equal a Social Security listing (Medical Packet, page 26).

### **CONCLUSIONS OF LAW**

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (PAM), the Program Eligibility Manual (PEM) and the Program Reference Manual (PRM).

The facts above are undisputed:

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

When determining disability, the federal regulations require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).

3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

At Step 1, the evidence establishes that the claimant is not currently engaged in substantial gainful activity. Therefore, disability is not denied at this step.

At Step 2, the objective medical evidence of record does not establish that the claimant is significantly limited in performing basic mental work activities, as defined below, and for the required duration stated below.

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

...[The impairment]...must have lasted or must be expected to last for a continuous period of at least 12 months. We call this the duration requirement. 20 CFR 416.909.

**Non-severe impairment(s).** An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

**Basic work activities.** When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include --

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;

- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting.  
20 CFR 416.921(b).

The claimant testified that, but for his mental disorder, he has the physical functional capacity to do his past work as a construction worker.

The objective medical evidence of record establishes a GAF score of 60. This is considered a non-severe mental impairment with occupational functioning. DSM-IV.

Therefore, disability is denied at this step.

At Step 3, the objective medical evidence does not establish the claimant's impairments meet/equal a social security listing.

At Step 4, the objective medical evidence of record does not establish the claimant's inability to do any of his past work, as already discussed under Step 2. Therefore, disability is denied at steps 2 and 4.

Therefore, the claimant has not established disability, as defined above by the necessary competent, material, and substantial evidence on the whole record.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law decides that disability was not medically established.

Accordingly, MA denial is UPHELD.
