CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

This Appellant is claiming eligibility for services through the Department's Home and Community Based Services for Elderly and Disabled (HCBS/ED). The waiver is called MI Choice in Michigan. The program is funded through the federal Centers for Medicare and Medicare Services to the Michigan Department of Community Health (Department). Regional agencies, in this case, MORC, function as the Department's administrative agency.

Waivers are intended to provide the flexibility needed to enable States to try new or different approaches to the efficient and cost-effective delivery of health care services, or to adapt their programs to the special needs of particular areas or groups of recipients. Waivers allow exceptions to State plan requirements and permit a State to implement innovative programs or activities on a time-limited basis, and subject to specific safeguards for the protection of recipients and the program. Detailed rules for waivers are set forth in subpart B of part 431, subpart A of part 440 and subpart G of part 441 of this chapter. *42 CFR 430.25(b)*

1915(c) (42 USC 1396n (c) allows home and community based services to be classified as "medical assistance" under the State Plan when furnished to recipients who would otherwise need inpatient care that is furnished in a hospital SNF, ICF or ICF/MR and is reimbursable under the State Plan. Choice, and PACE services. Federal regulations require that Medicaid pay for services only for those beneficiaries who meet specified level of care criteria.

Section 4.1 of the Medicaid Provider Manual Nursing Facilities Section references the use of an online Michigan Medicaid Nursing Facility Level of Care Determination tool (*Michigan Medicaid Nursing Facility Level of Care Determination, March 7, 2005, Pages 1 – 9 or LOC*). The LOC must be completed for all Medicaid-reimbursed admissions to nursing facilities or enrollments in MI Choice or PACE on and after November 1, 2004.

The Level of Care Assessment Tool consists of seven-service entry Doors. The Doors are: Activities of Daily Living, Cognition, Physician Involvement, Treatments and Conditions, Skilled Rehabilitative Therapies, Behavior, or Service Dependency. In order to be found eligible for MI Choice Waiver services, the Appellant must meet the requirements of at least one Door. The Department presented testimony and documentary evidence that the Appellant did not meet any of the criteria for Doors 1 through 7.

Door 1
Activities of Daily Living (ADLs)

Scoring Door 1: The applicant must score at least six points to qualify under Door 1.

(A) Bed Mobility, (B) Transfers, and (C) Toilet Use:

- Independent or Supervision = 1
- Limited Assistance = 3
- Extensive Assistance or Total Dependence = 4
- Activity Did Not Occur = 8

(D) Eating:

- Independent or Supervision = 1
- Limited Assistance = 2
- Extensive Assistance or Total Dependence = 3
- Activity Did Not Occur = 8

The [REDACTED] level of care determination indicated that the Appellant is independent in her ADLs. The [REDACTED] stated that she observed the Appellant ambulate with her walker. She was able to use the toilet independently. She explained that the Appellant previously qualified under Door 1, but the waiver agency was advised that it could no longer consider use of a walker assistance for purposes of scoring Door 1. And under this new policy, the Appellant no longer qualifies under Door 1.

The Appellant's representative testified that the Appellant needs assistance with ADLs. She stated that the Appellant does have difficulty with bed mobility when her blood pressure is high or her vertigo is acting up. However, she stated that this does not occur on a daily basis. She acknowledged that the Appellant is able to eat some things, but she requires help with eating other things. She further stated that on her "good days," the Appellant can toilet herself independently.

Docket No. 2011-29690 EDW
Decision and Order

In response to the Appellant's representative's testimony, the [REDACTED] stated that she did not observe any signs of vertigo during her assessments with the Appellant. She has always been able to ambulate, answer the door, and use the restroom.

This Administrative Law Judge finds the [REDACTED] testimony credible. Accordingly, the Appellant did not qualify through Door 1. However, even if she did qualify under Door 1, the termination would still be proper because the services she is receiving can be provided through the Department of Human Service's Home Help Services (HHS) program.

Door 2
Cognitive Performance

Scoring Door 2: The applicant must score under one of the following three options to qualify under Door 2.

1. "Severely Impaired" in Decision Making.
2. "Yes" for Memory Problem, and Decision Making is "Moderately Impaired" or "Severely Impaired."
3. "Yes" for Memory Problem, and Making Self Understood is "Sometimes Understood" or "Rarely/Never Understood."

The waiver agency found that the Appellant's memory was okay, she was independent with cognitive skills for daily decision making, and she was able to make herself understood. (Exhibit 1, page 4) The Appellant's representative testified that the Appellant has problems with her memory, decision making, and making herself understood. She stated that the Appellant is forgetful and relies on her family to translate for her.

The evidence did not support that the Appellant has a memory problem that would qualify her under Door 2. The Appellant's representative did not dispute that the Appellant can recall things like the date and the president. Likewise, there was no evidence that the Appellant needs assistance making decisions regarding tasks of daily life. And the Appellant is able to express herself and usually be understood. Accordingly, the Appellant did not qualify under Door 2.

Door 3
Physician Involvement

Scoring Door 3: The applicant must meet either of the following to qualify under Door 3:

1. At least one Physician Visit exam AND at least four Physicians Order changes in the last 14 days, OR
2. At least two Physician Visit exams AND at least two Physicians Order changes in the last 14 days.

Docket No. 2011-29690 EDW
Decision and Order

The waiver agency documentation indicates that the Appellant had one physician visit and no order changes within the 14 days before the assessment. (Exhibit 1, page 4) Based on the evidence, the Appellant did not have sufficient physician's visit exams and order changes within the 14 day period that would have allowed her to meet either of the criteria listed for Door 3 at the time of the assessment.

Door 4
Treatments and Conditions

Scoring Door 4: The applicant must score "yes" in at least one of the nine categories above and have a continuing need to qualify under Door 4.

In order to qualify under Door 4 the applicant must receive, within 14 days of the assessment date, any of the following health treatments or demonstrated any of the following health conditions:

- A. Stage 3-4 pressure sores
- B. Intravenous or parenteral feedings
- C. Intravenous medications
- D. End-stage care
- E. Daily tracheostomy care, daily respiratory care, daily suctioning
- F. Pneumonia within the last 14 days
- G. Daily oxygen therapy
- H. Daily insulin with two order changes in last 14 days
- I. Peritoneal or hemodialysis

No evidence was presented indicating the Appellant had met any of the criteria listed for Door 4. Accordingly, the Appellant did not qualify under Door 4.

Door 5
Skilled Rehabilitation Therapies

Scoring Door 5: The applicant must have required at least 45 minutes of active ST, OT or PT (scheduled or delivered) in the last 7 days and continues to require skilled rehabilitation therapies to qualify under Door 5.

The waiver agency found that the Appellant did not qualify through Door 5 because she did not have any skilled rehabilitation therapies within the relevant 7-day review period. The Appellant's representative did not dispute this information. Accordingly, the Appellant did not receive skilled rehabilitation therapies within the 7-day period that would have allowed her to qualify through Door 5.

Door 6
Behavior

Scoring Door 6: The applicant must score under one of the following 2 options to qualify under Door 6.

1. A “Yes” for either delusions or hallucinations within the last 7 days.
2. The applicant must have exhibited any one of the following behaviors for at least 4 of the last 7 days (including daily): Wandering, Verbally Abusive, Physically Abusive, Socially Inappropriate/Disruptive, or Resisted Care.

No evidence was presented indicating that the Appellant had any delusions, hallucinations, or any of the specified behaviors within 7 days of the LOC Determination. Accordingly, the Appellant did not qualify under Door 6.

Door 7
Service Dependency

Scoring Door 7: The applicant must be a current participant and demonstrate service dependency under Door 7.

The level of care determination provides that the applicant could qualify under Door 7 if she is currently (and has been a participant for at least one year) being served by either the MI Choice Program, PACE program, or Medicaid reimbursed nursing facility, requires ongoing services to maintain current functional status, and no other community, residential, or informal services are available to meet the applicant’s needs.

It is uncontested that the Appellant has been a participant for ten years. However, the waiver agency found that the services the Appellant is receiving could be provided by other community-based programs, i.e., the HHS program through the Department of Human Services. Because other services are available to meet the Appellant’s needs, she did not qualify through Door 7.

While this Administrative Law Judge is sympathetic to the Appellant’s position, I do not have authority to override or disregard the policy set forth by the Department. The Appellant did not meet the nursing facility level of care criteria at the time of the ██████████ assessment to be eligible for waiver services. This is not a determination that the Appellant does not need assistance, only that she is not eligible to receive ongoing services through the MI Choice Waiver program. If she has not already done so, the Appellant should follow up with the Department of Human Services for the HHS program.

DECISION AND ORDER
