MICHIGAN ADMINISTRATIVE HEARING SYSTEM  
ADMINISTRATIVE HEARINGS FOR THE  
DEPARTMENT OF HUMAN SERVICES**

**IN THE MATTER OF:**

[REDACTED]

Reg. No.: 2011-47990  
Issue No.: 2009  
Case No.: [REDACTED]  
Hearing Date: February 8, 2012  
County: Wayne (82-57)

**ADMINISTRATIVE LAW JUDGE:** Robert J. Chavez

**HEARING DECISION**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, an in-person hearing was held on February 8, 2012, at the Department of Human Services office in Wayne County, Michigan, District 57. Claimant was represented at hearing by [REDACTED].

**ISSUE**

Was the denial of claimant's application for Medical Assistance (MA-P) and retroactive MA-P program benefits for lack of disability correct?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for MA-P on March 11, 2011.
2. Claimant is 36 years old.
3. Claimant has a limited education.
4. Claimant is not currently working.
5. Claimant has a history of congestive heart failure and ischemic coronary artery disease.

6. Claimant had an ejection fraction of 40% and 90% occlusion of the first obtuse marginal branch of the circumflex artery.
7. Claimant's treating source rates claimant at less than sedentary activity and has given claimant a Class III rating on the NYHF scale, which is consistent with marked limitation in physical activity, with less than ordinary activity causing fatigue, palpitation, dyspnea, and anginal pain.
8. Claimant has very serious limitations in his ability to initiate and sustain activities of daily living.
9. On July 19, 2011, the Medical Review Team denied MA-P, stating that claimant could perform other work.
10. On July 23, 2011, claimant was sent a notice of case action.
11. On August 2, 2011, claimant filed for hearing.
12. On September 13, 2011, the State Hearing Review Team (SHRT) denied MA-P, stating that claimant could perform other work.
13. On February 8, 2012, a hearing was held before the Administrative Law Judge.
14. The record was held open for additional records.
15. These records were submitted to and returned by the SHRT; on March 12, 2012, SHRT ruled that claimant was capable of other work.

### **CONCLUSIONS OF LAW**

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Tables (RFT).

Federal regulations require that the Department use the same operative definition of the term "disabled" as is used by the Social Security Administration for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

Disability is defined as the inability to do any substantial gainful activity (SGA) by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905.

This is determined by a five-step sequential evaluation process where current work activity, the severity and duration of the impairment(s), statutory listings of medical impairments, residual functional capacity, and vocational factors (i.e., age, education, and work experience) are considered. These factors are always considered in order according to the five-step sequential evaluation, and when a determination can be made at any step as to the claimant's disability status, no analysis of subsequent steps is necessary. 20 CFR 416.920.

The first step that must be considered is whether the claimant is still partaking in SGA. 20 CFR 416.920(b). To be considered disabled, a person must be unable to engage in SGA. A person who is earning more than a certain monthly amount (net of impairment-related work expenses) is ordinarily considered to be engaging in SGA. The amount of monthly earnings considered as SGA depends on the nature of a person's disability; the Social Security Act specifies a higher SGA amount for statutorily blind individuals and a lower SGA amount for non-blind individuals. Both SGA amounts increase with increases in the national average wage index. The monthly SGA amount for statutorily blind individuals for 2011 is \$1,640. For non-blind individuals, the monthly SGA amount for 2011 is \$1,000.

In the current case, claimant has presented competent material evidence that he is not engaging in SGA and, therefore passes, the first step.

The second step that must be considered is whether or not the claimant has a severe impairment. 20 CFR 416.920(c). A severe impairment is an impairment expected to last 12 months or more (or result in death), which significantly limits an individual's physical or mental ability to perform basic work activities. The term "basic work activities" means the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting.

20 CFR 416.921(b).

The purpose of the second step in the sequential evaluation process is to screen out claims lacking in medical merit. *Higgs v. Bowen* 880 F2d 860, 862 (6<sup>th</sup> Cir, 1988). As a result, the Department may only screen out claims at this level which are “totally groundless” solely from a medical standpoint. This is a *de minimus* standard in the disability determination that the court may use only to disregard trifling matters. As a rule, any impairment that can reasonably be expected to significantly impair basic activities is enough to meet this standard.

In the current case, claimant has presented competent material evidence of an impairment that meets durational requirements and, therefore, passes the second step.

In the third step of the sequential evaluation, we must determine if the claimant’s impairment is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. 20 CFR 416.925. This is, generally speaking, an objective standard; either the claimant’s impairment is listed in this appendix, or it is not. However, at this step, a ruling against the claimant does not direct a finding of “not disabled”; if the claimant’s impairment does not meet or equal a listing found in Appendix 1, the sequential evaluation process must continue on to step four.

The Administrative Law Judge finds that claimant’s medical records contain medical evidence of an impairment that meets or equals listing 4.04. Therefore, claimant is found disabled at step three, and the Department erred when it denied claimant’s MA-P application for lack of disability. Claimant has been disabled since at least December 1, 2010.

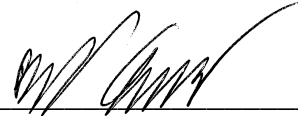

With regard to steps 4 and 5, when a determination can be made at any step as to the claimant’s disability status, no analysis of subsequent steps is necessary. 20 CFR 416.920. Therefore, the Administrative Law Judge sees no reason to continue his analysis, as a determination can be made at step 3.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that claimant is disabled for the purposes of the MA-P program, with an onset date of at least December 1, 2010. Therefore, the decision to deny claimant’s application for MA-P was incorrect.

Accordingly, the Department’s decision in the above-stated matter is, hereby, REVERSED.

The Department is ORDERED to process claimant's March 11, 2011, MA-P application and award required benefits, provided claimant meets all non-medical standards as well. The Department is further ORDERED to initiate a review of claimant's disability case in March, 2013.
