DEPARTMENT OF HUMAN SERVICES**

Reg. No: 201220578

Case No: [REDACTED]  
Hearing Date: February 16, 2012  
DHS-MA Special Process

**ADMINISTRATIVE LAW JUDGE:** William A. Sundquist

**HEARING DECISION**

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the claimant's request for a hearing. After due notice, a 3-way telephone hearing was held on Thursday, February 16, 2012. Claimant appeared and testified on her behalf.

**ISSUE**

Was disability, as defined below, medically established?

**FINDINGS OF FACT**

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. On June 2, 2011, claimant was approved for interim Medicaid (MA-P) and denied regular Medicaid (MA-P) on December 2, 2011 per BEM 260, and requested a hearing on December 21, 2011.
2. Claimant's vocational factors are: age 50, 12 grade education, and semi-skilled work as a school luncheon aide.
3. In September 2007, claimant left work for medical reasons.
4. On date of application, claimant alleged disability due to hypertension, muscle spasms, and trouble walking.
5. Medical exam on September 12, 2011, states the claimant's physical condition is stable (Medical Packet, Page 97).

## CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Program Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Program Reference Manual (PRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

The burden of proof is on the claimant to establish disability in accordance with the 5 step process below. ...20 CFR 460.912(a).

When determining disability, the federal regulations require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and

laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).

4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

At Step 1, disability is not denied. The evidence of record establishes that the claimant has not been engaged substantial gainful work since September 2007.

At Step 2, disability is denied. The medical evidence of record, on date of application, does not establish the claimant's significant inability to perform basic physical work activities for the required one year **continuous** duration, as defined below.

### **Severe/Non-Severe Impairment**

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

**Non-severe impairment(s).** An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

**Basic work activities.** When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;

- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;
- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting.  
20 CFR 416.921(b).

The question for this Administrative Law Judge is whether the claimant's medically diagnosed disorders and disabling complaints severe or non-severe, as defined above. Said in another way, do the claimant's medically diagnosed disorders impair her claimant slightly, mildly, moderately (non-severe, as defined above) or severely, as defined above?

Most of the medical reports of record were examinations, diagnostic and treatment reports, and do not provide **medical assessment** of claimant's work limitations/restrictions relative to inability to perform basic work activities, as defined above, nor her past work and sedentary work activities.

Disability meeting the duration requirement of one **continuous** year has not been established by the preponderance of the medical evidence of record.

Therefore, disability has not been established at Step 2, by the competent, material and substantial evidence on the whole record.

### **DECISION AND ORDER**

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that disability was not medically established.

Accordingly, Medicaid denial is **UPHELD**.
