DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No.: 2012-13106
Issue Nos.: 2009, 4031
Case No.: [REDACTED]
Hearing Date: April 26, 2012
County: Huron

ADMINISTRATIVE LAW JUDGE: Robert J. Chavez

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon claimant's request for a hearing. After due notice, a hearing was held on April 26, 2012 at the Department of Human Services (Department) office in Huron County, Michigan. Claimant was represented at hearing by [REDACTED]. The Department was represented by [REDACTED].

ISSUE

Was the denial of claimant's application for Medical Assistance (MA-P), State Disability Assistance (SDA), and retroactive MA-P benefits for lack of disability correct?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. Claimant applied for MA-P, SDA, and retroactive MA-P on August 29, 2011.
2. Claimant is 50 years old.
3. Claimant has a 12th grade education.
4. Claimant is not currently working.
5. Claimant has a history of scoliosis, diabetes, neuropathy, degenerative disc disease, and sepsis.
6. Treating source reports indicate lumbar stenosis, extremity pain, and weakness.

7. Claimant has a disc herniation at L3-4.
8. Treating source reports also indicate pseudoclaudication, manifesting itself as extreme weakness of the lower extremities.
9. An examination in January 2012 noted sensory loss in the lower extremities.
10. Claimant has a right foot drop that causes significant difficulty in ambulating.
11. Claimant has significant right extremity pain.
12. Claimant requires the use of a walker to ambulate, which has been prescribed, and uses a wheelchair at other times.
13. There is no indication in the medical file, nor any allegation, that claimant will recover ambulation within 12 months of the onset of disability.
14. On September 30, 2011, the Medical Review Team denied MA-P and SDA, stating that claimant could perform other work.
15. On October 6, 2011, claimant was sent a notice of case action.
16. On November 15, 2011, claimant filed for hearing.
17. On January 18, 2012, the State Hearing Review Team (SHRT) denied MA-P and SDA, stating that claimant was capable of other work.
18. On April 26, 2012, a hearing was held before the Administrative Law Judge.
19. Additional records were submitted; on June 18, 2012, SHRT approved MA-P and SDA starting in September 2011, but denied for the period of May through August 2011.

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers the MA program pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (BRM).

The State Disability Assistance (SDA) program which provides financial assistance for disabled persons is established by 2004 PA 344. The Department of Human Services (Department) administers the SDA program pursuant to MCL 400.10, *et seq.*, and MAC R 400.3151-400.3180. Department policies are found in BAM, BEM and BRM.

Federal regulations require that the Department use the same operative definition of the term “disabled” as is used by the Social Security Administration for Supplemental Security Income (SSI) under Title XVI of the Social Security Act. 42 CFR 435.540(a).

Disability is defined as the inability to do any substantial gainful activity (SGA) by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months. 20 CFR 416.905.

This is determined by a five-step sequential evaluation process where current work activity, the severity and duration of the impairment(s), statutory listings of medical impairments, residual functional capacity, and vocational factors (i.e., age, education, and work experience) are considered. These factors are always considered in order according to the five-step sequential evaluation, and when a determination can be made at any step as to the claimant’s disability status, no analysis of subsequent steps is necessary. 20 CFR 416.920.

The first step that must be considered is whether the claimant is still partaking in SGA. 20 CFR 416.920(b). To be considered disabled, a person must be unable to engage in SGA. A person who is earning more than a certain monthly amount (net of impairment-related work expenses) is ordinarily considered to be engaging in SGA. The amount of monthly earnings considered as SGA depends on the nature of a person's disability; the Social Security Act specifies a higher SGA amount for statutorily blind individuals and a lower SGA amount for non-blind individuals. Both SGA amounts increase with increases in the national average wage index. The monthly SGA amount for statutorily blind individuals for 2011 is \$1,640. For non-blind individuals, the monthly SGA amount for 2011 is \$1,000.

In the current case, claimant has presented competent material evidence that she is not engaging in SGA and, therefore, passes the first step.

The second step that must be considered is whether or not the claimant has a severe impairment. 20 CFR 416.920(c). A severe impairment is an impairment expected to last 12 months or more (or result in death), which significantly limits an individual’s physical or mental ability to perform basic work activities. The term “basic work activities” means the abilities and aptitudes necessary to do most jobs. Examples of these include:

- (1) Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying or handling;
- (2) Capacities for seeing, hearing, and speaking;
- (3) Understanding, carrying out, and remembering simple instructions;

- (4) Use of judgment;
- (5) Responding appropriately to supervision, co-workers and usual work situations; and
- (6) Dealing with changes in a routine work setting.

20 CFR 416.921(b).

The purpose of the second step in the sequential evaluation process is to screen out claims lacking in medical merit. *Higgs v. Bowen* 880 F2d 860, 862 (6th Cir, 1988). As a result, the Department may only screen out claims at this level which are “totally groundless” solely from a medical standpoint. This is a *de minimus* standard in the disability determination that the court may use only to disregard trifling matters. As a rule, any impairment that can reasonably be expected to significantly impair basic activities is enough to meet this standard.

In the current case, claimant has presented competent material evidence of an impairment that meets durational requirements and, therefore, passes the second step.

In the third step of the sequential evaluation, we must determine if the claimant’s impairment is listed in Appendix 1 of Subpart P of 20 CFR, Part 404. 20 CFR 416.925. This is, generally speaking, an objective standard; either the claimant’s impairment is listed in this appendix, or it is not. However, at this step, a ruling against the claimant does not direct a finding of “not disabled”; if the claimant’s impairment does not meet or equal a listing found in Appendix 1, the sequential evaluation process must continue on to step four.

The Administrative Law Judge finds that the claimant’s medical records contain medical evidence of an impairment that meets or equals listing 1.04C, after considering claimant’s treating source limitations, rehabilitation records, medical records, and the undersigned’s own observations of claimant. Therefore, claimant is found disabled at step three, and the Department erred when it denied claimant’s Medicaid application for lack of disability. Claimant has been disabled since at least May 2011.

With regard to steps 4 and 5, when a determination can be made at any step as to the claimant’s disability status, no analysis of subsequent steps is necessary. 20 CFR 416.920. Therefore, the Administrative Law Judge sees no reason to continue his analysis, as a determination can be made at step 3.

As claimant meets all the requirements for disability for the MA-P program, claimant meets the disability requirements for the SDA program as well. BEM 261.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that claimant is disabled for the purposes of the MA and SDA programs, with an onset date of at least May 2011. Therefore, the decision to deny claimant's application for MA-P and SDA was incorrect.

Accordingly, the Department's decision in the above-stated matter is, hereby, REVERSED.

The Department is ORDERED to:

1. Process claimant's August 29, 2011, MA-P application and award required benefits retroactive to May 2011, provided claimant meets all non-medical standards as well.
2. Initiate a review of claimant's disability case in August 2013.
