## STATE OF MICHIGAN MICHIGAN ADMINISTRATIVE HEARING SYSTEM FOR THE DEPARTMENT OF COMMUNITY HEALTH

P.O. Box 30763, Lansing, MI 48909 (877) 833-0870; Fax: (517) 334-9505

IN THE MATTER OF:

Appellant

Docket No. 2012-21842 HHS Case No.

# DECISION AND ORDER

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and 42 CFR 431.200 *et seq.*, upon the Appellant's request for a hearing.

After due notice, a hearing was held on a second and a se

## <u>ISSUE</u>

Did the Department properly deny the Appellant's Home Help Services ("HHS") application?

# FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

- 1. On the Appellant's physician completed a DHS-54A Medical Needs form documenting the Appellant's diagnoses as diabetes mellitus type II, hypertension, and status post gunshots right leg **100**. The physician certified that the Appellant had a medical need for assistance with meal preparation, shopping, laundry, and housework. (Exhibit 2)
- 2. On or about the second seco
- 3. On **Sector 1**, the ASW went to the Appellant's home to complete an in home assessment with the Appellant and his caregiver. The ASW observed the Appellant walking and going up stairs without any assistance or adaptive devices, transferring in/out of a chair, carrying his medications and other information. (Exhibit 1, page 8 and ASW Testimony)
- 4. Based on the information available at the time of the assessment, the

ASW concluded that the Appellant did not have a medical need for hands on assistance with any Activity of Daily Living (ADL).

- 5. On **Section**, the Department sent the Appellant an Adequate Action Notice which informed him that his HHS application was denied because he did not qualify for home help services. (Exhibit 1, pages 5-7)
- 6. On experimentation, the Appellant's hear request was received. (Exhibit 1, page 4)

## CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

Home Help Services (HHS) are provided to enable functionally limited individuals to live independently and receive care in the least restrictive, preferred settings. These activities must be certified by a physician and may be provided by individuals or by private or public agencies.

Adult Services Manual (ASM 363, 9-1-08), pages 2-5 of 24 addresses the issues of assessment and service plan development:

## COMPREHENSIVE ASSESSMENT

The Adult Services Comprehensive Assessment (FIA-324) is the primary tool for determining need for services. The comprehensive assessment will be completed on all open cases, whether a home help payment will be made or not. ASCAP, the automated workload management system provides the format for the comprehensive assessment and all information will be entered on the computer program.

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- An interview must be conducted with the caregiver, if applicable.
- Observe a copy of the client's social security card.
- Observe a picture I.D. of the caregiver, if applicable.

- The assessment must be updated as often as necessary, but minimally at the six-month review and annual redetermination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
- Follow specialized rules of confidentiality when ILS cases have companion APS cases.

## Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the HHS payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

- Eating
- Toileting
- Bathing
- Grooming
- Dressing
- Transferring
- Mobility

Instrumental Activities of Daily Living (IADL)

- Taking Medication
- Meal Preparation and Cleanup
- Shopping
- Laundry
- Light Housework

Functional Scale ADL's and IADL's are assessed according to the following five-point scale:

1. Independent

Performs the activity safely with no human assistance.

2. Verbal Assistance

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some Human Assistance

Performs the activity with some direct physical assistance and/or assistive technology.

- 4. Much Human Assistance
  - Performs the activity with a great deal of
  - human assistance and/or assistive technology.
- 5. Dependent

Does not perform the activity even with human assistance and/or assistive technology.

**Note:** HHS payments may only be authorized for needs assessed at the 3 level or greater.

## Time and Task

The worker will allocate time for each task assessed a rank of 3 or higher, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a guide. The RTS can be found in **ASCAP** under the **Payment** module, Time and Task screen. When hours exceed the RTS rationale must be provided.

## IADL Maximum Allowable Hours

There are monthly maximum hour limits on all IADLs except medication. The limits are as follows:

- 5 hours/month for shopping
- 6 hours/month for light housework
- 7 hours/month for laundry
- 25 hours/month for meal preparation

These are maximums; as always, if the client needs fewer hours, that is what must be authorized. Hours should continue to be prorated in shared living arrangements.

\*\*\*

## Service Plan Development

Address the following factors in the development of the service plan:

• The specific services to be provided, by whom and at what cost.

- The extent to which the client does not perform activities essential to caring for self. The intent of the Home Help program is to assist individuals to function as independently as possible. It is important to work with the recipient and the provider in developing a plan to achieve this goal.
- The kinds and amounts of activities required for the client's maintenance and functioning in the living environment.
- The availability or ability of a responsible relative or legal dependent of the client to perform the tasks the client does not perform. Authorize HHS **only** for those services or times which the responsible relative/legal dependent is unavailable or unable to provide.

**Note: Unavailable** means absence from the home, for employment or other legitimate reasons. **Unable** means the responsible person has disabilities of his/her own which prevent caregiving. These disabilities must be documented/verified by a medical professional on the DHS-54A.

- Do **not** authorize HHS payments to a responsible relative or legal dependent of the client.
- The extent to which others in the home are able and available to provide the needed services. Authorize HHS **only** for the benefit of the client and **not** for others in the home. If others are living in the home, prorate the IADL's by at least 1/2, more if appropriate.
- The availability of services currently provided free of charge. A written statement by the provider that he is no longer able to furnish the service at no cost is sufficient for payment to be authorized as long as the provider is not a responsible relative of the client.
- HHS may be authorized when the client is receiving other home care services if the services are not duplicative (same service for same time period).

# Services not Covered by Home Help Services

Do not authorize HHS payment for the following:

 Supervising, monitoring, reminding, guiding or encouraging (functional assessment rank 2);

\*\*\*

- Services provided for the benefit of others;
- Services for which a responsible relative is able and available to provide;
- Services provided free of charge;
- Services provided by another resource at the same time;
- Transportation See Program Administrative Manual (PAM) 825 for medical transportation policy and procedures.
- Money management, e.g., power of attorney, representative payee;
- Medical services;
- Home delivered meals;
- Adult day care.

Adult Services Manual (ASM) 363, 9-1-2008, Pages 2-15 of 24

The Department of Human Services issued Interim Policy Bulletin ASB 2011-001 with an effective date of October 1, 2011. This Interim Policy limits HHS eligibility for Medicaid beneficiaries with a medical need for assistance with one or more ADLs at a ranking of 3 or higher. Interim Policy Bulletin ASB 2011-001 provides in pertinent part:

## Home Help Eligibility Criteria

To qualify for home help services, an individual must require assistance with at least one activity of daily living (ADL) assessed at a level 3 or greater. The change in policy must be applied to any new cases opened on or after October 1, 2011, and to all ongoing cases as of October 1, 2011.

## **Comprehensive Assessment Required Before Closure**

Clients currently receiving home help services must be assessed at the next face-to-face contact in the client's home to determine continued eligibility. If the adult services

specialist has a face-to-face contact in the client's home prior to the next scheduled review/redetermination, an assessment of need must take place at that time.

#### Example:

A face-to-face review was completed in August 2011; the next scheduled review will be in February 2012. The specialist meets with the client in his/her home for a provider interview in December 2011. Previous assessments indicate the client only needing assistance with instrumental activities of daily living (IADL). A new comprehensive assessment must be completed on this client.

If the assessment determines a need for an ADL at level 3 or greater but these services are **not** paid for by the department, or the client refuses to receive assistance, the client would **continue** to be eligible to receive IADL services.

If the client is receiving only IADLs and does **not** require assistance with at least one ADL, the client no longer meets eligibility for home help services and the case must close after negative action notice is provided.

Each month, beginning with October, 2011, clients with reviews due who only receive IADL services must take priority.

#### **Negative Action Notice**

The adult services specialist must provide a DHS-1212, Advance Negative Action notice, if the assessment determines the client is no longer eligible to receive home help services. The effective date of the negative action is ten business days after the date the notice is mailed to the client.

The reason for termination of services should state the following:

New policy, effective October 1, 2011, by the Department of Community Health/Department of Human Services requires the need for hands-on services of at least one activity of daily living (ADL). The most recent assessment conducted at your last review did not identify a need for an ADL. Therefore, you are no longer eligible for home help services.

## **Right to Appeal**

Clients have the right to request a hearing if they disagree with the assessment. If the client requests a hearing within ten business days, do not proceed with the negative action until after the result of the hearing.

Explain to the client that if the department is upheld, recoupment must take place back to the negative action date if payments continue. Provide the client with an option of continuing payment or suspending payment until after the hearing decision is rendered.

If the client requests a hearing after the 10-day notice and case closure has occurred, do not reopen the case pending the hearing decision. If the department's action is reversed, the case will need to be reopened and payment reestablished back to the effective date of the negative action. If the department's action is upheld, no further action is required.

*Reason:* Implementation of new policy pursuant to requirements under Public Act 63 of 2011.

## Online Manual Pages

Online manual pages will be updated with the November 2011 policy release.

INTERIM POLICY BULLETIN INDEPENDENT LIVING SERVICES (ILS) ELIGIBILITY CRITERIA ASB 2011-001 10-1-2011

The Department's policy was updated effective November 1, 2011, and states:

## INTRODUCTION

The DHS-324, Adult Services Comprehensive Assessment is the primary tool for determining need for services. The comprehensive assessment must be completed on **all open independent living services cases**. ASCAP, the automated workload management system, provides the format for the comprehensive assessment and all information will be entered on the computer program.

## Requirements

Requirements for the comprehensive assessment include, but are not limited to:

- A comprehensive assessment will be completed on all new cases.
- A face-to-face contact is required with the client in his/her place of residence.
- The assessment may also include an interview with the individual who will be providing home help services.
- A new face-to-face assessment is required if there is a request for an increase in services before payment is authorized.
- A face-to-face assessment is required on all transfer-in cases before a payment is authorized.
- The assessment must be updated as often as necessary, but minimally at the six-month review and annual redetermination.
- A release of information must be obtained when requesting documentation from confidential sources and/or sharing information from the department record.
  - Use the DHS-26, Authorization to Release Information, when requesting client information from another agency.
  - Use the DHS-1555, Authorization to Release Protected Health Information, if requesting additional medical documentation; see RFF 1555. The form is primarily used for APS cases.
- Follow rules of confidentiality when home help cases have companion APS cases, see SRM 131 Confidentiality.

\*\*\*

## Functional Assessment

The **Functional Assessment** module of the **ASCAP** comprehensive assessment is the basis for service planning and for the HHS payment.

Conduct a functional assessment to determine the client's ability to perform the following activities:

Activities of Daily Living (ADL)

• Eating.

- Toileting.
- Bathing.
- Grooming.
- Dressing.
- Transferring.
- Mobility.

Instrumental Activities of Daily Living (IADL)

- Taking Medication.
- Meal Preparation and Cleanup.
- Shopping.
- Laundry.
- Light Housework.

Functional Scale

ADLs and IADLs are assessed according to the following five-point scale:

1. Independent

Performs the activity safely with no human assistance.

2. Verbal Assistance

Performs the activity with verbal assistance such as reminding, guiding or encouraging.

3. Some Human Assistance

Performs the activity with some direct physical assistance and/or assistive technology.

4. Much Human Assistance

Performs the activity with a great deal of human assistance and/or assistive technology.

5. Dependent

Does not perform the activity even with human assistance and/or assistive technology.

HHS payments may only be authorized for needs assessed at the 3 level or greater.

An individual must be assessed with at least one activity of daily living in order to be eligible to receive home help services.

**Note**: If the assessment determines a need for an ADL at a level 3 or greater but these services are not paid for by the department, the individual would be eligible to receive IADL services.

**Example**: Ms. Smith is assessed at a level 4 for bathing however she refuses to receive assistance. Ms. Smith would be eligible to receive assistance with IADLs if the assessment determined a need at a level 3 or greater.

See ASM 121, Functional Assessment Definitions and Ranks for a description of the rankings for activities of daily living and instrumental activities of daily living.

\*\*\*

## Time and Task

The specialist will allocate time for each task assessed a rank of 3 or higher, based on interviews with the client and provider, observation of the client's abilities and use of the reasonable time schedule (RTS) as a **guide**. The RTS can be found in ASCAP under the Payment module, Time and Task screen. When hours exceed the RTS rationale **must** be provided.

An assessment of need, at a ranking of 3 or higher, does not automatically guarantee the maximum allotted time allowed by the reasonable time schedule (RTS). The specialist must assess each task according to the actual time required for it's completion.

**Example:** A client needs assistance with cutting up food. The specialist would only pay for the time required to cur the food and not the full amount of time allotted under the RTS for eating.

IADL Maximum Allowable Hours

There are monthly maximum hour limits on all IADLs except medication. The limits are as follows:

- Five hours/month for shopping
- Six hours/month for light housework
- Seven hours/month for laundry
- 25 hours/month for meal preparation

Proration of IADLs

If the client does not require the maximum allowable hours for IADLs, authorize only the amount of time needed for

each task. Assessed hour for IADLs (except medications) must be prorated by **one half** in shared living arrangements where other adults reside in the home, as home help services are **only** for the benefit of the client.

**Note:** This does not include situations where others live in adjoined apartments/flats or in a separate home on shared property and there is no shared, common living area.

In shared living arrangements, where it can be **clearly** documented that IADLs for the eligible client are completed separately from others in the home, hours for IADLs do not need to be prorated.

**Example:** Client has special dietary needs and meals are prepared separately; client is incontinent of bowel and/or bladder and laundry is completed separately; client's shopping is completed separately due to special dietary needs and food is purchased from specialty stores; etc.

Adult Services Manual (ASM) 120, 11-1-2011, Pages 1-4 of 6

In the present case, it appears the Department received a referral for the Appellant for the HHS program on or about program on or about (Exhibit 1, page 5)

On **accession**, the ASW went to the Appellant's home to complete an in home assessment with the Appellant and his caregiver. The ASW observed the Appellant walking and going up stairs without any assistance or adaptive devices, transferring in/out of a chair, carrying his medications and other information. (Exhibit 1, page 8 and ASW Testimony) Based on the information available at the time of the assessment, the ASW concluded that the Appellant did not have a medical need for assistance with any ADL. (ASW Testimony) Accordingly, on **accession**, the Department sent the Appellant an Adequate Action Notice denying his HHS application based on the new policy which requires the need for hands on services with at least one ADL. (Exhibit 1, pages 5-7)

The Appellant asserted that his constitutional rights were violated based on the prohibition against discrimination. The Appellant also asserted that he meets the criteria for HHS because he has been found disabled. However, a determination of disability is not sufficient to qualify for the HHS program. The HHS program has its own criteria, as set out in the above cited policy.

The Appellant testified that sometimes he is able to dress, bathe, and toilet himself, but other times he is not. The Appellant stated he recently got out of a diabetic coma, he has diabetic symptoms such as shaking, sweating, loss of bowel/bladder control

sometimes, and rapid heart rate. He also stated he has arthritis and at time can not move or open his hands. The Appellant reported that he has pain walking when it rains. (Appellant Testimony) The Appellant's brother testified that he assists the Appellant with cooking, insulin shots, laundry, shopping, housework, going to doctor appointments, bathing every other day and dressing. (Brother Testimony)

There was insufficient evidence presented to establish that the Appellant needs hands on assistance, ranking of level 3 or greater, with at least one ADL. Medical transportation is not part of the HHS program. Housework, meal preparation, laundry and shopping are considered IADLs under the HHS policy, not ADLs. The assistance with dressing was described as putting clothes out on the bed for the Appellant to dress (Brother Testimony) Under the Functional Assessment definitions and himself. rankings, assistance with selecting clothing is considered a functional ranking of level 2. A level 3 for dressing is appropriate when minimal hands on assistance or assistive technology is required, the individual is unable to dress completely independently without assistance, such as tying shoes, zipping, or buttoning. Adult Services Manual (ASM) 121, 11-1-2011, page 2 of 4. No testimony was provided specifying what aspects of bathing the Appellant needs assistance with. The ASW provided credible testimony of her observations of the Appellant walking and going up stairs swiftly, and carrying items upon his return during the assessment. (ASW Testimony and Exhibit 1, page 8) These functional abilities do not support a ranking at level 3 or greater for the Appellant regarding any ADL. Further, the Appellant's physician only indicated a medical need for assistance with housework, shopping, laundry and meal preparation on the medical certification. (Exhibit 2)

Accordingly, the ASW properly applied Interim Policy ASB 2011-001 and denied the Appellant's HHS application because the Appellant did not require hands on assistance with at least one ADL based on the information available.

## **DECISION AND ORDER**

The Administrative Law Judge, based on the above findings of fact and conclusions of law, finds that the Department properly determined that the Appellant is ineligible for HHS and denied the Appellant's HHS application based on the available information.

# IT IS THEREFORE ORDERED THAT:

The Department's decision is AFFIRMED.

Colleen Lack Administrative Law Judge for Olga Dazzo, Director Michigan Department of Community Health

Date Mailed: <u>3/16/2012</u>

#### \*\*\* NOTICE \*\*\*

The Michigan Administrative Hearing System may order a rehearing on either its own motion or at the request of a party within 30 days of the mailing date of this Decision and Order. The Michigan Administrative Hearing System will not order a rehearing on the Department's motion where the final decision or rehearing cannot be implemented within 90 days of the filing of the original request. The Appellant March appeal the Decision and Order to Circuit Court within 30 days of the receipt of the Decision and Order or, if a timely request for rehearing was made, within 30 days of the receipt of the rehearing decision.
