ISSUE

Whether the Department properly determined that Claimant is not "disabled" for purposes of the Medical Assistance (MA-P) program?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material and substantial evidence on the whole record, finds as material fact:

1. On August 24, 2011, Claimant applied for MA-P and retro MA-P to July 2011.
2. On December 8, 2011, the Medical Review Team denied Claimant's request.
3. On January 19, 2012, Claimant submitted to the Department a request for hearing.
4. The State Hearing Review Team (SHRT) denied Claimant's request.
5. Claimant is 44 years old.

6. Claimant completed education through high school.
7. Claimant has employment experience (last worked November 10, 2010) as a child care worker, direct care worker and fast food work.
8. Claimant's limitations have lasted for 12 months or more.
9. Claimant suffers from diabetes, ruptured disc, depression and hypertension.
10. Claimant has significant limitations on physical activities involving sitting, standing, walking, bending, lifting, and stooping.

CONCLUSIONS OF LAW

MA-P is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department administers MA-P pursuant to MCL 400.10, *et seq.*, and MCL 400.105. Department policies are found in the Bridges Administrative Manual (BAM), the Bridges Eligibility Manual (BEM) and the Bridges Reference Manual (RFT).

Pursuant to Federal Rule 42 CFR 435.540, the Department uses the Federal Supplemental Security Income (SSI) policy in determining eligibility for disability under MA-P. Under SSI, disability is defined as:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

A set order is used to determine disability. Current work activity, severity of impairments, residual functional capacity, past work, age, or education and work experience are reviewed. If there is a finding that an individual is disabled or not disabled at any point in the review, there will be no further evaluation. 20 CFR 416.920.

Medical evidence may contain medical opinions. Medical opinions are statements from physicians and psychologists or other acceptable medical sources that reflect judgments about the nature and severity of the impairment(s), including symptoms, diagnosis and prognosis, what an individual can do despite impairment(s), and the physical or mental restrictions. 20 CFR 416.927(a)(2).

The Administrative Law Judge is responsible for making the determination or decision about whether the statutory definition of disability is met. The Administrative Law Judge reviews all medical findings and other evidence that support a medical source's statement of disability. 20 CFR 416.927(e).

For mental disorders, severity is assessed in terms of the functional limitations imposed by the impairment. Functional limitations are assessed using the criteria in paragraph (B) of the listings for mental disorders (descriptions of restrictions of activities of daily living, social functioning; concentration, persistence or pace; and ability to tolerate increased mental demands associated with competitive work). 20 CFR, Part 404, Subpart P, Appendix 1, 12.00(C).

Claimant testified to the following symptoms and abilities: very tired, dry mouth, blurry vision, trouble seeing small writing, dizziness, confusion, diabetes not controlled, lower back pain, pain radiates down right leg, sharp pains, feet swell, can sit 30 minutes, can stand 15 minutes, can lift 5 lbs, not able to bend or squat due to pain, poor balance, back has gone out 4 times in the last year resulting in an inability to walk or stand, problems with extending fingers and gripping, panic attacks occurring twice a week, needs help with laundry and heavy cleaning, able to manage light dishes, when back goes out needs help with using bathroom, not able to drive, problems with sleep, needs surgery on back, crying spells occurring multiple times a week, suicidal thoughts occurring weekly, struggles to get out of bed, struggles with over and under eating, will stay in bed for long periods of time, isolates self from others, sees shadows, pain in fingers and toes.

In this case, this Administrative Law Judge finds that Claimant may be considered presently disabled at the third step. Claimant appears to meet listing 1.04 A or its equivalent. This Administrative Law Judge will not continue through the remaining steps of the assessment. Claimant's testimony and the medical documentation support the finding that Claimant meets the requirements of a listing.

Therefore, Claimant is found to be disabled.

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that Claimant is medically disabled as of July 2011.

Accordingly, the Department's decision is hereby REVERSED and the Department is ORDERED to initiate a review of the application dated August 24, 2011, if not done previously, to determine Claimant's non-medical eligibility. The Department shall inform Claimant of the determination in writing. A review of this case shall be set for May 2013.
