3. The Appellant is an ██████ year-old man, whose date of birth is ██████████. Appellant's diagnoses include Alzheimer's/Dementia and a bad knee. (Exhibit 2, p 1; Testimony)

CONCLUSIONS OF LAW

The Medical Assistance Program is established pursuant to Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). It is administered in accordance with state statute, the Social Welfare Act, the Administrative Code, and the State Plan under Title XIX of the Social Security Act Medical Assistance Program.

This Appellant is claiming services through the Department's Home and Community Based Services for Elderly and Disabled (HCBS/ED). The waiver is called MI Choice in Michigan. The program is funded through the federal Centers for Medicare and Medicaid (formerly HCFA) to the Michigan Department of Community Health (Department). Regional agencies, in this case the Macomb-Oakland Regional Center, Inc., function as the Department's administrative agency.

Waivers are intended to provide the flexibility needed to enable States to try new or different approaches to the efficient and cost-effective delivery of health care services, or to adapt their programs to the special needs of particular areas or groups of recipients. Waivers allow exceptions to State plan requirements and permit a State to implement innovative programs or activities on a time-limited basis, and subject to specific safeguards for the protection of recipients and the program. Detailed rules for waivers are set forth in subpart B of part 431, subpart A of part 440 and subpart G of part 441 of this chapter. *42 CFR 430.25(b)*

██████████ Waiver Program Manager at the ██████████ testified that the MI Choice Waiver program is at capacity for MI Choice Waiver enrollees. ██████████ said that from the telephone intake Appellant met the criteria for services but that Appellant was placed on the waiting list because the program was at

capacity.

The MI Choice representative stated that the waiver agency used current Medicaid policy, *Policy Bulletin 09-47*, when determining whether the Appellant screened eligible and placed on the chronological waiting list. The pertinent section of *Policy Bulletin 09-47* states:

The following delineates the current waiting list priority categories and their associated definitions. They are listed in descending order of priority.

Persons No Longer Eligible for Children's Special Health Care Services (CSHCS) Because of Age This category includes only persons who continue to need Private Duty Nursing care at the time coverage ended under CSHCS.

Nursing Facility Transition Participants A given number of program slots will be targeted by MDCH each year to accommodate nursing facility transfers. Nursing facility residents are a priority only until the enrollment target established by MDCH has been reached.

Current Adult Protective Services (APS) Clients When an applicant who has an active APS case requests services, priority should be given when critical needs can be addressed by MI Choice Program services. It is not expected that MI Choice Program agents seek out and elicit APS cases, but make them a priority when appropriate.

Chronological Order By Date Services Were Requested This category includes potential participants who do not meet any of the above priority categories and those for whom prioritizing information is not known.

Updates

Below are the two waiting list priority categories that have been updated. The updated categories will also be available on the MDCH website at:

www.michigan.gov/medicaidproviders

- >> Prior Authorization
- >> The Medicaid Nursing Facility Level of Care Determination
- >> MI Choice Eligibility and Admission Process.

Nursing Facility Transition Participants

Nursing facility residents who face barriers that exceed the capacity of the nursing facility routine discharge planning process qualify for this priority status. Qualified persons who desire to transition to the community are eligible to receive assistance with supports coordination, transition activities, and transition costs.

Current Adult Protective Services (APS) Clients and Diversion Applicants

When an applicant who has an active APS case requests services, priority is given when critical needs can be addressed by MI Choice Waiver services. It is not expected that MI Choice Waiver agents solicit APS cases, but priority should be given when appropriate.

An applicant is eligible for diversion status if they are living in the community or are being released from an acute care setting and are found to be at imminent risk of nursing facility admission. Imminent risk of placement in a nursing facility is determined using the Imminent Risk Assessment, an evaluation approved by MDCH. Supports coordinators administer the evaluation in person, and final approval of a diversion request is made by MDCH.

[REDACTED], Appellant's spouse, testified that Appellant is a veteran and receives his medical services through the Veterans hospital in [REDACTED]. [REDACTED] testified that Appellant has had Alzheimer's for going on [REDACTED] years and that his condition is worsening. [REDACTED] indicated that Appellant also has a bad knee, but that he cannot get the recommended knee replacement surgery because the doctors are afraid that he would not be able to follow through on physical therapy because of his Alzheimer's disease. [REDACTED] testified that Appellant is a wanderer and that he needs constant supervision. [REDACTED] indicated that she needs assistance so that she can run errands and take a break. [REDACTED] testified that she has brought her husband to [REDACTED] and "A Friend's Place", but that those services are too expensive. [REDACTED] did indicate that the local Area Agency on Aging did help her by supplementing the cost of respite care at "Arden Court" while [REDACTED] went to [REDACTED] to visit her daughter for one week.

The MI Choice representative testified that the waiver agency is at capacity for MI Choice Waiver enrollees. It maintains a waiting list and contacts individuals on the list on a priority and first come, first serve basis when sufficient resources become available to serve additional individuals.

Docket No. 2012-39335 EDW
Hearing Decision & Order

A review of *Policy Bulletin 09-47* and application to Appellant finds that [REDACTED] properly screened Appellant and placed him on the waiting list.

The MI Choice agencies and this Administrative Law Judge are bound by the MI Choice program policy. In addition, this Administrative Law Judge possesses no equitable jurisdiction to grant exceptions to Medicaid, Department and MI Choice program policy.

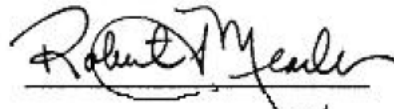

The MI Choice Waiver agency provided sufficient evidence that it implemented the MI Choice waiting list procedure in accordance with Department policy; therefore, its actions were proper.

DECISION AND ORDER

The Administrative Law Judge, based on the above findings of fact and conclusions of law, decides that the MI Choice Waiver agency properly denied assessment of the Appellant and placed the Appellant on the waiting list.

IT IS THEREFORE ORDERED that:

The Department's decision is AFFIRMED.
