ADMINISTRATIVE HEARINGS FOR THE
DEPARTMENT OF HUMAN SERVICES**

IN THE MATTER OF:

[REDACTED]

Reg. No: 201241111
Issue No: 2009
Case No: [REDACTED]
Hearing Date: July 5, 2012
Saginaw County DHS

ADMINISTRATIVE LAW JUDGE: William A. Sundquist

HEARING DECISION

This matter is before the undersigned Administrative Law Judge pursuant to MCL 400.9 and MCL 400.37 upon the Claimant's request for a hearing. After due notice, a telephone hearing was held on Thursday, July 5, 2012. Claimant appeared and provided testimony on her behalf. Participants on behalf of the Department of Human Services (Department) included [REDACTED].

ISSUE

Was disability, as defined below, medically established?

FINDINGS OF FACT

The Administrative Law Judge, based upon the competent, material, and substantial evidence on the whole record, finds as material fact:

1. Claimant's MA-P application on October 4, 2011 was denied on March 8, 2012 per BEM 260, with a hearing request March 14, 2012.
2. Vocational factors: Age 53, high school education, and history of unskilled/semi-skilled work.
3. Last employment ended in 1993.
4. Disability is alleged due to a combination severe physical impairment (Medical Packet, Page 45).
5. Medical reports state the Claimant on:

- a. October 26, 2011, is well-developed and well-nourished; that she has a normal range of motion; and that musculoskeletally she has a normal range of motion (Medical Packet, Page 16).
 - b. January 11, 2012, denies joint, back or neck pain, swelling or stiffness; that neuro she has no headaches, weakness, numbness, tingling or tremors; that she is healthy appearing, normal affect, speech clear and fluid; that she has a regular heart rate and rhythm with no murmur; that her joints has good mobility; that her cranial nerves are intact, no motor or sensory deficits; that she appears well-developed and well-nourished; that she has a normal range of motion in the neck; and that musculoskeletally she has a normal range of motion (Medical Packet, Page 16).
6. SHRT report dated May 8, 2012, states the Claimant's impairments do not meet/equal a Social Security listing (Medical Packet, Page 45).

CONCLUSIONS OF LAW

The Medical Assistance (MA) program is established by Title XIX of the Social Security Act and is implemented by Title 42 of the Code of Federal Regulations (CFR). The Department of Human Services (DHS or department) administers the MA program pursuant to MCL 400.10, et seq., and MCL 400.105. Department policies are found in the Program Administrative Manual (BAM), the Program Eligibility Manual (BEM) and the Program Reference Manual (PRM).

Facts above are undisputed.

"Disability" is:

...the inability to do any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than 12 months.... 20 CFR 416.905.

...We follow a set order to determine whether you are disabled. We review any current work activity, the severity of your impairment(s), your residual functional capacity, your past work, and your age, education and work experience. If we can find that you are disabled or not disabled at any point in the review, we do not review your claim further.... 20 CFR 416.920.

The burden of proof is on the claimant to establish disability in accordance with the 5 step process below. ...20 CFR 460.912(a).

When determining disability, the federal regulations are used as a guideline and require that several considerations be analyzed in sequential order. If disability can be ruled out at any step, analysis of the next step is not required. These steps are:

1. Does the client perform Substantial Gainful Activity (SGA)? If yes, the client is ineligible for MA. If no, the analysis continues to Step 2. 20 CFR 416.920(b).
2. Does the client have a severe impairment that has lasted or is expected to last 12 months or more or result in death? If no, the client is ineligible for MA. If yes, the analysis continues to Step 3. 20 CFR 416.920(c).
3. Does the impairment appear on a special listing of impairments or are the client's symptoms, signs, and laboratory findings at least equivalent in severity to the set of medical findings specified for the listed impairment? If no, the analysis continues to Step 4. If yes, MA is approved. 20 CFR 416.290(d).
4. Can the client do the former work that he/she performed within the last 15 years? If yes, the client is ineligible for MA. If no, the analysis continues to Step 5. 20 CFR 416.920(e).
5. Does the client have the Residual Functional Capacity (RFC) to perform other work according to the guidelines set forth at 20 CFR 404, Subpart P, Appendix 2, Sections 200.00-204.00? If yes, the analysis ends and the client is ineligible for MA. If no, MA is approved. 20 CFR 416.920(f).

At Step 1, disability is not denied. The evidence of record established the Claimant has not been engaged in substantial gainful activities since 1993.

At Step 2, disability is denied. The medical evidence of record, on date of application, does not establish the Claimant's significantly functional incapacity to perform basic work activities due to a combination severe physical impairment for a one year continuous duration, as define below

Severe/Non-Severe Impairment

...If you do not have any impairment or combination of impairments which significantly limits your physical or mental

ability to do basic work activities, we will find that you do not have a severe impairment and are, therefore, not disabled. We will not consider your age, education, and work experience. 20 CFR 416.920(c).

Non-severe impairment(s). An impairment or combination of impairments is not severe if it does not significantly limit your physical or mental ability to do basic work activities. 20 CFR 416.921(a).

Basic work activities. When we talk about basic work activities, we mean the abilities and aptitudes necessary to do most jobs. Examples of these include:

1. Physical functions such as walking, standing, sitting, lifting, pushing, pulling, reaching, carrying, or handling;
2. Capacities for seeing, hearing, and speaking;
3. Understanding, carrying out, and remembering simple instructions;
4. Use of judgment;
5. Responding appropriately to supervision, co-workers and usual work situations; and
6. Dealing with changes in a routine work setting. 20 CFR 416.921(b).

SEVERE IMPAIRMENT

To qualify for MA-P, claimant must first satisfy both the gainful work and the duration criteria (20 CFR 416.920(a)) before further review under severity criteria. If claimant does not have any impairment or combination of impairments which significantly limits physical or mental ability to do basic work activities, an ultimately favorable disability determination cannot result. (20 CFR 416.920(c)).

The medical reports of record are examination, diagnostic, and treatment reports. They don't provide medical assessments of Claimant's physical limitations relative to his functional incapacity to perform basic work activities, as defined above. ...20 CFR 416.913(c)(1) and (2). State differently, does a combination physical impairment

medically impair the Claimant slightly, mildly, moderately (non-severe impairment, as defined above) or severely, as defined above?

The medical evidence of record does not establish a combination severe physical impairment meeting the one year continuous duration requirement. It established a non-severe impairment.

If disability had not already been denied at Step 2, it would also be denied at Steps 3, 4 and 5. The medical evidence or record, on date of application, for the required durations, does not establish Claimant's impairments meet/equal a Social Security listing at Step 3, inability to perform any past work at Step 4, and without a residual functional capacity (RFC) to perform any other work such as sedentary work, as defined below, in the National Economy at Step 5. An individual closely approaching advanced age with a high school education, and an unskilled/skilled work history who is limited to sedentary work is not considered disabled.

Sedentary work. Sedentary work involves lifting no more than 10 pounds at a time and occasionally lifting or carrying articles like docket files, ledgers, and small tools. Although a sedentary job is defined as one which involves sitting, a certain amount of walking and standing is often necessary in carrying out job duties. Jobs are sedentary if walking and standing are required occasionally and other sedentary criteria are met. 20 CFR 416.967(a).

Therefore, disability has not been established at Step 2 and also has not been established at Steps 3, 4 and 5 by the competent, material and substantial evidence on the whole record

DECISION AND ORDER

The Administrative Law Judge, based upon the above findings of fact and conclusions of law, decides that disability was not medically established.

Accordingly, MA-P denial is **UPHELD**.
